Final Reading Given Bylaw To Raise \$15,000 For School Repairs

Remembrance Day Is Proclaimed Holiday — No Appeals Against Assessment

The third and final reading was given Bylaw No. 559 to borrow \$15,000 for repairs to the Stirling High School by the Village Council at its regular monthly meeting held on Friday night last. Reeve R. K. West presided and Councillors H. Philp, E. G. Bailey and C. A. Wells were in attendance.

Fred Houchin, President of Stirling Legion, waited upon Council asking that Remembrance Day, Wednesday, November 11th, be proclaimed a public holiday in Stirling. His request was granted.

The withdrawal of one appeal against the Village assessment for 1954, made it unnecessary for the Court of Revision to sit.

Clerk-Treasurer Mallory reported the receipt of \$760.80 from the County of Hastings in payment of the twenty-five percent subsidy towards the expenditure on the Village streets. He also stated he had received \$91.67 from the Central Mortgage Company in lieu of taxes on two houses on the Marmora Road.

The matter of stock-piling sand for the sanding of streets during the coming winter was discussed and on motion of Councillors Wells and Bailey it was decided to stock 15 yards of sand for winter use.

The following accounts were presented for payment:

Wm. Bowen, \$67.50; Arthur Scott, \$3.54; F. R. Mallory, postage, \$24.00; G. B. Faulkner, \$4.50; Municipal World, \$8.22; News-Argus, \$15.68; T. Spry, \$55.82; P.O. box, \$5.00; Grand & Toy, \$5.20; Bell Telephone, \$10.65; Roy Irven, \$17.00; Public Utilities, \$294.71.

82nd Anniversary Mount Pleasant United Church Observed On Sunday

(By Mrs. Percy MacMullen)

On Sunday, November 1st, ideal autumn weather prevailed and folks from far and near journeyed to Mount Pleasant United Church on the Rawdon Circuit for their 82nd Anniversary.

Long before the hour of service the church edifice was filled to capacity with rows of chairs and an overflow crowd in the Sunday School Room in the basement and on the church lawn. The worshippers included many who had returned to the church of their childhood as well as visitors from all nearby communities.

Guest Minister

Rev. H. M. Servage, B.D., Pastor of Queen Street United Church, Kingston, was in charge of the service, which opened with that old familiar hymn, "O God Our Help In Ages Past." He based his impressive message on the word "Heritage" and challenged his audience to always remember God's leadership in the past and be thankful for material possessions. The speaker pointed out three fundamentals which make spiritual possessions worthwhile:

(1) The Ten Commandments, which are the great laws of God and are most essential if we are to have good citizenship. Rev. Servage gave illustrations of recent crimes which are a blot on the world of today and said these criminals flaunt the teaching of God and prefer to do as they please.

(2) The cry of the Prophetic voices of the Bible call for justice. We people of the western world are being asked to share our education and our knowledge with the people of the east who have never enjoyed the blessings that Canada provides.

(3) The heritage of the Life of Jesus Christ. We all rejoice in singing, "The Church's One Foundation Is Jesus Christ Our Lord," and today the prime importance of life is to remember,

"The Holy Sabbath Day."

Rev. Servage reminisced about visits to the church of his childhood where he regularly sat in the pew with his parents, brothers and sisters and gave a word picture of "The Church in the valley by the wild-wood." He urged the young married folk in the audience to take their children to church Sunday by Sunday as their great contribution to the future heritage and to what your child may cherish sixty years hence. The people of Mount Pleasant should give their children a worthwhile heritage of spiritual values that will glorify all the material possessions.

Lastly the speaker paid tribute to the pioneers who built this church in 1871 and who lived in a much different world with fewer labour saving devices and yet they passed on a goodly heritage which each generation has carried forward and now in 1953 it is the task of this generation to give their children a worthwhile heritage.

The choir of fourteen voices with Mrs. Kenneth Weaver as pianist, rendered two anthems, "A Little Nearer," with solo part by Mrs. Marguerite McMullen, and duet by Mrs. McMullen and Mrs. Mac Sharp and "Beautiful Garden of Prayer." A trio, "Fair Lord Jesus," was sung by Mrs. R. R. Bonsteel, Misses Ruth Sharpe and Betty McConnell.

The offering was gathered by Messrs Harry McAdam, Mac Sharp, Raymond McConnell and Bert Sharpe and the finances of the day were gratifying.

The church was resplendent with variegated mums and foliages.

It was announced that a new oil burner had been installed and was a gift from the late George Young Estate to the Mount Pleasant United Church.

To Observe 83rd Anniversary

Congratulations are extended Mrs. Geo. Rupert, Front St., who will observe the 83rd anniversary of her birth on Sunday next, November 8th. Despite her years, Mrs. Rupert is in good health and takes a keen interest in the current happenings of the day.

P.O. Hours

Remembrance Day, November 11th, will be observed as a holiday in Stirling. The public wicket at the Post Office will be open from 8 to 9 a.m. only, but the rural routes will be served as usual.

Stirling Defeats Marmora 6 to 5

The inter-school rugby fans witnessed a close battle yesterday when the Stirling squad defeated Marmora in a real thriller on the latter's home campus by a score of 6 to 5.

Stirling opened the scoring in the first quarter on a kick to the deadline for a single point. In the second quarter J. Haggerty recovered a fumble on Marmora's three-yard line, from where Hadley bucked over for a touch-down and five additional points. The convert attempt was blocked and at half time Stirling led 6-0.

In the second half Marmora put on a drive and Walker scored a touch on an end run. The convert try was blocked and that ended the scoring. Next week Stirling meets Tweed at the local Fair grounds, in what shapes up as a hard battle.

Successful Supper Held By St. James

A most successful supper, followed by a dance, was sponsored by St. James The Minor Church in the Stirling Community Hall last night. The tables were well arranged and laden with "all the good things to eat" and the large crowd did ample justice to a grand meal.

Bingo and candy booths were also in operation and did a flourishing business. Music for dancing was provided by McAvoy's Orchestra, and a real good time was had by all.

Presentation Made At St. John's Church

At the eleven o'clock service of Holy Communion at St. John's on Sunday a presentation of a Bible was made to Sally Coombs, who was one of the successful candidates in the Church School examinations last Spring. These Bibles are given by the Church Publications of England to those who attain a certain mark in the tests made throughout the Dominion.

The Bible is a well bound, clear type book, with illustrations by the well-known religious illustrator, Harold Copping.

There were also dedicated by the Rector, two Server's Badges, which were presented to Bob Noble and Robert Secker, who have acted as Servers faithfully and well for some time. These badges are to be worn at every Eucharist and all other services.

Real Estate

Two real estate deals of interest were completed recently when Everett Cook, Ridge Road, disposed of his farm to Francis Percival, of Sudbury, Ont., and purchased the property of Norman Sine, Henry St.

Hallowe'en Party Much Enjoyed

The Annual Hallowe'en Party for St. John's Church Sunday School was held in the Parish Hall, Thursday evening, October 29th.

A large gathering of youngsters, a wonderful variety of costumes, a gaily decorated hall, and lots of Hallowe'en treats, all helped to create a colourful and happy occasion.

The judges had a most difficult task awarding prizes, but finally the following were chosen:

Beginners — 1st, Brian Cook; 2nd, Betty Hubble.
Primary "A" — Best Girl, Joanne Lyon; Best Boy, Joey Whitehead
Primary "B" — Best Girl, Donna Vardy; Best Boy, Larry Rodgers.
Juniors — Best Girl, Louise Harding; Best Boy, Robert Secker.
Seniors — 1st Vicky Armstrong; 2nd, Marjorie McArthur; 3rd, David Bell.

Youngest Child in Costume — Betty Rodgers.
Parades, musical games and a tasty lunch completed another celebration of Hallowe'en at St. John's.

Scout Dist. Meeting

David Duffin, chairman of the local Scout Group, along with Scout and Cub Leaders, Mr. and Mrs. Joe Irish, Mrs. Verna Woodbeck and Mrs. Hilda Ray, of Stirling, and Rev. R. R. Bonsteel, representing the Bethel Pack, attended a District meeting held in Campbellford at the home of Mr. Cliff Gibson, District Commissioner on Tuesday evening. Plans were made for the annual meeting, which will be held on November 25th at Campbellford.

Winner of Suit

X. P. Mayhew, local jeweller, was the holder of the lucky ticket in the draw for a suit of clothes, sponsored by the Stirling Minor Hockey Association. The draw was made at Stirling Theatre on Friday night, with Paul Rollins pulling the lucky ticket, and the hockey boys will benefit to the extent of slightly over one hundred dollars.

Final Plans Made For Poppy Day And Remembrance Service

Four New Members Were Invested

The Cubs met in the High School for their regular meeting on November 2nd with 40 boys present. The Grand Howl was led by Billy Fellon and prayer by Mrs. Hilda Ray. Inspection and collection were then taken. A new game, "Taking Prisoners," was played, after which a very interesting story was told by Mrs. Verna Woodbeck.

The boys were divided into different groups for instruction in different parts of Cub Programme by the Leader. Four new chums were invested into the Pack, David Scott, Doug Bolte, Doug Holt and Peter Bosiak. The investiture was carried out by Mrs. Irish and Mrs. Ray.

Mrs. Verna Woodbeck was then invested by Scoutmaster Joe Irish. The meeting closed with prayer.

River Valley W.I. Holds Pie Social

Large Number In Hallowe'en Costume — Prizes Awarded — Good Program

On Friday evening, October 30th, River Valley Women's Institute sponsored a Hallowe'en Party and Pie Social at the School House with a large number in attendance. Proceeds amounted to \$25.00. This was the initial opening of the autumn entertainment under the leadership of Mrs. Gerald Brooks and her committee and they are hoping to have a card party the middle of November.

Mr. Jack Sager was master of ceremonies with Mrs. G. B. Bedford and Miss Adeline Bush as judges of the costumes. Mrs. Ralph Utman was pianist and played for the grand march as well as providing music for the working crew afterwards.

Prizes Awarded
The prizes were awarded as follows:

Kindergarten Age — Best Dressed, Sharon Scott; Comic, Jean Donohoe. All the rest received balloons.
Public School Age — Red Cross Nurse, Jean Zuidema; Tramp, Betty Hanna.

Over sixty children received a large bag of candy on another confectionery. Programme

In the programme Mr. Jack Bush sang two vocal numbers and Miss Joanne Heasman one selection. The school children, under the direction of their teacher, Mrs. Reg. Coombes, delighted with three selections. Miss Grace Heasman contributed two piano solos and Mrs. Will Ashby gave a humorous reading. Mr. Edward Heasman won the prize in the apple biting contest.

An abundance of pie and sandwiches were served and the President, Mrs. Edward Heasman expressed thanks to all who had assisted in making the evening a success.

Special Services Mark Observance 79th Anniversary By Bethel Church

On Sunday, October 25th, the Bethel congregation of the United Church observed the 79th Anniversary of the founding of the church, with a large assembly of worshippers in attendance from the community and nearby points.

The church was adorned for the occasion with baskets of pink and cream mums and the two pedestal standards were filled with Autumn blooms.

Rev. E. G. Dovey, of Sidney, was the guest minister both morning and evening and preached two inspiring sermons. His morning message, based on "Unity In Christ," with St. John 17: 21 as his text, "That they all may be one, as Thou Father art in me, and I in Thee." (1) Unity in Christ is essential for harmony in the home, in national and international life. (2) Unity in Christ is necessary for survival. It is Christ or chaos. Christ, not atomic bombs is the answer to the world's needs. (3) Unity in Christ is necessary for salvation. Reconciliation with one another and with God achieved in fellowship with Christ.

Evening Service

At the evening service Rev. Dovey spoke on the subject, "The Shepherd God," with St. John 10: 11, as his text, "I am the Good Shepherd." (1) The Good Shepherd guides. (2) The

Good Shepherd protects. (3) The Good Shepherd provides. (4) The good Shepherd gives his life for the sheep.

Anniversary Music

Special music arranged by Mrs. Harold Elliott, A.T.C.M., church organist, was rendered by a full choir at both services. In the morning the choir rendered the anthems, "The Stranger," by W. R. Clarke with Mrs. R. R. Bonsteel taking the solo part, and "O Master Let Me Live," by F. G. Walter, with the Misses Barbara Hadley, Barbara Green and Donald Heath taking a trio part. The guest soloist, Mrs. Wm. Wilkins, of Stirling, sang in lovely soprano voice, "My Redeemer" and "The Holy City."

At the evening service the choir rendered, "The Evening Prayer," by I. Sankey, with Mrs. R. R. Bonsteel and Mrs. D. Heath taking a duet part. The guest soloist, Mrs. W. D. Grant, of Holloway, sang in splendid voice two numbers, "He Smiled On Me," by G. O. Hara, and "Love Never Falteth," by F. W. Root.

This successful and profitable Lord's Day closed with the congregation joining heartily in singing the closing hymn, "He Leadeth Me O Blessed Thought."

S. H. Connor Tweed, Awarded Royal Medal

S. H. Connor, Principal of Tweed Consolidated School, is to receive a Coronation Medal. Mr. Connor is now completing his 37th year as Principal of the Tweed School, having gone to that village from Molra in 1917. He taught for 6 years at other centres in South Hastings before going to Tweed.

He has been secretary of the Centre Hastings School Teachers' Association for 37 years, and has been leader of St. John's United Church Choir, Tweed, for 21 years. He succeeded Mrs. (Rev.) E. B. Cooke. Mr. Connor has taken an active part in local community organizations and has served faithfully as secretary of the Library Board for 35 years and was also secretary of the Horticultural Society during its existence in Tweed. Mr. Connor was also a recipient of a Coronation Medal in 1937 when George VI was crowned. The award was accompanied by a scroll which bears the crest of Buckingham Palace.

Disabled Pensions Cost \$3,000,000

Welfare Minister Goodfellow said that Ontario's Pension for disabled persons is costing more than was originally expected.

He said the first estimate was \$2,500,000 a year. Now the cost is expected to be at least \$3,000,000.

"We had no idea there were so many crippled and disabled in Ontario," he said.

Official Reopening Marmora Arena

The official re-opening of the Dr. Hamilton Crawford Community Arena at Marmora, will be held on Friday, November 20th. The installation of the artificial ice plant is now advanced to the point where the official opening can be planned and it is hoped to make it a memorable occasion. With its enlargement and the new seating arrangement at the north end, together with some new painting, visitors will hardly know the arena.

Mr. and Mrs. Jos. Emerson, Tweed Observe Their 50th Wedding Anniversary

Residents of Tweed for the past 32 years, Mr. and Mrs. Joseph Emerson marked their 50th wedding anniversary on Sunday, November 1st.

Due to the fact that Mr. Emerson is seriously ill at the moment, no special celebration was held by the family to note the diamond milestone of wedded life.

Both Mr. and Mrs. Emerson were born in Hungerford Township. Mr. Emerson is 87 years of age and Mrs. Emerson 82. The elderly couple grew up together, went to school together and a long, youthful friendship culminated in marriage.

Mr. and Mrs. Emerson have three children: Mrs. Harry Francis (Evelyn), of Stirling; Mrs. A. J. Maynes (Helen), of Marmora, and Mr. Harold Emerson, of Tweed.

Dr. Harry Burns Uninjured In Highway Crash

Driving a sick patient to hospital, a Belleville doctor narrowly avoided death late Sunday night at the Devil's Elbow turn on No. 2 Highway at the west end of the city of Belleville. The patient was an ailing dog. The doctor was veterinary Harry W. Burns, who was taking the dog to his animal hospital.

Dr. Burns' car went out of control, struck a highway sign, careened off a hydro pole and broke off a telephone pole. Damage to his car was estimated at \$1,500. Doctor and patient escaped with minor injuries.

Miss Gertrude Gunter Gets Medal

For long and efficient service as a teacher, Miss Gertrude Gunter, public school teacher at Glen Miller and formerly at Eggleton, has received a Coronation Medal from Her Majesty The Queen, as suggested by the Sidney Teachers' Association and Inspector R. H. Macklen and recommended by the Department of Education, Toronto.

Accompanying the medal was a Parchment reading as follows: "By Command of Her Majesty The Queen the accompanying medal is forwarded to Miss Gertrude Gunter to be worn in commemoration of Her Majesty's Coronation, 2nd of June, 1953."

Do You Drive Safely At Night

As the hours of daylight grow fewer and fewer with the approach of the winter solstice, each day brings new driving conditions which must be accommodated. The five o'clock trip home grows dimmer and dimmer.

Check your speed. Slow down. Because . . .

- 1 Daylight speeds can be unsafe at dusk.
 - 2 Be prepared to stop within the range of your headlights.
 - 3 Your eyes do not adjust instantly to bright lights. Be sure you dim yours . . . and slow down.
 - 4 Don't let fatigue steal your life. When you're tired . . . STOP.
 - 5 Be especially alert when pedestrians or cyclists are likely to be on the road.
- * If you become irritated because an oncoming driver has failed to dim his lights . . . KEEP YOURS DOWN . . . Your forbearance may save your life.

St. Paul's--Carmel News Items

(By Rev. A. E. Baker, U.E.)

"The Way of the Spirit"

The CBC has issued a folder under this heading, "The Way of the Spirit," as series of religious dramas presented each Sunday at 1.30 p.m. Programs began October 4th and will continue until June 27th. Under the experienced and able leadership of Dr. J. E. Ward of St. Stephen's Church, Toronto, these programs should attract thousands of radio listeners.

We Also Commend

Church of the Air, Sundays 4.30 to 5.00 p.m.; Morning Devotions each week day; World Church news each Saturday at 1.15 p.m. and Eventide on Thursday nights.

U.C. Management

In the local congregation the Session is charged with spiritual oversight and the use made of church premises. The Stewards are responsible for all temporal matters. The Official Board for the collection of Budget Funds for the Missionary and Maintenance work of the Church. The Minister is not personally responsible for anything except the carrying out of such matters as are assigned to him by the higher courts of the Church and the approved programmes of local governing bodies. In many churches the authority of governing Boards is not understood. The Church Manual is available to all. It sets forth the duties of every elective body.

Inductions

The Induction of a Minister to a Charge is comparable to the marriage of the Minister to the congregation. It is most regrettable that too often divorce or separation takes place even before they are really acquainted. In large city charges the marriage is usually for life. Some of our Ministers have enjoyed Pastorates of forty years or more.

Remembrance Sunday Evening, November 8th

Mr. Bert Bastedo, Secretary of Stirling Branch of the Canadian Legion, has received word that Marmora and Tweed Branches will join with the Stirling Branch in attending the special service at St. Paul's. Mrs. R. A. Patterson has been advised that

Frankford will send a colour party with support and Trenton has advised the Minister likewise. It will be a great Centennial Year service as several other Branches are expected as well. Mr. Fred Houchin, President of the Stirling Branch, will read the Lesson. The R.C.A.F. will furnish trumpeters for the "Last Post" and "Reveille." St. Paul's Choir will interpret special music. Major Ray McCleary, M.B.E., will be the guest speaker. St. Paul's W.A. will provide refreshments during the after service hour. Boy pipper Reay MacKay, who played for the Queen last year in Scotland will play the Highland lament, "Flowers of the Forest."

Memorial Service 11.00 A.M.

This service will be specially related to the following who entered their rest since the 1952 Memorial Service: David Heath, Annie French, Nettie Armenia Luery, William Burleigh Emmons, William Morris, Sarah Ann Bradshaw, George Rupert. The following are also listed in the Burial Register. It is likely they will be referred to in their home churches: Annie Melissa King, of Wellman's; Frederick A. A. Kingston, of Marsh Hill; Dr. C. A. Campbell, of Kirkton.

Fifth Year

In beginning his fifth year in the Pastorate at St. Paul's - Carmel, the Minister announced that unless unforeseen circumstances made it unnecessary a referendum would be submitted to all members of the congregations as soon after the close of Centennial Year as it could be conveniently arranged to appraise the mind of the Pastoral Charge with respect to the present Pastorate. This would be a secret ballot open for returns for a month to the Recording Steward. It will serve as a guide to the Minister. While no charge of any kind is anticipated at present and plans are being advanced for the next year it would seem prudent not to be too presumptuous. Those not returning ballots will be considered as those who fail to vote in a civic election. Meantime it is every person with a "shoulder to the wheel."

New Doors

Attractive new cedar doors have been installed at Carmel. With iron strapping they give a tailored appearance. This is another forward step in the re-conditioning of this edifice.

New Floor

A committee has been appointed to proceed forthwith in securing a new floor for the Carmel Church. Gifts for the stained glass window fund will be appreciated.

Anniversaries

We rejoice with all sister congregations in reports of splendid anniversaries, viz. Mount Pleasant, Salem, Springbrook, Foxboro, Zion and Bethel. It is heartening to Ministers and officials when these are well sustained.

New Oil Burner

We are informed that a bequest has made possible the installation of a new oil burning furnace at Mount Pleasant. Thus the dead minister to the living. Everyone should plan to include in their will a gift, however small to the church. We recommend at least a tithe — ten per cent. Of course some leave their entire estates to the church. Gifts made to Endowment Funds continue to minister forever. Only the interest is spent but the gift is returned in interest every thirty years. That is not a very long time in the life of a church.

Birthday Pins

Everyone greeted with "Happy Birthday" is now presented in our Sunday School with a souvenir birthday pin. Last Sunday Supt. Harold Hagerman presented pins to John and Bob West. Miss Marlene Carlisle was also recognized.

Visitors' Cards

Miss Donna Carlisle has kindly consented to send the Visitors' Cards to all out-of-town guests signing our Guest Register. These are greatly valued by all recipients. Mr. W. L. Fox is in charge of the Visitors' Register.

Remembrance Day Gifts

All persons or families who desire to place memorial hymn books, Bibles, flowers or to make Endowment Fund memorial gifts at this season of the year are invited to advise the minister.

Flowers

Four baskets of lovely 'mums were thoughtfully placed in St. Paul's Church last Sunday in loving memory of Thomas McCaughen who entered his rest October 31st, 1952 by his loved ones, Mrs. Thomas McCaughen, Mr. and Mrs. Carleton Wright and Mr. and Mrs. Jack McCaughen.

At Carmel the Flower Convener, Mrs. Brooks, provides fresh seasonal flowers every Sunday for the sanctuary.

It is regretted that some churches

JOY LAFLEUR

Tall, glamorous, sophisticated, radio actress Joy LaFleur is perhaps the most cosmopolitan actress in Canada. She was born in Montreal, received her dramatic training in Germany and France, and made her debut in juvenile roles in French-language films. In Chicago in 1947 she played the leading role in Fridolin's "St. Lazare's Pharmacy" with Eddie Dowling. She also appeared in a Hollywood film "Whispering City," opposite Helmut Dantine. In Canada, she has been heard in radio on CBC Wednesday Night, and on "Stage 54". She has been described as an actress "whose voice and mannerisms suggest that she was written by Noel Coward and played by Tallulah Bankhead."

still use changeless artificial flowers.

Trenton Visit

St. Paul's Choir was welcomed and most highly commended at Trenton last Sunday night where it led the ministry of praise for the Centennial Service at King St. United Church. An old fashioned "fireside" was held after the service with familiar hymns. Ice cream, pie and coffee was served. The Trenton Ministers, Choirs and congregations will participate in the Trenton Night Centennial Service at St. Paul's on November 15th.

Thanks

The Stewards of St. Paul's are grateful to all who supported their Anniversary appeal.

St. Paul's Session

At a special meeting of St. Paul's Session it was decided to hold a Watchnight Service on December 31.

Bible Drill

Special practice at the church is now open to every school boy and girl on Tuesdays after school for one half hour.

Albert College

Principal A. E. MacKenzie has sent a letter on behalf of the Faculty, student body and himself, expressing sincere thanks for the royal reception given to them when they recently visited Stirling.

October Tragedy On Highway

Strwn along the highway after the accident were two crumpled bicycles, a knapsack, a broken lantern and one of the shoes of a young lad. It didn't matter about the shoe... the lad wouldn't need it any more.

The surviving boy told his story: "We were just coming home from our camp down the road. John's a cub and I'm a scout. Suddenly we saw a big light. Johnny was ahead of me and the car hit him first. It had my lantern but it wasn't lit. We only had rear reflectors."

The driver wept. His shocked mind permitted him only to repeat over and over... "Oh, God, God... I didn't see them... didn't see them."

The driver had been proceeding east along the highway and pulled out to pass another car. The boys on bicycles "suddenly appeared from nowhere and we hit them."

Slogans are capsule recommendations for safety. Here are two: SLOW DOWN AT SUNDOWN... and... A LIGHT ON THE BIKE IS YOUR LIFE PRESERVER.

West Huntingdon

Anniversary services were held on Sunday at the Fuller United Church.

Large congregations attended both morning and evening services. The Pastor of the Church, Rev. John Glover, conducted both services and brought inspiring messages. The quartet of Frankford United Church furnished the special music for the day and their wonderful messages in song will long be remembered. The Fuller people are most grateful to this group who so willingly help each year. A number of members of the congregation donated new hymnaries in memory of those who have passed on these and a piano purchased by the Young People, were dedicated in an impressive manner by Mr. Glover.

Mr. J. McMurray, minister of the

Presbyterian Church of Fuller, was present at the morning service and assisted the minister. The special thank-offering was most gratifying. Special thanks were tendered Mr. H. R. Burke for his untiring efforts in making the anniversary such as success.

Mr. and Mrs. Alex McCurdy and Kenneth attended the anniversary service at Foxboro on Sunday and were dinner guests of Mrs. Sandy McCurdy.

Mr. Elvin Carr has returned home after spending two months in Alberta and British Columbia. Cottage prayer meeting was held at the home of Mr. and Mrs. Mac Saries on Wednesday evening and was well attended. Mr. Alex McCurdy presided and Mr. H. R. Burke gave the address. Mr. W. H. Farrow, the new minister, was present and spoke briefly.

Mr. and Mrs. Saries attended the funeral services of the late Mrs. Herbert Saries, of Toronto, on Wednesday of last week.

Mr. and Mrs. Elmer Post and family, of Stirling; Mr. and Mrs. Harper Rollins, of Stirling, and Mr. Wallace McTaggart, of Thomasburg, were Sunday guests of Mr. and Mrs. John Wallace.

Mrs. Harry Dafeo, of Carmel, spent a few days recently with her sister, Mrs. W. J. Fitchett.

Mr. and Mrs. Sidney Stapley, of Napanee; Mrs. C. Brentnell, of Thurlow, and Miss Ruth Brentnell, of Albert College, were Sunday visitors of Mr. and Mrs. Philip Carr.

Mr. and Mrs. Frank Hammond attended the Yateman — Rodgers wedding at Belleville on Saturday of last week.

Mrs. John Jeffrey spent a few days recently with her father, Mr. John Laker, of Toronto.

Mr. W. H. Farrow preached his first sermon in the United Church here on Sunday morning and was a dinner guest of Sarah and Arthur Wilson. Mr. John Lainsan was also a guest at the same home.

Rev. J. R. Walsh and son, of Madoc, were dinner guests on Thursday of Mr. and Mrs. Ray Donnan.

Mrs. Floyd Sheffield attended the special meeting of the Rebekah Lodge at Thomasburg on Monday evening.

Mrs. Bert Devolin and Marilyn, of Madoc, spent a few days recently with Mr. and Mrs. Frank Hammond.

Anniversary guests of Mr. H. R. Burke included Mr. and Mrs. Joe Hol-

linger, of Foxboro; Mrs. Harry Dafeo, of Carmel; Mr. and Mrs. Kenneth Thompson and Mrs. Bob Gay, of Belleville; Mr. and Mrs. Dave Hollinger, of Marsh Hill; Mrs. S. Martin, of Frankford; Mr. and Mrs. W. J. Fitchett and Marilyn and Mr. John McMurray, of Roslin.

Mr. and Mrs. Mac Saries spent Sunday with Mr. and Mrs. Desmond Jackman, of Batawa.

Mr. and Mrs. Russell Sills are visiting friends in the U.S.A. and at Niagara Falls.

Mrs. William Grant assisted with the singing at Bethel Anniversary Services on Sunday evening.

Mr. A. H. Hadley held a rock picker demonstration on Mr. Sam and Bill Donnan's farm last Wednesday.

"nothing can replace Butter for richness and higher quality in cooking"

If ever you have dined at Ottawa's famous Chateau Laurier, you'll agree... Chef Freitag knows whereof he cooks! In all his tempting dishes, he uses only butter. No substitute could possibly give the delicate flavour, the smooth, golden richness of fresh creamery butter.

Taste Chef Freitag's own recipe for BUTTER MEUNIÈRE a sauce for sautéed fish, steaks or chops

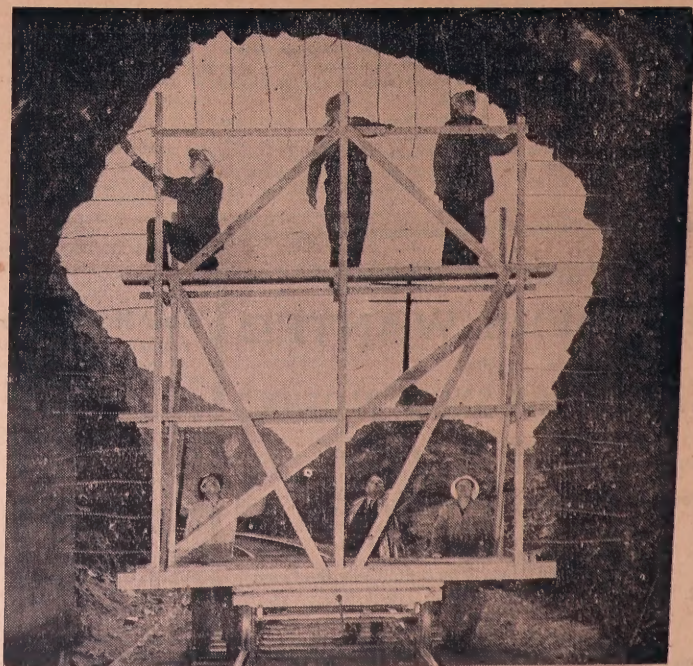

When fish or meat is ready to serve, squeeze the juice of a quartered lemon over it. Sprinkle with fresh chopped parsley or chives. In a frying pan, brown 2 ounces of butter for each person. Pour over fish or meat.

Mount Pleasant

Rev. R. R. Bonsteel, B.A., B.D., of-
ficiated at the morning service in
Queen Street United Church, King-
ston, on Sunday, November 1st.

A very large number of visitors
from Kingston, Belleville, Markham,
Salem, Phillipston, Rylstone, West
Huntingdon, Stirling, Stockdale, Car-
mel, Hards, Wellman's, Oshawa, Port
Hope and other points were entertain-
ed at the various homes on Sunday,
on the occasion of the 81st Church An-
niversary. Many people who had wor-
shipped here in their early days and
now live elsewhere came home on
Sunday for the morning service.

Mr. and Mrs. Frank Emerson, of
Moir, accompanied Mr. and Mrs. Sid
Williams and Ronnie to Peterborough
on Sunday where they visited relatives
and enjoyed a birthday party.

There will be no service at Mount
Pleasant on Sunday, November 8th as
it is Wellman's Anniversary and their
morning service is at 10.30 a.m.

Mrs. Sid Williams accompanied the
Installation Team of Laurel Lodge to
Thomasburg on Monday evening.

Mr. Jack McEathron spent the week-
end with relatives at Hermon, Ontar-
io. His uncle and aunt accompanied
him home on Sunday and will visit
relatives in Rawdon.

Mr. and Mrs. Jermy Palmer, of
Bayside, accompanied Mr. and Mrs.
Ross Hoard to Detlor, on Saturday,
October 24th, where they were week-
end guests of Mr. and Mrs. Frank
Hutchinson and attended Bancroft
United Church Anniversary on Sun-
day, October 25th.

Messrs. George Scott and Burton
Wrightman have returned home from
their harvest trip to the Prairie Prov-
inces.

Mr. and Mrs. Sid Williams recently
entertained Mr. and Mrs. Morley Ay-
rhart and Janet, of Stirling.

Mrs. Percy MacMullen, of River
Valley W.I. attended the Area Con-
vention in Belleville last week.

Moir, were among the large group
who came home for Anniversary.

Petherick's

The Halloween Party held in
Sentinel Orange Hall on Friday, spon-
sored by the Young People's was well
attended About 90 were present.
There was a large percentage dressed
in different costumes and were par-
aded around the hall. Mrs. Caroline
Wright, Mrs. Fred Barnum, Harriet
Fry and Joyce Barnum acted as judges
and prizes were awarded as follows:
Children — Clown, Donald Kerr;
Witch, Patsy Burkitt; Best Man, Be-
verly Burkitt; Best Woman, Enid
Petherick; Couple representing bride
and groom and flower girl — Barbara
Watson, Norma Tinnay and Grant Wat-
son.

Adults — Couple, Alymer Petherick
and Maurice Brunton; Man, Gordon
Osborne; Woman, Fern Tinnay; Comic,
Gerald Fry.

The judges had a hard task as there
were so many different costumes.
After the judging was completed
all unmasked and Rev. G. Whitehorse
took charge of the older groups by
playing games, while Mrs. Jack Wat-
son had charge of the smaller children
and entertained them with games; etc.
Miss Violet Wright conducted a con-
test. Piano solos were given by
Elizabeth Barnum and Nona Petherick.
Lunch was served at the close
and a very pleasant evening enjoyed
by all.

Late Friday night while Mr. Nichols
was returning home, on passing Sen-
tinel Hall noticed the platform steps in
front were on fire. He summoned Mr.
Frank Osborne, a neighbour, and

W. I. meeting will be held at the home of Mrs. L. Rodgers on the afternoon of November 11th. The District President, Mrs. John Reid, will be the speaker. Apron parade with prizes given.

In Memoriam

CAMPBELL — In loving memory of my dear husband, Donald William, who passed away November 5th, 1952.

Oh, what would I give to clasp your hand
Your dear kind face to see;
Your loving smile, your welcome voice,
That meant so much to me.

No one knows the silent heartache,
Only those who have such can tell,
Of the grief that is borne in silence.
For the one I loved so well.

—Ever remembered by your wife,
Edna Campbell, Stirling, Ont. 48-1p

JOHNSTON — In loving memory of my dear brother, John Johnston, who passed away one year ago, November 13th, 1952.

Hello Homemakers! Do you recall these facts: Cheese is rich in the proteins and minerals that are so necessary for body building and repairing. When compared with fresh milk, a one inch cube of cheese represents a twist of milk. Finally, cheese tastes as good with the breakfast toast as the added treat with apple pie at dinner.

TAKE A TIP

1. Keep a little grated cheese on hand. Place in a covered jar and store in the electric refrigerator.
2. Sprinkle a tablespoon of grated cheese into each baked potato that has been "baked."
3. Sprinkle grated cheese over each dish of cream soup.

4. Add a few bits of cheese to each baked apple.
5. Crumble old cheese into mashed turnip, pumpkin or squash.

Cheese Cutlets

- 2-3 cup grated cheese
- 2 cups mashed potatoes
- 4 tbsps. chili sauce
- 1 cup mashed lima beans
- 1 tsp. salt

Combine ingredients and shape into cutlets about 1/2 inch thick. Sauté in a small amount of fat and serve with celery sauce or hot condensed celery soup. Serves 4.

Cheese Casserole

- 1 cup soft bread crumbs
- 2 cups milk
- 2 eggs, separated
- 1 cup grated old cheese

1/2 tsp. salt
1 tbsps. parsley
1 cup canned peas
Soak bread crumbs in milk for 10 minutes. Stir in the beaten yolk of eggs. Add cheese, salt, parsley and peas. Fold in stiffly beaten egg whites. Turn into buttered casserole. Sprinkle a few dry crumbs on top. Bake in preheated electric oven of 350 degrees for 30 minutes. Serves 4 to 6.

Cheese-Crust Pie

- 3 tbsps. butter
- 3 tbsps. flour
- 1 1/2 cups milk
- 1 tsp. salt
- 1-2 tsp. pepper
- 1-2 tsp. mustard
- 1 can luncheon meat
- 1 cup canned peas
- 2 hard-cooked eggs

Heat 1 cup milk and stir in a paste made of butter, flour and 1/2 cup milk. Add seasonings, cubed luncheon meat, drained peas and sliced cooked eggs. Pour into casserole (10 x 6 x 2 inches) and top with pastry.

Cheese Pastry: Stir 1 cup butter into 1 lb. processed nippy cheese. Blend well. Mix in 1/2 cup sifted flour. Press into a ball and chill in wax paper, before rolling out as pastry dough for top of meat pie. Prick rolled out dough before fitting on casserole. Bake in electric oven of 400 degs. for 20 minutes.

THE QUESTION BOX

Mr. J. R. D. asks: "How do you cook wild duck?"

Answer: If it's mallard duck, stuff with pieces of soft bread, slices of onions and 2 slices of lemon. Refrigerate overnight, remove and discard stuffing as it will have absorbed any "fish" flavour. Wipe the duck with a cloth dipped in vinegar-water. Stuff the bird with a mixture of boiled rice and fried bacon bits or sauerkraut. Roast in covered pan for 40 mins. then uncover and roast another 20 minutes in oven of 350 degrees.

Mr. C. B. asks: What can we add to minute rice to induce wild rice flavour and how is the dressing for wood duck prepared?

Answer: If you cannot purchase wild rice, buy brown rice. Boil 1/2 cup brown rice in 1 quart boiling salted water. Drain and rinse in sieve. Meanwhile, fry 5 slices of bacon, minced and 1-3 cup sliced onions. Then add to rice along with 1 minced tart apple, 1 tsp. sage and salt and pepper. Spoon into the duck. (Remember you may only shoot 1 wood duck.) Roast in oven of 350 degrees for 1 1/2 or 2 hours. Cover for first 30 minutes.

Miss M. H. asks: Can you advise us how to make croquettes neatly and quickly?

Answer: Keep a saucer of flour handy and dust your hands with it each time you shape meat mixture into a croquette or press mixture gently into cone-shaped drinking cups and turn into muffin tins. Bake in hot oven for 30 minutes.

Dropping Calories Will Drop Pounds

An authority on overweight says there is no quick and easy way to reduce safely.

You drop pounds by dropping calories, he says.

The physician says it is not surprising that skipping meals, following trick diets or eating high protein meals turn out to be failures at weight losing.

"The reducing diet should form the basis of dietary re-education so that proper eating habits will continue after the desired loss of weight has been attained," he said.

His rule to dieters — learn food values, count calories.

"The milestones on the reducing trail are fairly far apart," he said. "As you proceed along on a sub-calorie diet, and come to the point where you have achieved a deficit of 3,500 calories, you can mark up a loss of one pound of adipose tissue."

Road Condition Service Reopens

The Department of Highways road and weather conditions reporting service went into 24-hour operation November 2nd.

General releases will be made to the press and radio, and particular weather and road condition information can be had either from Toronto headquarters or divisional offices of the Department throughout the Province.

Experiments in long-range weather broadcasting are being continued and while achievements in this field are spoken of in guarded terms, Ontario's part in the continent-wide efforts to predict weather conditions over longer periods is to be continued.

CONSERVATION NEWS!

Extra Fire Precautions Taken

The few showers reported during the week did little to check the hazard in the Tweed District. Fire danger was considered medium to high in most areas, and rangers remained at headquarters ready for any emergencies. All lookout towers were kept manned and aerial patrols carried out by a Department aircraft leased at Toronto. Fortunately no new fires were reported.

Large numbers of hunters trekked in to the district last week-end ready for the deer hunt which opened November 2nd, north of No. 7 Highway and November 4th, in the southern district. Let's hope for good hunting and along with it — Safety. Safety with firearms to guard against any chance of accident and precautions taken against any carelessness with fire.

An unextinguished campfire cigarette or pipe ashes, often spells disaster. That extra minute or two to grind out the last spark is unquestionably the answer to most of our problems. It's good business!

New Radio Installation Increases Range

A new 15 watt two way radio installed at Tweed recently has improved transmission with lookout towers. The set, made up of receiver and transmitter, operates on a very high frequency similar to tower trios, but with a step-up in power from 6 to 15 watts, has much more effective range.

One of the chief advantages of VHF equipment is that it seems little affected by adverse atmospheric conditions often experienced during periods of high fire hazard. Though not adapted for long distance communication between districts, handled effectively by medium wave equipment, the new sets may be the best answer for radio communication within the district, if present tests prove successful.

Report Covering Scarcity of Commercial Fish

Reports received from commercial fishermen operating in Eastern Lake Ontario indicate a scarcity of trout, whitefish and herring for the seventh consecutive season. Owing to poor results a number of licensees have already lifted nets and suspended operations. One of the chief complaints is the widespread occurrence of algae which fouls the nets in a short time and renders them ineffective. Even though fish were plentiful, say fishermen, the algae condition would make it impossible to operate successfully.

Speaking of whitefish, hatchery staff are already setting pound nets in Hay Bay for spawn-taking as soon as fish move into the shoals. Whitefish eggs are collected every second year and after development to the "eye stage" in the hatchery at Glenora, are planted at suitable points in Lake Ontario.

Young fish are also being transferred to the White Lake Rearing Station east of Arden for the winter months. Speckled, Lake and Kamloops Trout are being transported from other hatcheries and after the breakup next spring will be ready for distribution in suitable lakes and streams.

Even The Weeds Know

By November, most of the cultivated plants have been killed off by frost, but many weeds hang on to life. They are a prominent feature of the late Autumn landscape. The naturalist, John Burroughs, noted a really strange thing about weeds. If they get a late start they seem to understand that their ordinary speed of growth will not be fast enough to allow them to flower and produce seed. In an emergency, a weed that normally grows to three or four feet before flowering will put out flowers as soon as its stalk is above ground and it will hurry the production of seed. On the other hand, cultivated plants, such as cereals, plod at their accustomed growing pace, whatever the circumstances.

Cereals originated among the wild grasses of Asia. Cereals are valuable while it is hard to think of anyone who would allocate advertising money to wild grasses. Yet in the process of becoming civilized the cultivated plants have lost the faculty of looking out for themselves. The wheat depends on the farmer, who cannot always protect it; but the tares maintain a wary vigilance of their own. There is a good deal in common between a weed pushing its head tentatively above the late-season earth and the fellow with the prognathous jaws peering out of his cave to find whether there are sabre-tooth tigers about. A field of wheat, on the other hand, has more in common with a highly-developed civilization where the individual has become less self-reliant. Like the cereals, the succulents

came from Asia. Whether the Western world has become civilized may be debatable, but there is a trend away from self-reliance in the individual. Anyone who runs to his government for help and any government or government agency that fosters paternalism among the citizenry should give serious thought to John Burroughs on the subject of weeds. Even the weeds know that to survive one must be alert and resourceful. —The Printed Word.

The Storage of Celery

It is very difficult to store celery satisfactorily. Its succulent tissues form an excellent breeding ground for various types of rots and moulds. The stalks are readily broken or damaged, which further increases the likelihood of rots developing. Another handicap in this direction is the fact that high humidities are essential to maintain the fresh, crisp, texture that gives celery its appeal.

The importance of having sound, disease-free celery at the outset of storage should not be neglected. Once having made certain of this, the most important factor in the successful storage of celery is to see that its temperature is reduced rapidly and that temperatures are maintained at a low level. If the heart temperature of celery is maintained at 32 degrees F. moisture loss is reduced to a minimum and growth of organisms is also reduced.

Investigations conducted by the Division of Horticulture, Central Experimental Farm, Ottawa, have shown that the most satisfactory method of reducing celery temperature is by immersion in ice cold water. The unit used was equipped with mechanical refrigeration and water circulation was maintained with a rotary pump.

Celery so treated was stored at 32 degrees F. and examined at the end of November. The wastage on such ma-

terial was less than 0.5 per cent whereas celery that was not cooled in this fashion was as high as 25 per cent.

A description of water precooling equipment can be obtained on request from the Division of Horticulture, Central Experimental Farm, Ottawa. If all celery were pre-cooled in this manner and followed up with good storage conditions much of present losses could be turned into profits.

Grow Alfalfa In Northern Part of Province

Growing alfalfa in Northern Ontario has three definite advantages: higher yield of hay and pasture; good aftermath production in dry periods, and soil building properties.

Hay yields at the Dominion Experimental Station, Kapuskasing, Ontario, says M. R. Wiancko have been increased by 19.9 per cent, on an 11-year average, when alfalfa has been added to a red clover, timothy, alsike mixture. Similarly on a 7-year average hay-pasture yields have been increased 22.9 per cent and pasture yields by 20.2 per cent. Not only is the amount of feed increased but the feeding value is usually improved.

Well established alfalfa with its deep root system is able to withstand dry weather better than any of our commonly grown legumes and grasses. In many areas of Northern Ontario during the dry summer of 1953, aftermath production was 90 per cent alfalfa.

Northern Ontario clay soils are low in organic matter. Building up this organic matter, and subsequently loosening up these clay soils, can be accomplished by ploughing in plant growth. The extensive root growth of alfalfa, which in itself helps to open up and aerate our soils, together with a lush top growth make a good combination to plough into our heavy soils.

NEWS FOR THE BUSY FARMER

4-H CLUBS HAVE RECORD YEAR

One of the most successful years in Junior farm club work in Canada will culminate in the 23rd Annual National 4-H Club Week in Toronto November 15-20, during the period of the Royal Agricultural Winter Fair. A record number of 114 girls and boys will attend, all of whom have been declared provincial champions in their respective provinces.

Though they will be kept busy in Toronto competing in National judging competitions to select Dominion champion teams in clothing, food, dairy, beef, swine, poultry, grain and potato projects, it will not be all work. The group will stay at the Royal York Hotel and will participate in conducted educational tours, be entertained at banquets and other functions and visit Niagara Falls, Hamilton and the National Capital. By a re-arrangement of the program the girls and boys will have a better opportunity of seeing the Winter Fair while it is in full swing. For the first time the complete group will see the judging of the Queen's Guineas 4-H beef calf club competition in which Ontario young farmers are the contestants. This has become through the years an outstanding feature of the Winter Fair. They will attend the evening Horse Show as guests of the Royal Agricultural Winter Fair Association.

The trip to the National 4-H Club Week in Toronto is the highest honour in junior club work. Since 1931 about 1,250 girls and boys have taken part in this annual event, many of whom are themselves now providing leadership in club activities. There has been a record enrolment in 4-H Clubs this year—a total membership of 65,915 in 4,869 clubs. This year representatives from 72 clubs in Newfoundland will be welcomed in Toronto, and teams will compete in the clothing, garden and food projects.

Deep litter should be started in the summer or early fall so that it may build up the necessary volume to function properly in the winter and spring. Four or six inches of straw, shavings or sawdust are used for a start but this is added to until the required depth of six to twelve inches is reached. If newly started litter begins to cake it should be stirred and hydrated lime may be added at the rate of one pound to every five square feet.

DEEP LITTER PRACTICAL FOR POULTRY

Deep litter offers a great opportunity for reducing the labour involved in poultry raising. Once it is established, deep litter requires only occasional stirring as compared with the amount of labour required in removing and renewing the litter at frequent intervals. Deep litter often

falls during prolonged cold spells or during the mild weather following extreme cold spells. Often the dampness is the result of insufficient ventilation during such periods. During the cold weather the tendency is to close the poultry house up tightly to conserve heat and as a result not sufficient moisture is removed and the litter becomes damp. It is preferable to have a ventilator partly open even though the temperature in the house drops below freezing. Poultry are capable of giving good performance at temperatures below freezing assuming that the water supply is maintained by frequent changing or by water heaters. If this is done production will not be affected to any great extent.

Reporting on results at the Experimental Farm, Indian Head, Sask., poultryman A. P. Piloski says that deep litter has been maintained there all year round. Flue and slot systems of ventilation have been used and found to be equally efficient in ventilating insulated poultry houses. Deep litter was successfully used even in pens where no dropping boards or pits were provided and all droppings were deposited in the litter. It would seem that conventional systems of ventilation are adequate during cold spells, but there should be supplementary ventilation such as the opening of one or more windows whenever the weather permits.

When old litter begins to cake it generally is an indication that it has not sufficient volume to absorb the droppings and dampness, and so more litter should be added. Frequent turning of the litter is unnecessary to keep it in condition and facilitate evaporation of moisture. Feeding whole grain in the litter will encourage the birds to scratch and so reduce the amount of hand stirring.

ONTARIO FARM BUSINESS

Although 1952 was a fairly good year for Ontario farmers, it was not as favourable as 1951. Estimated receipts from the sale of all farm products fell by more than 76 million dollars.

For Canada as a whole there was a decline in the index of farm prices of agricultural products of 30 points from 1951 to 1952, and a rise in the index of prices of products used by farmers of 11.1 points.

The smallest decline in income for seven main types of farms occurred with the "cash crop specialty" farms (farms on which crop sales accounted for over 70 percent of cash receipts). The largest decline occurred in the "beef general" group. In 1951, the beef farms had the highest average labour incomes, and the cash crop specialty farms, which had the lowest average labour incomes in 1951, had the second highest average labour incomes in 1952.

In the fall issue of their publication, "Ontario Farm Business," the Department of Agriculture Economics, Ontario Agricultural College, Guelph, points out that the year 1952 emphasized the importance of price relationships to the farmer, and that efficiency in operation and management minimizes the effect of a price decline. This latest issue is printed in four divisions—Cash Crop Specialty, Beef General, Cash Crop General, and Dairy Specialty—and each division deals with factors which may suggest ways in which farmers may increase the profits on their farms.

This material is obtainable now at the office of the agricultural representative.

The Seven Wonders of Wool

A double-barrelled display, featuring both wool and lamb, effectively illustrates the dual character of the sheep industry in the Canada Department of Agriculture Exhibit at this year's Royal Agricultural Winter Fair. How skilful cross breeding of sheep can improve the quality of market lambs will be depicted in photographs and by display of dressed carcasses of cross-bred lambs in refrigerated cases. Another case will show retail cuts of lamb as ordinarily purchased by the consumer.

A representative from the Consumer Section, Marketing Service at Ottawa, will answer questions and supply recipe folders on the use of lamb in the home. Coloured transparencies will be shown of lamb dishes as prepared for the table.

Representative fleeces of the various grades of wool used by different sections of the Canadian textile industry lead into the wool section of the exhibit. The Seven Wonders of Wool—flame resistance, insulation quality, ease of handling, durability and toughness, absorbency, dye affinity, and wrinkle resistance—are displayed on another panel beside an attractive array of coloured yarns.

In the background is a fine display of colourful woven fabrics made from yarns, for suitings, drapes, sportswear, blankets and all the many purposes for which wool yarn is worn or used by Canadians.

Supplementing the Department's display, the Wool Bureau Incorporated of Canada will conduct demonstrations each day in the Royal movie theatre adjoining the exhibit on methods of preparing yarn and woolen fabrics for personal wear or use in the home.

Following the demonstrations a representative of the Wool Bureau will be available at a consultation booth near the entrance of the theatre to discuss with visitors to the Fair, problems associated with the use of wool.

High Quality Potato Crop In Ontario

Ontario housewives are going to reap the benefit of a "new deal" in potatoes this winter according to the Crops Branch of the Ontario Department of Agriculture.

While the crop was not as heavy as last year, housewives will find that the quality of this important item in the family's diet has immeasurably improved from both the standpoint of appearance and in the final test of cooking. Consumers can be assured that this year's crop will "keep well" so that they may now go ahead and secure their winter supply with confidence.

Regulations under the Grade and Sales Act, rigidly enforced by the Department, make it compulsory that all No. 1 potatoes be packaged in new bags. Furthermore, the bags must be of standard size and properly tied. Under the regulations the housewife is granted complete protection for now she knows that if a pedlar calls at the door, "No. 1" potatoes can be identified by new bags, properly tied and labelled with the weight, name and address of the grower.

No. 2 potatoes must also be properly graded and tagged.

Potato dealers report that the strict enforcement of the packaging and grading regulations has resulted in greatly increased demand for the Ontario product.

Further useful information on the potato is contained in an attractive booklet entitled, "Potatoes Every Day" which is free for the asking. It may be obtained free from Agricultural Representatives, local inspectors or by writing the Ontario Department of Agriculture, Parliament Buildings, Toronto.

Whether you buy from your neighborhood store, from a public market, on the farm or at the door of your home, you can be sure of Ontario high quality potatoes when you buy by grade.

Mechanization On The Farm

Recent figures studied by the Economics Division of the Department of Agriculture indicate that the post-war rebuilding of machinery inventories arising from wartime shortage of materials is almost complete in the Prairie Provinces, but is still lagging to some extent in the rest of the country. Although the number of horses on farms has been declining

steadily since about 1930, the drop has been much accelerated since the war.

Evidence provided by trends in farm machinery sales show that this rebuilding and replacement process has taken place more rapidly in the Prairie Provinces than elsewhere in Canada. While the value of all equipment sold reached a peak in 1952, tractor sales were at a high point in 1949 and have declined steadily since. Most of the drop in total sales is accounted for in the Prairie Provinces while sales were almost as high in the remainder of Canada in 1951 as in 1949. Sales in the remainder of Canada dropped considerably in 1952. The significance of these shifts in the Prairie Provinces lies in the fact that machinery sales dropped considerably while the level of income in the hands of farmers was quite favourable and outstanding farm debt was declining.

In general since 1936, there has been considerable expansion in the proportion of total expenditures on harvesting equipment, both grain and hay, and on miscellaneous equipment with a decline in the proportion spent on seeding and tilling equipment. The proportion spent on tractors has remained about constant over this period. Haying and harvesting equipment has been almost wholly responsible for the increase in the total value of machinery sales from \$217 million in 1949 to \$250 million in 1952. Sales of heavy tillage equipment have risen considerably but these represent a small proportion of the total.

There has also been a marked shift back to standard type tractors reflecting considerable improvement in the design of this type in recent years. For example, 1952 sales of standard tractors were about 93.5 per cent of 1949 sales, while the row-crop type

dropped to 33.3 per cent of sales of the same type in 1949. In 1952 sales of the row-crop type were less than one-quarter of those of standard classification. There has been a large increase in the proportion of sales of tractors of the 3-4 plow and larger sizes between 1949 and 1952.

Truck Rodeo To Be In Toronto Nov. 21 - 23

The seventh annual Canadian National Truck Rodeo is to be held in the Automotive Building of the Canadian National Exhibition, November 21 and 23. Already entries have been received from all provinces of the Dominion except Saskatchewan and Newfoundland.

Contestants must be capable of the finest precision driving. They must have an accident-free record of at least one year and to have been employed at the job of driving for at least 12 months prior to the Rodeo.

In addition to manipulation tests, which are in fact driving problems met every day in their jobs, they must pass examinations on rules of the road, fire prevention and fire fighting, first aid and knowledge of the Canadian Transport Industry.

Each year since its inception, entries and attendance figures have grown. Last year's performance played to an audience of seven thousand.

Plans for this year promise to make the show the best ever. Further information is available from the Automotive Transport Association, 146 Wellington St. W., Toronto, or Division of Public Safety, University of Toronto.

THE NEW 1954 DODGE MAYFAIR LEADS IN BEAUTY

Twelve different solid colours and 48 two-tone combinations are available on the new 1954 Dodge cars now on display in Dodge-DeSoto showrooms across Canada. This emphasis on colour is carried through to the car's interior where two-tone colour combinations in trim and upholstery harmonize with the exterior body colour. A new, more massive looking grille sets off the increased use

of chrome that accentuates the longer body lines. Included in the Dodge Mayfair luxury series is the 4-Door Sedan shown above, a Mayfair hard top, and a Mayfair convertible. Completing the range of Dodge 6 cars for 1954 is the middle line Dodge Regent series and a lower priced Dodge Crusader series.

Large Gathering of Citizens At Cenotaph For Impressive Service

Parade Led By Citizens' Band — Rev. R. R. Bonsteel Delivers The Address

Veterans of two wars and citizens of Stirling and Rawdon Township joined in paying proud and loving tribute on Wednesday morning to those who gave their lives in the service of their country as Stirling observed Remembrance Day. Business places were closed all day and a large crowd gathered at the Cenotaph for an impressive service at 10.30 a.m.

Led by Stirling Citizens' Band under the baton of Bandmaster Maurice Bell, the colour party in charge of Cde. Chas. Barnard, the veterans of two wars, Stirling Wolf Cub Pack with Mrs. Jos. Irish and Mrs. Ken Ray; Brownies, with Mrs. Edwin Warren and Mrs. Chas. Faires; Girl Guides, led by Mrs. Edw. Kent, and the Boy Scouts led by J. Irish, paraded from the Community Hall to the Cenotaph and return. The band also played the accompaniment for the hymns. Cde. Fred Houchin, president of the Stirling Legion, marshalled the parade.

Members of Rawdon Township Council were present in a group.

Impressive Service

Following the invocation by Rev. A. E. Baker, of St. Paul's, the Scripture was read by Rev. W. H. V. Walker, of St. Andrew's. The hymn "O God Our Help In Ages Past" was sung, after which Rev. R. R. Bonsteel delivered the address.

"Memory fades as time passes," said Rev. Bonsteel, "but it is important that we dedicate ourselves to the completion of the work for which our loved ones died. We have the duty, not only of memory, but of responsibility in keeping the security and freedom of the nation which they won for us. We must be vigilant against the outward foe and live in a manner in keeping with that freedom. To this task we dedicate ourselves," concluded the speaker.

Rev. H. C. Secker, of St. John's, offered prayers and the hymn "Onward Christian Soldiers" was sung.

Wreaths Deposited

Wreaths in memory of the fallen were deposited by Fred Bateman, Mrs. R. Herrington, Mrs. Earl Luery, Miss Laura Jeffrey, Miss Sandra West, Ronnie Woodcock, Mrs. Wesley Ray, Bobby Taylor, Mrs. H. C. Martin, Mrs. O. Stapley, Mrs. R. Stapley, Mrs. H. Rodgers, Mrs. F. Wood, Gerald Taylor, Mrs. Gordon Burrell, Mrs. C. Sills, Mrs. Wm. Morton, Mrs. Bert Jones, Mrs. A. Gordanier, Mrs. H. Faulkner, Mrs. J. McCaughey, Geo. Lyons, Ray Herrington, Steve Armstrong, Allan Sine, Bert Bastedo, Chas. Barnard and Bob Noble.

Last Post and Reveille were sounded by Bugler Garnet Thain, after which Benediction by Rev. W. S. Irwin and God Save The Queen brought the impressive service to a close.

Service At Harold

Immediately after the ceremony members of the Legion with colors proceeded to the memorial plot at Harold in Rawdon Township. A brief service of remembrance was held under the direction of Rev. H. E. Beare and Rev. R. R. Bonsteel during which wreaths were laid by Reeve Verney Heath and Deputy Reeve Theodore Cooney.

Following are the names of those who gave their lives in World Wars I and II.

World War I.

Legion Banquet

A very successful banquet was held by Stirling Branch of the Canadian Legion at Sterling Hotel on Wednesday evening. Zone Commander Len Taylor, of Tweed, was the guest speaker. Following the banquet the Legion members repaired to the Legion Rooms and thoroughly enjoyed a social evening.

Minor Hockeyists First Practice

Stirling minor hockey players had their first work-out of the season at Belleville Arena last night (Wednesday). Some thirty Midget and Bantam players were out displaying their wares under the watchful eye of coach Ray Rose. The pre-season league schedule opens in Marmora next Wednesday when Stirling will be the opposition for Marmora.

Eva Anne Bastedo Weds Robt. Hunter

The home of Mr. and Mrs. C. R. Bastedo, John St., was the scene of a pretty autumn wedding on Saturday, November 14th, when their younger daughter, Eva Anne, was united in marriage to Mr. Robert Douglas Alexander Hunter, of Belleville, son of the late Mr. and Mrs. Alexander Hunter. Rev. A. E. Baker performed the ceremony.

The rooms were tastefully decorated with hemlock and pine boughs, various coloured 'mums and wedding bells, baskets of baby 'mums and candles.

The wedding music was played by Mrs. A. E. Baker.

The bride, given in marriage by her elder brother, Mr. Bert Bastedo, was charming in a gown of snowy white chantilly lace with tight bodice and full length skirt of tulle with lace panels. Her fingertip veil fell from a matching cap of lace and tulle and she carried a nosegay of white carnations and sweetheart roses.

Mrs. Elmer Rogers, of Frankford, was matron of honour for her sister in a gown of orchid lace and net and carried a nosegay of mauve and yellow baby 'mums.

Mr. Jack O'Brien, of Belleville, was groomsmen.

Immediately after the ceremony a reception was held for the guests, with the bride's mother receiving in a grey suit, trimmed with velvet, and deep coral accessories. She wore a corsage of coral and white carnations. She was assisted by Mrs. Molly Kerr, of Pembroke, sister of the groom, who wore a gray-figured suit with black accessories and a corsage of red and white carnations. Tea was poured by Mrs. George Dunham, of Toronto, and the servers were the Misses Blanche Reid, Eleanor Brown, Ruth Donnan and Dorothy Runnalls, who wore pastel-coloured organdy aprons, the gift of the bride.

For travelling to Niagara Falls and Buffalo, Mrs. Hunter chose a dark grey flannel suit with purple accessories and wore an orchid.

Guests were present from Belleville, Bannockburn, Toronto, Frankford, Point Anne and Pembroke. On their return Mr. and Mrs. Hunter will reside in Belleville.

Attends Luncheon

Mrs. Harold Elliott attended the O.R.M.T.A. luncheon yesterday (Wednesday) held at Lattimer's Tea Room, Belleville. Mr. Wilfred Powell of the Royal Conservatory of Toronto, gave an interesting talk on music, followed by a discussion of teaching problems.

LOCAL REBEKAHS OBSERVE 33rd ANNIVERSARY

Laurel Rebekah Lodge, No. 211, observed its 33rd Anniversary on Tuesday night with a large attendance of the members and Mrs. Neva Vandervoort, Noble Grand, presiding. Several of the members' husbands and friends were also present as guests.

A lovely three-tiered birthday cake, decorated with symbols of the order in pink and white, and thirty-three green candles, centred the table on which was a lace cloth. The cake was made by Mrs. Isabel Good, immediate Past Noble Grand.

A short programme was presented under the direction of Mrs. Russell Pyear, convener of the program committee. A solo, "In Flander's Fields," was rendered by Mrs. Annie Warren, followed by a reading by Miss A. Bush. Mrs. Clea Elliott gave a piano solo and Mrs. Florence MacMullen a reading, "Remembrance Day." "In The Garden of Tomorrow" was sung by Mrs. Verna Woodbeck and a reading was given by Mrs. Alice Munro.

At the conclusion of the programme the candles on the birthday cake were lighted by Mrs. M. Megginson, the first Noble Grand, and Mrs. Neva Vandervoort, the presiding Noble Grand of Laurel Lodge, and extinguished by Mrs. Jean Potter, representing those who were initiated into the lodge during the past year. The honour of cutting the cake fell to Mrs. Edna Fox, District Deputy President, after which dainty refreshments were served. A social hour brought a very pleasant evening to a close.

Major Rev. Ray McCleary, O.B.E. Remembrance Sunday Speaker

Notwithstanding snow, slush and rain the Centennial Year Remembrance Sunday Services will be long remembered by those able to attend them.

Major McCleary

A gallant Padre Major Ray McCleary, O.B.E., B.A., B.D., brought Centennial Year greetings from the Toronto East Presbytery and the Woodgreen United Church, Toronto. He spoke on the "Praise That Remembers," basing his sermon on II Kings, Chapter 7, which he termed a "Soldier's Diary."

Applying the Scripture reference to the enemy in the king's household, he warned against the peril of the enemy within. There were those ready to sabotage or hoist the white flag when morality was low.

Cynics

May God deliver us from the cynics who cry, "Why doesn't God do something?" God is always doing something, said the visitor. With illustrations from agriculture and science he traced the hand of God. He found God in the rescue of Winston Churchill, when a boy, from death by drowning, by a then little known lad who was rewarded with an education. Relating the prayer of a dear old soul whose empty cupboards were filled by a group of 'teen agers who heard of her plight, he said these young people after delivering their gifts were surprised to hear her thanking God for them. They reminded her that it was not God but they who had brought them to which the good lady replied, "I didna care if it was the devil himself who brought them, it was the Lord who sent them."

A Better Question

Major McCleary said don't ask why does God not do something, rather ask why don't you do something? God works through human beings. We are challenged to "do" until every boy and girl — every life is given a fair opportunity to live as God desired each to live.

Praise

St. Paul's Choir was glorious in the anthem, "Souls of the Righteous," while a Male Quartet, Messrs. Douglas Pyear, Jack Bush, Grant Richardson and Wm. Aylsworth interpreted Banck's, "How Sleep the Brave." A

Memorial Service At High School Tuesday Morning

An impressive memorial service was held at the Stirling High School Tuesday morning, with Principal J. L. Good acting as chairman.

Mrs. William Wilkins rendered a solo, "In Flander's Fields," accompanied by Mrs. A. E. Baker at the piano, and Bill McKeown and Barbara Brown gave the Scripture readings. The address was given by Rev. A. E. Baker, of St. Paul's.

Installed As Officers O.E.S.

At the annual installation of Belleville Chapter No. 55, O.E.S., held in the Masonic Temple, Belleville, Friday night, Mrs. W. T. Elliott was installed as Worthy Matron; H. R. Tompkins as Worthy Patron; Mrs. R. A. Patterson as Chaplain; and J. L. Good, as Sentinel.

Tweed Defaults Rugby Game

Tweed High School rugby team failed to put in an appearance for the scheduled fixture with Stirling on the local campus on Tuesday afternoon and the game goes to the local squad by default.

trumpeter from the RCAF Trenton, sounded the Fanfare, Last Post and Reveille.

Boy Piper

Reay MacKay, boy piper in highland dress following the period of silence played the Highland Lament, "Flowers of the Forest." After the service he also played in the Sunday School Hall two or three numbers.

Color Party

Tweed, Marmora and Stirling Branches of the Canadian Legion provided color parties under Parade Marshall Charles Barnard. A fine group of the Marmora Ladies Auxiliary was also present.

The difficult lesson, II Kings, Chapter 7, was ably read by President Fred Houchin, of the Stirling Branch of the Canadian Legion. The wreaths were placed beside the War Memorial by Miss Mary Hulin and Mr. X. P. Mayhew. The names on the Honour Roll for World War I were read by R. A. Patterson and for World War II by his son Douglas Patterson.

Organ music included "Chopin's Funeral March," "Chant of Dead Heroes," by Gaul, and "Pomp and Circumstance," by Elgar.

The service included the Word of Welcome, and the Sevenfold Amen. Clerk of Session Mr. Geo. Carlisle, voiced the thanks of the congregation to all who shared in the service.

The Union Jack and the Canadian Ensign were draped behind a field of white crosses with poppies scattered thereon. A special light played on this point of focal interest when the lights of the church went out at the Sounding of the Last Post. Seasonable flowers flanked the flags.

Social Hour

Under the care of a fine company of women of the W.A., substantial refreshments with tasty coffee were served. Stormy weather prevented groups from Warkworth, Frankford and Trenton from attending.

Annual Service

The Minister conducted the Annual Memorial Service at St. Paul's Sunday morning and Carmel Sunday afternoon.

The names of the Parish dead were read from the Burial Register by Mr. Geo. Carlisle and appropriate references, (Continued on Page Eight)

Mr. and Mrs. Herbert Mack, of Port Hope and Mr. and Mrs. Bruce Demorest, of Stirling, were Wednesday guests of Mr. and Mrs. Harry Fanning. Mr. Mack attended Wellman's L.O.L. and delivered a fine address. Mr. Mack was born at Wellman's. Mr. and Mrs. Mack are leaving the end of this month to spend their usual winter visit in Florida.

Miss Flora McLaughlin, of Tamworth, Describes Tour of Europe — 350 Present

A group of three hundred and fifty people assembled in the Stirling Theatre on Thursday, November 5th, for the Presentation of Awards to the 4-H Club Members, Homemaking Club Members, and Junior Farmers of Hastings County.

Mr. Ray Mallory, President of the Hastings County Club Leaders' Association, as Chairman of the evening, expressed the appreciation of the club leaders to all who had assisted in making the past year one of the most successful in the history of Junior Work in the County.

Description of Tour

The guest speaker for the evening, Miss Flora McLaughlin, of Tamworth, who was a former 4-H club member in Lennox and Addington County, gave her impressions of a "4-H Club Member's Visit to the Coronation." Miss McLaughlin was one of the members of the Western Tour, who along with forty-nine other girls was a guest of Mr. Weston at the Coronation as well as visiting England, Scotland, Ireland and France. She reviewed the highlights of her tour with great enthusiasm, so much so, in fact, that those in attendance almost felt that they were seeing places visited by her. She described the Royal Procession and mentioned the fact that the Queen and Duke of Edinburgh seemed to wave at their Canadian group. They certainly were thrilled with the decorations and pageantry of the Coronation. She described the visit to Paris, France, as well as visits to Scotland and Ireland. All in all, her talk was one that showed great appreciation for the opportunity that was given her, and also highlighted the Coronation for those who were listening to her.

Presentations

Various presentations made up the remainder of the program for the evening. In the Homemaking Club Section, for the girls, Shirley Kerr, Mary Reid and Jean Moore were presented with Provincial Honours, for completing twelve projects. County Honours, which are presented to girls completing six projects were awarded to Frances Tucker, Barbara Blakely, Freda Elliott, Doreen Lynn, Eva Martin, Mardelle Wheeler, Marlene Johnson, Beverly Graham, Annamae Dickey, Gaila Cranston, Mona Swan, Betty Chidley, Faye Whyte, Muriel Whyte, Lela Pigen, Betty Nichols, Carol Reid, Helen Jenkins, Donna Carlisle, Marlene Carlisle and Joan Heasman. Spoons were also presented to the girls and their leaders.

Other presentations for the evening were as follows.

Mrs. Roy Bush Hostess To River Valley Women's Institute

On Thursday, November 5th, about 40 members and visitors gathered at the home of Mrs. Roy Bush for the regular meeting of River Valley Women's Institute.

The President, Mrs. Edward Hensman presided and after the opening exercises, Mrs. J. L. Donohoe presented her report. One new member, Mrs. Jack Hansen was welcomed.

Several items of correspondence was read including notes of thanks. The President has held an executive meeting and completed plans to sponsor a canvass for the Building Fund of Belleville General Hospital. A quilting will be held next week at the home of Mrs. Ross Bush. Donations of pickles, relish, home canned fruit, etc., will be gathered by the Directors for Trenton Hospital.

Mrs. Percy Utman, Mrs. S. McIntosh, Mrs. Don Donohoe and Mrs. Jack Hansen were appointed to collect fifty cents from each member and buy handkerchiefs for the link institute members in England. The parcel to be sent in time for Christmas.

Mrs. Gerald Brooks would like the names of those who wish to convene card parties or provide prizes this winter. The first party of the season will be on Friday evening. The Christmas meeting will be held December 3 at the home of Mrs. S. McIntosh.

Mrs. Percy MacMullen read a letter of interest from their link at Abbot's Leigh Institute, near Bristol, England. The group there would like to have individual correspondents, especially any institute member who is linked up with England. In September they had a round table conference to get ideas for next year's programme and each member had a chance to voice her opinions. At Christmas they plan to entertain the old folk of Abbot's Leigh to a special party. They had a fancy children's dress parade and a garden party to raise the necessary funds. The Institute in England is very anxious to receive lots of news and happenings about River Valley. The Roll Call brought out several verses of songs containing the word "freedom" or "flag."

Mrs. Will Ashby
Convener

The Convener of the afternoon, Mrs. Will Ashby, presided and music for assembly singing was contributed by Mrs. Ralph Utman. The topic was based on "Citizenship and Education."

The co-convener, Mrs. A. Bush, gave a paper on "Citizenship" and said in order to produce good citizens the parents must be in partnership with education. The scope of citizenship

is very wide but it should be remembered that God's Kingdom comes first. The laws of obedience must be obeyed even though we live in an age of freedom.

Mrs. Jack Bush gave a paper on, "Education Is Everybody's Business." The departments set aside a week-end in February or March as a special Education Week, and she suggested that the ideal time to have this topic presented at the Institute would be then. Education Week is a time for every citizen to do some real thinking on this vital subject. The home, the school, the farm, industry and commerce, management and labour, all have responsibilities.

Parents should insist if possible to have their children remain in school. Teachers must provide interest for the pupils and even one year at High School is important. Fifty-five per cent of our population have very little if any high school education. Some Institutes are giving financial aid to needy students. The weak spots in our schools should be strengthened in order that the Canadian youth might have better schooling. The outside appearance of any school gives a good idea of the interest that is taken. Swings and play equipment should be in good condition and the inside of the school should be clean and neat. Over crowded classrooms should be eliminated. School libraries and modern teaching aids are very valuable. The teacher is important as it is up to her to kindle interest, encourage, lead and inspire. The school and the community should work together as education is a co-operative endeavour. The youth of today need training that will develop good citizens.

Mrs. Burton Woodbeck delighted with two vocal selections with Mrs. Earl Morrow playing her accompaniment. Mrs. S. McIntosh read two poems written by Edna Jacques, "A Lot of Fun" and "She's Always Glad." Mrs. Alex Bush presented the highlights of the first day of the Area Convention in Belleville and Mrs. Gerald Brooks gave a report of the second day. Mrs. Roy Bush explained the business pertaining to West Hastings District.

It was advocated that all Institutes contribute to UNESCO and that each member contribute one cent per day from now until 1956 to defray expenses to next A.C.W.W. meeting. Local Institute members were advised that they could assist the Resolution Committee by refusing to buy food in local stores that were offered for sale in

G. A. Freeman and J. W. Deacon On Committee Belleville Hospital Fund

G. A. Freeman has been named Chairman of the Special Corporations Committee of the Hospital Building Fund and J. W. Deacon has been named Deputy Special Corporations Chairman, and it has been announced by A. McLean Haig, General Campaign Chairman. Mr. Haig made the announcement on behalf of members of the Management Committee of the Fund.

In conjunction with the announcement G. A. Freeman stated that the Special Corporations Committee has an objective of \$250,000 of the \$600,000 public goal which is now being raised from business firms and corporations, company employees, organized groups and individual men and women in Belleville and in the County of Hastings.

Mr. Freeman said that his Committee is responsible for those large national corporations in both the City of Belleville and the County of Hastings who do business in the area the Hospital serves.

To date, he reported, several large corporate gifts have been received. One corporate gift amounts to \$25,000 and at least two others on this level are assured. Several others, in the \$15,000 to \$25,000 bracket are also indicated. He said that only this week he had been notified by a large company that their gift would amount to \$20,000.

He reported that levels of corporate giving must be kept high to ensure reaching the over-all objective. "Gifts received from corporations, which are payable over a three to five year period, obviously have an important effect on determining the levels of contributions from other companies and individual men and women," he said.

"A major factor which has resulted in this urgent need for Hospital expansion has been the growth of industry in the community. Manufacturing production in the Belleville area has almost tripled in the post-war period. Employment is up, and consequently population has increased substantially.

"With the trend to industrialization, per capita income has increased appreciably, raising the standard of living of people in the community and bringing hospitalization within their means. This has greatly increased the number of employees who are now participating in Blue Cross and other prepaid hospitalization plans. But the best hospitalization plan in the world won't guarantee a hospital bed when it is needed urgently if one is not available.

"Industry has a great stake in its community Hospital. The Hospital protects directly and indirectly the productive power of its employees and their families.

"I know that companies in Belleville who have seen the leadership which is being provided by outside corporations who do not have plants here, will give our Campaign the highest possible support. Their level of giving must be high so that our objective in this first appeal for capital funds be reached and that this will be the only appeal for Hospital Building Funds for the foreseeable future at least."

Bonarlaw Featured In Toronto Paper

(By Tim Greery)
Telegram Staff Reporter

But for a stubborn farmer, Bonarlaw might be a thriving railroad town.

But for a Tory station agent who wanted to honor a Canadian-born British Prime Minister, it might still be Bell View instead of Bonarlaw.

But for an earlier station agent named Bell, it might never have changed from Big Springs to Bell View.

And but for people like William Luery, it might not be there at all.

Actually the 92-year-old Mr. Luery does not live in one of the 10-odd houses which constitute residential Bonarlaw. He lives just outside, on the same farm he cleared long before the turn of the century when Bonarlaw was Big Springs.

"In those days you were free to hunt all the deer and catch all the fish you wanted, and there were lots of them," said Mr. Luery, wire-strong and straight-backed as he sat in his favorite parlor chair.

"There were just a few of us here. We cleared the land and built homes," he said, walking out to his room and returning with an axe, as though to inspire recollection of those earlier days.

It was the axe which he used this fall to split three cords of firewood — after sawing them into suitable lengths first.

"I worked on clearing the railroad for two years," he said, looking down over his long gray beard at the axe and testing its sharpness with his hard, gnarled fingers. "Never went away much. Went as far as Kingston to see my brother off in the World War. Not been away since, though."

Asked for permission to take his picture, Mr. Luery thought for a moment, walked back to his room with the axe, returned with both axe and double-barrelled shotgun over his shoulder, stood still and erect and stared fiercely at the photographer — the very picture of a hardy pioneer.

Asked Too Much

Jesse Barlow, 89-year-old father of the proprietor of Bonarlaw's general (and only) store, filled in some more of the village's background, explaining that it was to have been a railroad centre on the CPR line between Toronto and Smiths Falls. But a farmer had demanded more for his land where the roundhouse was to be built than the railway wanted to pay.

"So they packed up the dispute and moved to Havelock," said Mr. Barlow. "Bonarlaw was known as Big Springs then, because of the springs down by the station."

The village was left with an over-size railway station at the junction of east-north and north-south lines about 30 miles north of Trenton. Station agent John Bell quit the station and went up the hill to the village to build and run the Bell View Hotel.

The village voted "dry" and that finished the hotel, which has never opened again since, but the village kept the name of Bell View, while the station was called Central Ontario Junction.

Wacky Name

The CPR, the post office and the village were of like mind that a united front should be presented to the world and were all set for marriage under the family name of Copaco — the unhappy result of slinging Central Ontario and Pacific, as in CPR, together.

This distasteful hybrid was recognized for what it was by J. F. Baker, station agent for 38 years, who circulated a petition that the name be Bonarlaw.

"He was a good Tory, so he suggested naming the village after Andrew Bonar Law, born in New Brunswick, who was the Conservative Prime Minister in England from 1922 to 1923," said W. J. Barlow, owner of the general store.

"The station was still pretty important as a shipping point in those days," says Stanley Kitchener, station agent. "There were seven men working here, but since I came six years ago, there's just been me. They closed the stockyard couple of years ago, so now all we get is a bit of mail."

Recent Events

"About 20, 30 years ago, there was a wreck here. Couple of freight trains. Engineer got scalded to death, but there's been nothing happened since then."

"Last excitement we had in the village was when my store was broken into — be about 15 years ago," said Mr. Barlow. "Another man and me caught them, handed them in."

Mr. Barlow, who is clerk of Rawdon Township and postmaster, said he did not think Bonarlaw, with no new homes since the war, would grow any bigger.

"We live fine here and we like it the way it is," he said. Business in good, the open pit iron mine up at Marmora

has brought some prosperity, but mostly the village is a farm centre with good land around it."

Contrasting with the crumbling Bell View Hotel, Bonarlaw's other landmark is its neat little Anglican Church, St. Mark's, centre for community activities.

"It is a model church for a small community," according to the minister, Rev. Canon J. M. Brownlie, of Marmora, five miles to the north. "It was built during the depression, largely by volunteer labour, with local limestone — and thanks to a bequest from a native of the district, Mrs. Mary Ann Cook."

Station, general store, a few homes and a church — that's Bonarlaw — tiny, unharried and contented with its lots. —Toronto Telegram.

Unpaid Organists
Dr. Frederick J. Horwood, founder of the "Music Makers" says in a recent issue of the United Church Observer how much is due to the hundreds of volunteer organists in many small churches in Canada. They serve because they love to serve. In some cases they are recognized by honorariums or special gifts but they do not serve for pay. It should be added neither does any other organist. If the service was only for the pay it would be poor service indeed. The love of the work gives priceless leadership in every department of the work of the church.

Dr. Tuttle
We will be honoured next Sunday by the visit of our General Secretary of Pensions, Rev. Harry G. Tuttle, M.A., B.D., D.D. Dr. Tuttle is not making any financial appeal. He will represent the work of the Pension Dept. which cares for "Veterans of the

Cross" their widows and orphaned children. Since this charge pays a sizeable levy each year for this work it will be of added interest to hear this General Council Officer.

Trenton Night

Next Sunday night the Churches of the Trenton area — King St., Grace and Johnstown — will make their Centennial Year Pilgrimage to Stirling. The King Street Choir will lead the parade under Mr. Roy Kendall, A.R.C.O. A male quartet from Grace will sing a special number and Mrs. C. Smith, of King Street will be guest soloist. The ministers and their congregations should receive a grand welcome at Stirling. In early days Trenton as Port Trent was supplied by a minister resident in Stirling.

United Church Calendars

The Missionary and Maintenance Committee will mail a 1954 United Church Calendar to every family of record. This will contain an envelope for the annual special gift to this fund. The calendars will be a charge against the income of the fund. Those who so desire may place an extra coin or two in the red pocket of their regular envelope to help defray the \$75.00 cost of same.

These calendars should be studied and their contents noted. Plan to hang yours in a prominent place in your home.

Memorial Gift

Mrs. Geo. Rupert and Mr. and Mrs. Russell Rupert gave two large hymn books to St. Paul's last Sunday which were dedicated in loving memory of George Rupert, husband and father.

Mrs. Leonard Wannamaker graciously provided flowers for the church.

Sunday School Board Met

At a meeting of the Sunday School Board last Friday it was decided, (1) To hold the St. Paul's Christmas Concert on Friday, December 11th; (2) To provide copies of the Centennial Year Book for all accredited members of the Sunday School during Centennial Year. It is planned to give fifty copies the last Sunday evening in December at the Bible Drill Service and the balance at Easter; (3) In order to finance this project friends of the boys and girls are invited to make gifts to the Sunday School. Two dollars will cover the cost of one book. Smaller

amounts will also be welcomed. Birthdays gift money will also be used for this purpose; (4) The order for the Observer for 1954 will be forwarded including new families at once to all addresses on record save those few who have moved away or asked the Superintendent to have their copies discontinued (about two per cent); (5) To recognize all pupils reaching the attendance standard for 1953; (6) To establish a new attendance card record system in 1954; (7) To experiment with the Sunday School Duplex envelopes for three months in 1954; (8) To arrange for the dedication of offerings and the Jubilee collection method in the Sunday School next year (9) To begin Sunday School promptly at 10:00 a.m. each Sunday.

"The Old Musician And His Harp"

Years have come and passed away;
Golden rocks have turned to gray,
Golden ringlets once so fair
Time has changed to silvery hair.
Yes, I've neared the riverside,
Soon I'll launch upon its tide;
Soon my boat will noiseless oar
Safe will pass to yon bright shore.

Chorus:

Bring my harp to me again
Let me sing a sweet refrain
Let me touch its chords once more
Ere I pass to yon bright shore.

Oh those chords with magic power,
Takes me back to childhood's hour
To that cot beside the sea,
Where I knelt at mother's knee.
But that mother she is gone
Calm she sleeps beneath the stone;
While I wander here alone
Sighing for a brighter home.

Soon I'll be among the blest,
Where the weary are at rest
Soon I'll tread the golden shore
Singing praise evermore.
Now my boat is on the stream,
I can see its waters gleam;
Soon I'll be where angels roam,
Dear old harp I'm going home.

Fraser -- Neal Wedding Saturday

A pretty wedding of interest was solemnized in St. Mark's Anglican Church, Bonarlaw, Saturday, when Mary Florence, eldest daughter of Mr. and Mrs. Wm. Neal, Bonarlaw, became the bride of Charles John Fraser.

White and yellow 'mums formed the setting for the double ring ceremony performed by Canon J. M. Brownlie, rector of the church. Mrs. George Williams played the wedding music. Mr. Kenneth Snider sang, "Because" before the ceremony and "Oh Promise Me" during the signing of the register.

The bride wore a floor-length gown of nylon net over satin with an Elizabethan collar and train of Chantilly lace. Her shoulder length veil was held by a tiara of rhinestones and pearls and she carried a bouquet of red roses. She was given in marriage by her father.

Miss Marion McCoy was maid of honor in a floor length dress of yellow net over taffeta and carried a bouquet of mauve 'mums. Bridesmaid was Miss Lula Bell Fraser in a floor length dress of mauve net over taffeta and she carried a bouquet of yellow 'mums.

Little Wenda Neal, sister of the bride, and Sharon Rathwell were train bearers. They wore floor length dresses of green taffeta and each carried a nosegay of chrysanthemums and rose buds.

Groomsman was Mr. Murray Walker, of Marmora, and Marvin Walker was usher.

The reception was held at the home of the bride's parents where her mother received in a dress of light mauve crepe with brocade lace. Her flowers were yellow roses. The groom's mother wore a dark plum crepe dress with yellow roses.

Guests were present from London, Toronto, Marmora, Madoc and Eldorado.

The bride chose for her wedding trip a suit of two tone grey with matching accessories. They left for a trip to New York and points east. The couple will live in Marmora.

West Huntingdon W.M.S. and W.A.

The monthly meeting of West Huntingdon United Church W.M.S. and W.A. opened with the call to worship. President, Mrs. Dan Cooke, read a poem, "Help Wanted — The Carpenter of Galilee." Hymn, "Jesus Shall Reign," was sung, followed with prayer by Mrs. Dan Cooke and word of welcome.

Mrs. Mac Saries was in charge of the minutes of the last meeting and roll call. The Treasurer's report was presented by Mrs. George Cooke. Supply Secretary Mrs. Ambrose Wright reported. Mrs. Frank Hammond gave a talk on Temperance.

Mrs. Dan Cooke conducted the devotional period. Hymn 254 was repeated in unison. Miss Sara Wilson led in prayer. Readings were given

by Mrs. John Lainsen and Mrs. Frank Hammond. The offering was received and dedicated by Mrs. William Grant. Mrs. Wm. Grant was in charge of the study book, assisted by Mrs. John Jeffrey, Mrs. Phillip Carr and Mrs. Russell Silis. The devotional part of the meeting closed with hymn 346. Thanks to the hostess, Mrs. John Moorcroft and to all who took part in the meeting was made by Mrs. Dan Cooke. A social half hour was enjoyed by all.

ENGAGEMENT

The engagement is announced of Anne Margaret, daughter of Mr. M. R. Lavender and the late Mrs. Lavender, of Marmora, to James Gordon MacMaster, son of Mrs. MacMaster, and the late Dr. J. D. MacMaster, of Port Perry. The marriage will take place in Marmora on Friday, December 4th.

In Memoriam

ANDREWS — In loving memory of Thomas Andrews, who passed away November 18th, 1945.

We do not forget you, nor do we intend

We think of you often and will to the end.

Gone and forgotten by some you may be,

But dear to our memory you ever will be.

—Sadly missed by his wife and family.

SCA — In loving memory of a beloved son and grandson, Kenneth E. Sca, instantly killed November 17th, 1952.

You bade no one a last farewell,
You said goodbye to none;
Your spirit fled before we knew
That you from us had gone.
At night the silent stars look down
On a grave not far from here;
Where lies the one we can't forget.
The one we loved so dear.
We've asked the age old question,
Why oh why.
Should one so loved and needed
Have to die.

—Sadly missed and lovingly remembered by Mom and Dad, Sisters and Brothers and Grandfather.

St. Paul's W.A.

The November meeting of St. Paul's W.A. was held in the Church Parlours on Tuesday afternoon of last week with a good attendance. Following the usual opening exercises the minutes of the last meeting were read and approved. Correspondence was read and dealt with and a motion that \$5.00 be sent to the Deaconess Fund at Toronto was made. Calling committee for November are Mrs. H. C. Bird and Mrs. W. T. Elliott. Plans were completed for the Tea and Bazaar in December.

The programme was arranged by Mrs. E. Munro and was presided over by the President, and opened by singing hymn 378. Mrs. Free led in prayer. Mrs. R. Stapley read the Scripture Lesson taken from 12 Chapter of Matthew. Mrs. H. West in her fine voice sang, a Beautiful solo, "The Lord's Prayer," accompanied by Mrs. Baker. Mrs. Ed. Hearnshaw gave a reading, "Domestic Tragedy."

Guest Speaker

Mrs. H. C. Martin, who was the guest speaker, in her capable manner, gave a book review and chose as her book, "Peter Marshall," the story being written by his wife, Katharine Marshall. Peter was a man whose whole life was dedicated to God and his fellow men. A true story of a great modern minister and a warmly human personality. His inspirational leadership has made its mark on countless thousands of people.

Peter Marshall was dynamic individual who drew many of his ideas for prayers and sermons from his own life and experiences. After graduation he began preaching in small towns of Georgia. He was also a popular minister of the Westminster Presbyterian Church. In 1937 he was called to Washington and wherever he preached he left behind him churches with larger and more energetic congregations than when he came. In 1947 and until he died in 1949 he held the appointment of Senate Chaplain.

Following the benediction a dainty lunch was served. Mrs. W. T. Elliott voiced the thanks of the W.A. to Mrs. Martin and all who helped in any way on the afternoon's programme.

Allan's Mill

On Friday evening friends and neighbours met at the Union School in honour of Mr. and Mrs. O. Althouse (nee Audrey Sweet) and tendered the newly weds a miscellaneous shower.

On Saturday afternoon the wedding took place in St. Mark's Anglican Church, Bonarlaw, of Mary Neal, daughter of Mr. and Mrs. Wm. Neal, and J. Fraser. Canon Brownlie officiated and a reception was held at the bride's home.

Mr. and Mrs. Jas. Spry spent Friday evening with Mr. and Mrs. G. Burkitt.

Mr. and Mrs. T. Kerr, of Ottawa, spent a few days with Mr. and Mrs.

R. Wellman.
Born on November 8th at Belleville General Hospital to Mr. and Mrs. Ralph Wellman, a son, David Ernest. Mr. and Mrs. A. Burkitt spent Thursday afternoon with Mr. and Mrs. L. R. Green, Marmora.

Big Contract Four-Lane Highway

The H. J. McFarland Construction Company have already levelled three miles of the new four-lane highway between Trenton and Belleville. This speedway will run about two miles north of the present No. 2 highway and will extend for a total of 10.7 miles. The McFarland contract covers 5.7 miles of the project. In order to make the new thoroughfare completely free from curves, four buildings will have to be removed from the route. There will be a cloverleaf constructed at the intersection of the Foxboro Rd. Work is proceeding at the rate of a mile and a half a month, requiring a million dollars' worth of equipment.

St. John's Church Little Helpers

Twelve members of the Little Helpers and fifteen parents and members of the Senior W.A. held the annual service and party on Tuesday at 4.15 p.m.

The service, conducted by the Rector, consisted of two hymns played by Mrs. E. Morrow, organist for the W.A., special prayers and the Members' Prayer. All members brought their offering boxes which were decorated. The collection was over eleven dollars.

After the service a short business meeting was held in the hall with Mrs. Edgar Morrow retiring Little Helpers' secretary, in the chair. Mrs. H. Rodgers, president of the senior W.A. welcomed the members and parents to the meeting. Mrs. S. McArthur is to carry on the work until the January annual.

Several games were played under the direction of Mrs. McArthur and Mrs. Secker, after which a dainty lunch was served.

There are thirty-five members, six of them being newcomers in 1953. Mr. Secker thanked the Senior W.A. on behalf of the Little Helpers for a lovely party.

Hello Homemakers! During the housecleaning spree of the kitchen, we sort out spices to relegate to the top shelf until next year's pickling sessions. Then, one by one, each bottle was brought back to a new shelf on a door of the cupboard. We have been using them more frequently, with magic results. Our discovery has been, that the unexpected bit of spice or pinch of herbs transforms mere food into a memorable cuisine.

If you enjoy adventures in flavour, clip this list of ideas for using spices and herbs. By the way, use sparingly until you decide on family favorites.

- Bay Leaves**
1. Add a bay leaf to cooking water for tongue, corned beef.
 2. Cook a piece of bay leaf with tomato juice or tomatoes for soups and gravies.
 3. Crush a small piece (size of a dime) very fine and add to six servings of soup or stew.

Turmeric

1. Add a dash to creamed corn.
2. Add 1-2 tsp. turmeric to dumplings for foua.

Celery Seed

1. Add a pinch of celery seed to boiled cabbage.
2. Add a pinch of celery seed to mustard sauce for ham.
3. Add a 1/2 tsp. to drop tea biscuit mixture.

Celery Salt

1. Add 1/2 tsp. (for 6 servings) to vegetable soups or meat stews.
2. Flavor oyster stew or fish chowder.
3. Add a pinch to scalloped tomatoes.

Chili Powder
(pungent and nippy)

1. Add 1-2 tsp. to spaghetti sauce or stewed tomatoes.
2. Add 1 tsp. to chili sauce in place of fresh hot peppers.
3. Stir 1 pinch into sweet relish for hot dogs or hamburgers.

Curry Powder
(A combination of spices)

1. Stir 1 pinch into salad dressing for cubed meats.
2. Use 1-2 tsp. in cream sauce. Pour sauce over poached eggs or cauliflower.
3. Stir 1/2 tsp. into flour mixture for dumplings.

Ground Cinnamon

1. Combine with sugar to sprinkle over apple sauce, baked rice puddings,

- custard and apple pies.
2. Add a dash of cinnamon to hot cocoa.
3. Sprinkle over plain icing for a spice cake.

Nutmeg

1. Sprinkle over apple sauce, baked rice puddings, custards, egg-nogs.
2. Add a dash to mashed turnips or mashed sweet potatoes.
3. Add a 1/2 tsp. to 8 servings of pudding sauce.
4. Use in fruit cakes.

Mace
(Similar to nutmeg but milder)

1. Use 1 tsp. in a pound cake batter.
2. Add a dash to pea soup.
3. Add 1/2 tsp. to 2 cups sauce for fish.

Onion Salt

Use in all dishes which are improved by a little onion flavor — meat loaves, stews, gravies, sandwich fillings and such.

Allspice
(A single spice sold either ground or as berries)

1. Use in combination with cinnamon and cloves in spice cakes, cookies and fruit cakes.
2. Put whole berries in pickling syrup or spaghetti sauce.

Ground Cloves
(A strong flavor)

1. Rub over ham before baking.
2. Use 1 tsp. in fruit gelatin or syrup for candy.
3. Combine with cinnamon and allspice for spice cakes. Use exact level measurements in recipe.

Whole Cloves

1. Use for pickling beets or red cabbage.
2. Stick 5 or 6 whole cloves in ham.
3. Add 1 or 2 whole cloves to boiling onions.

Peppercorns

1. Add 2 or 3 to cooking water for tongue or corned beef or smoked fish.
2. Grind peppercorns as a substitute for pepper.
3. Add 2 or 3 to split pea soup.

Sage
(A strong aroma)

Use sparingly in meat ball mixture, meat loaves, bread stuffings or meat sandwich fillings.

Cardamom Seed
(Has hot taste)

Use 1-2 tsp. in stews or dumpling batter.

THE QUESTION BOX

Mrs. C. F. asks: Should we store Christmas cakes in the tin or foil when placing in freezer?

Answer: We do not advise freezing fruit cakes since they ripen and melt better in a cool dry place. Wrap in aluminum foil and store in a crock,

tin or plastic container.

Mrs. T. S. asks: What makes silver tarnish in a dishwasher?

Answer: Silver will tarnish in districts where water contains a lot of sulphides even in dishpans. Soften the water with a conditioner and select a can or box of part soap and part detergent or a syndet.

Mrs. K. D. asks: What makes the attractive glaze on baker's fruit tarts?

Answer: This is accomplished at home by adding a half-teaspoon of apple jelly on top of each filled tart before baking.

Optimistic Report By Chairman of Bethlehem Steel

Eugene G. Grace, chairman of the Board of Bethlehem Steel, has made the following report concerning the progress of the Company in the first nine months of the current year:

The Bethlehem Steel Corporation broke all its previous records for profits, production and steel shipments in the first nine months this year. And its September quarter earnings were at a new high peak for any third quarter.

Making this report recently, Eugene G. Grace, chairman of the nation's second largest steel producer, echoed optimistic statements by other major steel-makers earlier this week when he said:

"We see no reason why our operations should change to any extent through the balance of this year. We have just finished checking our sales districts throughout the country and found them generally optimistic — to a point where we look for good operations at the beginning of the new year. Some falling off would not hurt us much, but we expect good business throughout 1954."

Quarter's Net \$34,030,204

The company's net income for the quarter ended September 30th was \$34,030,204, equal to \$3.38 a common share. This compared with \$28,534,103 or \$2.81 in the previous month, when the net was reduced by an income tax adjustment, and with \$17,116,975 or \$1.62 a share in the strike-affected third quarter last year. The previous September quarter record was in 1950.

For the first nine months, Bethlehem reported net of \$93,525,340, or \$9.25 a share, against \$41,421,705 or \$3.81 a share in the year ago period which included the two-month steel strike. The company's previous best nine months profit was \$90,800,000 or \$8.96 a share, reported in 1950. Its net billings for the latest nine months were \$1,569,867,612, compared with \$1,174,326,516 for the previous like period.

Directors declared the usual dividend of \$1 on the common stock payable on December 1st to holders on record November 9th.

The company's steel-making operations in the third quarter were reduced by a two-week strike in the Lackawanna plant during September and averaged 96.5 per cent of rated capacity. Bethlehem currently is operating about 10 per cent of its theoretical capacity as rated at the beginning of the year.

13,376,000 Tons Produced

The corporation produced a 13,376,000 tons of ingots and steel for castings in the first nine months, compared with the previous record of 12,213,000 tons in the comparable period of 1951. It shipped 9,697,000 tons against the earlier record of 9,085,500, also in 1951.

Mr. Grace told newsmen after the directors' meeting that Bethlehem order backlog on September 30th amounted to \$730,000,000, a decline of \$109,000,000 from the end of the previous quarter. Of this reduction, he said, \$30,000,000 represented a decline in shipbuilding orders and \$50,000,000 represented order cancellations over and above what the company considers the normal cancellation rate, plus write-offs of tonnages previously ordered set aside by the Government for defense users. The remaining \$29,000,000 represented a decline in "ordinary current new orders," he explained.

"Our fourth quarter order book thus has given effect to all abnormal cancellations and the droppings of defense set-aside tonnages," he said.

Prevention of The Common Cold

During the last few years "cold preventives" have come in for a great deal of publicity, but nothing to date has withstood the test of time. Injections, pills or liquids, they all have

been overcome by the cold germ. Even the wonder drugs have no effect on the common cold.

At this stage of knowledge it would appear that careful attention to general health, directed toward improving bodily resistance to infection, is the only opportunity available to us in reducing the discomfort from this common ailment. Proper rest, the right kind and amount of food in the daily diet, appropriate clothes for the weather and careful attention to general body hygiene are important in developing resistance to infection. The correction of body defects which predispose to respiratory infections and complications is also important. Since colds appear to be spread by droplet infection, avoid "cold" contacts. If you have a cold, keep it to yourself.

Treatment of The Common Cold

There are no specific treatment measures which will affect the course of the common cold once you have one. There are certain measures which are useful in relieving the unpleasant symptoms of a cold. A hot drink, an "aspirin" and a good night's rest are probably as good as any of the many which are advocated.

Sulpha drugs and penicillin preparations do not appear to affect the course of the common cold. For this reason, in addition to the possible untoward effects of these drugs on certain individuals, they have no place in the treatment of uncomplicated colds.

Where these drugs are indicated they should be used only on the advice of and under the supervision of your physician.

The Funny Side

November is such a dull, dreary month that it seems a good idea to start off with a little humour.

Did you hear about the tall, dark, handsome customer who wandered into a downtown book store and asked a pretty young clerk, "Have you a book called 'Man, the Master of Women?'"

The pretty, young clerk looked him in the eye and answered, "Fiction department on the other side, sir."

Then there was the doctor who told his patient's wife that he didn't like her husband's looks. She replied, "Neither do I — but he's good to the children."

And speaking of children, there's one bright youngster we'd just as soon not meet.

Said his father, "Stop reaching across the table, son. Don't you have a tongue?"

Sure, pop, but my arm is longer."

NEWS FOR THE BUSY FARMER

IMPROPER FEEDING

At this time of year, and throughout the winter months, particular care should be taken in the feeding of Dairy Cattle in order that only first grade milk and cream will be produced.

J. C. Palmer, Instructor Inspector of Dairy Plants, Ontario Agricultural College, Guelph, has called attention to the fact that such things as turnips and rape should never be fed before milking.

While turnips are considered an excellent cattle conditioner, they should always be fed after milking. Otherwise, the cream will have a strong, offensive flavour and will have to be rejected by the creamery or made into an inferior grade of butter.

Too much of the milk and butter produced in areas growing turnips and rape is lowered in grade by the practice of allowing cows to eat these highly flavoured feeds before milking. Cows should be removed from rape pasture three to four hours before milking time. Once the cow begins to eat it takes a very short time for the feed flavour to reach the milk, and if the feed flavour is objectionable, then the flavour of the milk will also be objectionable.

Farmers are urged to improve their feeding habits by allowing their cows to eat strongly flavoured feeds only after milking has been completed.

EXPORT MARKET FOR HOLSTEINS IS GOOD

According to G. M. Clemons, Secretary of the Holstein-Friesian Association of Canada, the demand for Canadian Holsteins for Export purposes has been good this year. To the end of October, 15,170 head have been exported to Foreign Countries, as compared to 12,462 head in 1951, the last comparable normal year. This is an increase of 22%. The increase was obtained despite the fact that shipping this year did not begin until March when the Foot and Mouth embargo was removed, although some animals had been bought previous to that time.

So far this year, purebred Holsteins have been exported to thirty-nine States in the U.S.A. and to Argentina, Central America, Colombia, Mexico, and Venezuela.

Cattle dealers report that the demand for the export market is strengthening this fall. This is borne out by the record of exports in October. 1,296 head were shipped as compared to 1,041 head in 1951, a gain of 24%.

QUEEN'S GUINEAS CLASS ATTRACTS 151 ENTRIES FROM 4-H BEEF CALF CLUBS

Thursday, November 10th will be a red letter day in the lives of some 151 young farmers of Ontario for on that day some 4-H member will carry off the Queen's Guineas for his or her Baby Steer at the Royal Winter Fair.

R. G. Bennett, Associate Director of Extension, Ontario Department of Agriculture, recently announced that 151 4-H Beef Calf Club members have entered the Guineas Class and that there was every indication of keen competition for the coveted award.

In addition to the prize of 60 guineas the owner of the champion steer will also be awarded the T. L. Kennedy challenge trophy. Exhibitors of the championship steer in other breeds will be awarded a cash prize of \$100.

All exhibits in the Guineas Class must arrive at The Royal not later than 1 p.m. Wednesday, November 18th. The classes will be judged on

Thursday, November 19th with the winners being paraded that evening during the horse show. All exhibits will be sold on Saturday, November 21st.

Designed to stimulate the interest of farm youth in the raising of better beef cattle the Guineas now follows closely on the heels of the spectacular Royal Horse Show in public interest and appreciation.

The Queen's Guineas Class actually had its origin nearly a century ago when a fund was set up by King Edward VII, then Prince of Wales, for the purpose of encouraging agriculture in Ontario.

The fund, now held in trust by the Ontario Department of Agriculture, has been translated into \$250, which, with the receipts from the subsequent auction of the animal, results in a sizeable return to the young farmer.

Our Needs Few Our Wants Many

There is more nonsense spread and belloped about our standard of living than about anything else concerning our welfare.

Promoters of pressure groups have persuaded their followers, by the millions, to abandon their common sense in making demands upon the rest of the people, who in turn do the same thing.

Daily the demands of pressure groups are denying the right to a standard of existence to those who cannot pass on to employers or customers the cost of a mythical standard of living.

Most Canadians are suffering from over-eating. Only the great many who have been robbed of their savings by the inflation, created in an attempt to give the pressure groups more than their share, are finding it hard to get enough nutritious food.

Those who are suffering from lack of homes are the victims of those whose labor constitutes more than 80 per cent of the cost of the new homes.

Most earning, urban families could supply all their needs on one half of their family incomes and enjoy the standard of living of the millions of Canadians whose purchases of needs provide employment.

Additional Blood Donors Wanted

The Canadian Red Cross Society has announced that additional blood donors will be required to supply blood for the gamma globulin project of the Department of National Health.

The Minister of National Health has requested the Canadian Red Cross to undertake the collection of blood for the processing of gamma globulin. This is in addition to the Society's present commitment to supply whole blood for civilian hospitals and blood products for emergency stock-piling purposes.

The responsibility of the Canadian Red Cross is limited to the collection of blood. The processing will be undertaken by the Connaught Medical Research Laboratories University of Toronto, with financial assistance from the Federal Government.

The total quantity of gamma globulin produced by the laboratories will be allocated and distributed by the Department of National Health, on the advice of an Advisory Committee, to provincial public health authorities and will not in any way be the responsibility of the Canadian Red

Cross Society.

Gamma globulin is that part of human blood which contains protective antibodies against certain diseases and is believed to be effective in the prevention or lessening of the severity of paralysis in poliomyelitis. It takes approximately one pint of blood to make an average dose of gamma globulin.

Gamma globulin is not a cure for polio nor is it a vaccine and one dose protects a child only for a period up to five weeks following injection.

Only a small quantity of gamma globulin was manufactured prior to the summer of 1953 even with the processing laboratories working at maximum capacity. It is hoped additional blood and increased processing facilities will assure sufficient quantities of gamma globulin to combat polio in Canada during the 1954 season.

CONSERVATION NEWS!

Hunters Asked to Aid In Forest Fire Prevention

One fire occurred on October 25th on Lot 17, Concession 16, Township of Anglesea, about 2 miles north of Loon or Skootamatta Lake. The smoke was spotted and the fire brought under control with a minimum of delay and despite the very dry weather only 2 acres were burned over. The cause of the fire appeared to be another case of burning, smoking material being carelessly tossed away. Although this point could not be definitely established.

Outside of the fire District on Lot 2, Concession 5, Township of Kalladar, a camper left a campfire to be the focus of a fire which eventually spread over 6 acres.

Deer hunters have now invaded the forest in full force and they are asked to use every precaution in keeping all fires under control. The very dry fall has dried out the forest floor to some considerable depth so that a fire will run a few hours after a heavy rain. It takes very little time to properly extinguish a camp fire or to assure that cigarette butts or pipe heels are out.

Over-Anxious Hunters Come To Grief

Possibly 15 hunters or more could not sit and wait for the season to open, and after getting the camp established, started, gun in hand, to stalk the deer with the result that Conservation Officers picked up 9 guns along the Madawaska River and 4 in the Schooner-Fortune Lake area.

It's unfortunate that the elaborate plans for the hunt did not include one or two days of relaxation before the strenuous work started thus eliminating the disappointing loss of good guns.

Logging Operations 1953-1954

Plans are completed for winter scaling of the annual crop of forest products removed from crown lands under timber licenses in the northern part of the district. It is estimated by Department staff that 40 to 45 licensees will again be in operation removing some 19,000,000 board feet of saw timber and at the peak of the work some time in January will employ 900 men living in 45 logging camps throughout the forested area of the Tweed District.

To handle the measuring of this timber, 16 scalers and assistants are employed, 6 of whom will also perform check scaling duties. At the present time these men fresh from fire protection duties which is their summer work, have been assigned to the operations on which they will work and all are in readiness to get into the woods when operations get underway in earnest after the hunting season.

This season, in addition to the measuring to timber on his area, each scaler is expected to administer the provision of the new Crown Timber

Act in relation to wasteful forest practices. This involves the periodic inspection of the whole cut over area with special emphasis being placed on high stumps, long butts, large tops and other cutting infractions. In addition, the scaling supervisor is expected to visit all operations to inspect the areas where problems arise and to act in an advisory capacity both to the scaler and operator.

The scaler's task is not an easy one as he battles deep snow, bad roads and inclement weather. However, to these men nurtured by the forest industry, these deterrents are more than offset by their intimate relationship with Ontario's great outdoors.

The Mystery of the Missing Trout

Conservation Officer John A. Shannon, of Madoc, reports that one lake in his area has been the cause of much discussion and argument. It seems that although stocking of speckled trout has been carried out for some time results have been very disappointing, only three trout being caught in later years. The other day Biologist Ken Irizawa tested the lake with a gill net an din about an hour and one half produced numerous suckers, four pickerel and one trout. Apparently someone had introduced pickerel with the lake, possibly in ignorance of the detrimental affect such a procedure would have on the trout population.

NORTH BAY BOOMING

North Bay's population now stands at nearly 20,000. From 1930 to 1945 the population hovered around the 16,000 mark.

Deloro Youth Wins High Praise From Seattle Writer

A Seattle paper gives star rating to Wayne Brown, son of Mr. and Mrs. Wm. Brown. Deloro, in a recent article.

Hewetson Brown.

Deloro, you should know, is a wee wink of a town in Ontario, 120 miles east of Toronto and 15 miles east of the railroad. It has 300 inhabitants including Wayne Hewetson Brown.

Brown, you already know, is a left-wing on the Bomber hockey team. Thereby all Deloro-ites have heard of Seattle.

Team's Leading Scorer

Brown, like Deloro, is tiny. He's 5-8 and 165 pounds — on generous scales. But his feats are big. He is tied with Guyle Fielding for the Bomber scoring lead, 10 points; uses the largest hockey stick, and owns one of the hardest shots—he once scored a goal from center ice, 90 feet out.

The unwarranted velocity of Browns' left-handed shots comes from the unwarranted strength of his forearms —unwarranted because the left forearm has a two-inch scar which still hides a piece of shrapnel.

Brown, 22, was "wounded" in St. Catharines, Ont., where he works in an ammunition plant during the off season. One day he ran into a 60-millimeter shell whose nose was too large to fit the casting. Wayne heated the nose, put a die on it and began pounding in the shell. All Brown can describe about the incident is that the hammer broke, the shell broke — he's got a scar and shrapnel.

Self-inflicted wounds are a pattern with Brown. He's probably the only

hockey player who stuck his own skate into his own spine.

It happened in his 'amateur' days. He was careening around the net, hit a crack in the ice, fell on his left skate and finished with a 1½-inch cut below his spine.

Those amateur days make for a lot of conversation in the Bomber dressing room. Brown was with the St. Catharines Teepees and his Bomber teammate, Paul Oliver, was with the Waterloo Hurricanes. And Brown never fails to remind Oliver of those Hurricanes — a group which lost 29 straight games. Everyone in Ontario wanted to meet that Waterloo.

In his final year with the Teepees, Brown got 35 goals and 45 assists and caught the eye of Baldy Cotton, Boston Bruin scout. The Bruins signed him and sent him to Tacoma for 1951-52.

As a Rocket, Brown scored 23 goals and 30 assists for 53 points and nearly duplicated last year with 27 and 24. He came along to the Bombers fizzle from the Western Hockey League and Muzz Patrick was grabbed as coach by the Bombers.

It's Brown's ambition, of course, to play with the Bruins. On his present play, he's headed that way. His 10 points include six goals and four assists.

If he keeps going, Deloro will be known to all Seattle—and Boston — Marmora Herald.

TRANSITION

A little more than 50 years ago, the Canadian Pacific Railway introduced to Canadians their first internal combustion self-propelled rail car (Inset). This month (November) the C.P.R. is placing in service four of the very latest in self-propelled cars — the Budd RDC's. Patterned along "Toonerville Trolley" lines, the old gasoline-powered, single truck rail car was 13 feet long and carried 1. passengers. Today's 90-foot Budd car carries 89 persons and is air-conditioned. Old 502, the first of the breed in Canada, was also air-conditioned, but in a primitive sort of way — she had open sides. Unimpressive as the old car, she can still lay claim to being the forerunner of the modern, stainless steel, streamlined rail hiesel cars which today are providing service between Montreal and Mont Laurier, Toronto and Detroit and Detroit and North Bay and Angliers. The original rail car, built in 1902, operated from Montreal's old Place Viger Station to Ste. Therese.

Mumby - Vardy Nuptials At St. John's

St. John's Anglican Church, Stirling, was the scene of a very pretty wedding at 2:00 p.m. on Saturday, October 24th, when Alice Evelyn, eldest daughter of Mr. and Mrs. Wm. E. Vardy, Stirling, became the bride of David Edward Mumby, son of Mr. and Mrs. Angus Mumby, of Molra. Giant white mums and fern formed the setting for the ceremony performed by Rev. H. C. Secker.

Mrs. Harry Morrow, of River Valley, rendered the wedding music and accompanied the soloist, Mr. William Reynolds, who sang, "O Promise Me," before the ceremony and "O Perfect Love," during the signing of the register.

The bride, given in marriage by her father, looked charming in a street-length frock of navy blue rayon crepe, with three-quarter length sleeves, trimmed with deep white lace cuffs. She wore a white picture hat and white gloves, a corsage of red roses and a set of rhinestone jewellery, the gift of the groom.

The bridesmaid, Mrs. Doug Mumby, sister-in-law of the groom, wore a street-length frock of navy blue crepe, trimmed with white piping and rhinestones. She wore a navy hat, white gloves and a corsage of red sweet-heart roses.

Mr. Doug Mumby, brother of the groom was best man. The ushers were Messrs. Glen Elliott and Jim Yull, of Stirling.

A reception was held for thirty-eight guests including Mrs. Elizabeth Christie, of Stirling, great aunt of the groom and Mrs. Teenie Mayhew, of Maple Leaf, great aunt of the bride.

The bride's mother received in the Parish Hall of St. John's Church wearing a dress of cerise crepe with wine accessories and a corsage of white carnations. She was assisted by the groom's mother in a purple shot taffeta dress with black accessories and a corsage of white carnations.

The bride's gift to the bridesmaid was a china cup and saucer. The groom's gifts to the best man and ushers were gold tie clips. The bride and groom's gift to the organist was a china cup and saucer and to the soloist a gold tie clip.

At 4:30 the guests partook of a lovely dinner served by St. John's Ladies' League. The bride's table was centered with a 4 tier bride's cake, beautifully decorated by the groom's mother.

For travelling the bride chose a navy suit with matching accessories and a corsage of red roses. They motored to Bancroft, Pembroke, Ottawa and eastern United States.

They are at home to their friends at 92 Grier St., Belleville. Out-of-town guests were present from Combermere, Maple Leaf, West Huntingdon, Harold, Roslin, Stockdale and Gananoque.

St. Andrew's W.M.S.

The November meeting of St. Andrew's W.M.S. was held in the Church Parlours on Tuesday afternoon. Mrs. L. Rodgers opened the meeting with a word of welcome to the members and visitors. The hymn, "O God Our Help in Ages Past," was sung with Mrs. W. H. V. Walker at the piano. Mrs. C. B. Rollins read the Scripture Lesson which was the 20th Psalm. Mrs. Rodgers led the meeting in prayer and all joined in repeating

the Lord's Prayer.

Mrs. W. L. Munro conducted the roll call. The word "sacrifice" was the key word. Members are urged to remember the key-word for next month which will be "peace." She also read the minutes of the last meeting.

Mrs. Fargy opened the second part of the meeting. After the singing of a hymn, Mrs. Roy Eggleton gave a splendid reading on "Remembrance." We must continue to perpetuate the memory of our heroes. We must protect their heritage by making our lives in keeping with their examples.

Mrs. W. L. Anderson gave a very instructive reading entitled, "Canada Remembers." She then gave the topic, "Christ In Our Homes." Is not the making of a home where Christ may abide a wonderful opportunity and a great privilege. Such homes are the pillars on which the nations are built. May Christ help each one of us to make our homes ideal, clean peaceful places where He may abide with us and our children may be blessed. Women of all lands yearn for the day when it will be possible to set about building a new and better world. This is our day and generation. We pass this way but once. What is our contribution.

Fading away like the stars in the morning.
Losing their light in the glorious sun;
This would we pass from the earth and its toiling,
Only remembered by what we have done.

Mrs. R. H. Williams spoke for the Glad Tidings. She urged that every lady in the congregation should be a reader of this magazine. Mrs. O. Clapper sang, "In Flanders Fields," accompanied at the piano by Mrs. Williams. Mrs. S. McIntosh, the Library Secretary, asked that members bring to her copies of old Church magazines which will be sent to the Mission Field to cheer the folks there. Presbyterian Records and Glad Tidings will be very acceptable.

Mrs. H. Rollins closed the meeting with prayer.

Mrs. Don Fargy, Mrs. Earl Fox and Mrs. Chas. Fargy served afternoon tea, which was enjoyed by all. Mrs. W. H. V. Walker on behalf of the Society, thanked the committee as well as any who had taken part in making such a worthwhile meeting.

Merrie Bowlers

High single and high triple for the week was won by Barbara Noble with scores of 261 and 678 respectively in the Merrie Bowlers League.

Rawdon Council

Rawdon Township Council met on Monday, November 2nd with the members all in attendance.

The Council and Assessor having been sworn in as a Court of Revision, reverted to the Assessment Appeals as follows: (1) P. D. MacMullen, no action; (2) Wm. O'Shea, mark off one dog; (3) Fred Sutherland, lowered \$75.00; (4) Joe O'Neill, mark off one dog; (5) Mrs. Ida McMullen, mark off one dog.

Cooney and Saries that the Assessor having turned in the Assessment Roll for 1954, it was authorized to pay his salary of \$235.00.

Spry and Mumby that Clerk, Assessor and Reeve be paid \$3.00 each for selecting jurors for the coming year.

Cooney and Spry that the Treasurer of the City of Kingston be paid \$23.03, relief voucher.

Mumby and Saries that the Clerk write to the Clerk of Thurlow Township, accepting his method of using the punch to mark the ears of the fox pelts for bounty.

Spry and Saries that Gordon Bailey be paid for one sheep killed by dogs and Albert Twiddy for one inspection.

Mumby and Cooney that Road Voucher No. 10A for \$2398.94 be paid.

Council adjourned and will meet

on Wednesday, December 2nd at 1:30 p.m.

Executive of St. Andrew's Club Met

The St. Andrew's Club held an executive meeting at the home of Mr. and Mrs. O. Dalrymple on Tuesday evening, November 10th. Plans were made for the next meeting which is to be at the home of Mr. and Mrs. Carl Bateman on Monday, November 30th.

It was decided to hold the Annual Candlelight Service on Sunday, December 13th. The January meeting will be at the church in the form of a pot luck supper.

Rev. W. H. V. Walker opened and closed the meeting with prayer. Mrs. Dalrymple, assisted by Mrs. C. Bateman, served a dainty lunch to bring the evening to a close.

Major R. McCleary

(Continued From Page One)
once was made to those "who rest from their labours."

"Sunset and Evening Star," a Centennial request number was feelingly sung by a mixed quartet, Mrs. Wm. Wilkins, Miss Marlene Moorcroft, Mr. Douglas Pyear and Mr. Thomas Wells. Stainer's Anthem, "What Are We?" was effectively sung by the Senior Choir. The Royal Choir sang, "Shubert's Litany," in a gracious ministry to every worshipper.

Mr. C. E. Macklin, chairman of the ushers, with his staff did a fine job throughout the day. Mr. W. T. Elliott generously supplied the necessary transportation for the guest speaker and highland piper.

St. Andrew's Club West Huntingdon

A delicious turkey supper was served the members of St. Andrew's Club on Friday evening in the Sunday School rooms of St. Andrew's Church.

A short business session was held following the supper. It was decided to hold the December meeting at the church when all members of the congregation will be invited. The children will present a Christmas program.

H. J. Wells Chairman of Local Committee Hospital Building Fund

Campaign Opens Friday and Ends December 5th — Objective \$3,000 for Town

Harold J. Wells has accepted the chairmanship of the Stirling Committee of the Belleville Hospital Building Fund. Associated with him will be Reeve R. K. West, R. A. Patterson, A. O. Dalrymple, Dr. Wm. Cornett, Dr. E. A. Carleton and H. R. Tompkins. Objective \$3,000.

To provide desperately needed facilities for the Belleville Hospital the campaign to raise \$1,250,000 is under way and the Stirling Committee has set an objective of \$3,000 for the village.

"It is the responsibility of each of us to realize the urgent need of better hospitalization facilities in our area," stated Mr. Wells, in accepting his appointment. "The rapid growth of population in the area, and the increased use of Blue Cross and other prepaid hospitalization plans have overtaken present accommodations and unless something is done it could well be that some Stirling resident or a member of his family would have no place to go in time of serious illness. The best hospitalization plan in the world does not guarantee a hospital bed when it is urgently needed if one is not available."

Campaign Opens Tomorrow

The local campaign opens tomorrow, (Friday) November 20th and will continue until December 5th. Citizens are reminded that it will not be necessary to make a cash donation but pledge cards may be signed for a three to five year period. Donations will also be taken at the Bank of Montreal, R. A. Patterson's store and at Stirling Creamery.

Elaine Footwear Gives \$500

Realizing the importance of good hospitalization to labor the Elaine Footwear Co., Ltd., of this village, has started the local campaign off with a \$500.00 donation. Bill's Garage has added \$120.00 and indications are there will be others of similar proportions. A complete list of donors will be published each week.

Members of the local committee are busy men and they would appreciate your co-operation in putting this appeal across. Set your sights high, and make your donation to any member of the committee. Remember you may have three to five years to pay.

Merrie Bowlers

In the last meeting of the Ladies' Merrie Bowlers League, Pearl Fraser rolled high single and high double with scores of 239 and 558, respectively.

Scout News

The Scouts met in the High School on Tuesday, November 10th with a very good turnout. The meeting was opened with the flag break by Troop Leader Ronnie Woodbeck, followed by two minutes' silence in memory of our war dead. Prayer was read by Tom Wells. Inspection was made by Ronnie Woodbeck. Patrol instruction was given by the Patrol Leaders.

The highlight of the evening was when Mrs. Lillian Ashley, Captain of the St. John's Ambulance Corp., of Belleville, took over the meeting to talk to the boys on "First Aid." Mrs. Ashley covered all the main facts on first aid in the short time she had. It is hoped to be able to run a St. John's Ambulance course in the near future so that the boys can get the St. John's Ambulance badge. It is a seven weeks course, one night each week with the last week a doctor for examiner.

November 17th Meeting

All boys were present on November 27th for a meeting at which Martin Secker and Ronnie Woodbeck told of their experiences at the Jamboree held in Ottawa last July. They also showed the picture they took and the different crests they got from the different troops there.

HAROLD J. WELLS

Rev. W. S. Irwin, father of Mrs. A. E. Baker, observed the eighty-first anniversary of his natal day on Wednesday of this week. The News-Argus, joining in wishing Rev. Irwin many more anniversaries.

Sells Business

A change in the business life of the village was completed this week when Wm. Bentley disposed of his grocery business to Robert Burgess, of town. The new owner will take possession next week. Mr. Bentley who has been in business for the past two and a half years, expects to continue to reside in the village.

Presentation To Bride and Groom

On Monday evening friends and neighbours gathered at the home of Mr. and Mrs. Bernard Farrell, Mill St., in honour of their recent marriage.

Rev. R. R. Bonsteel acted as master of ceremonies for a short program of community singing led by Frank Harding; readings by Mrs. S. McIntosh and Mrs. Lloyd Dafee, and several short speeches.

An appropriate address was read by Mrs. F. Harding and Mrs. Sid Demorest presented Mr. and Mrs. Farrell with a table lamp, boudoir lamps and magazine rack.

Dainty refreshments were served and a social hour enjoyed.

River Valley W.I. Euchre Party

The first euchre party was held at River Valley School House on Friday, November 13th, under the auspices of the entertainment committee of the River Valley Women's Institute, with eight tables in play. Guests were in attendance from Frankford, Carmel and Stirling.

The awards were as follows: Ladies' high, Mrs. Vincent McCauley, of Frankford; Ladies' second high, Miss Olive Rose, of Frankford; Men's high, Percy MacMullen; Men's second highest, Ralph Sees. The Institute members served sandwiches, cake, coffee and pickles.

There will be four more euchre parties this year, two in November, and two in December.

More than \$1,000,000 worth of paper currency, garment and laundry bags are produced annually in Canada.

Stirling H.S. Wins Championship

For the first time in four years, Stirling High School gridders captured the championship of the Centre Hastings Area on their home campus yesterday afternoon when they defeated Marmora in the second game of a home and home series by a score of 6-0. Marmora won the first game last Friday 1-0.

Stirling took the lead early in the first quarter on a daring play when Hermiston took a punt and after drawing the Marmora tacklers, lateralled to Hadley who went all the way for a touchdown. The convert was missed and the first half ended 5-0.

In the final quarter Hermiston added a single point on a kick over the deadline. Marmora kicked to the deadline but were offside on the play and the point was nullified.

In winning the Stirling squad played heads-up ball, with the line coming up with an outstanding display. Marmora were a decided threat throughout and only the strong defensive play of the locals held them off the score sheet.

Attend Marmora Legion Service

Several members of Stirling Legion, with colours, attended the church parade sponsored by Marmora Legion, at St. Andrew's United Church on Sunday.

Those present from here were Cdees. Geo. Heasman, Fred Heasman, Chas. Barnard, Harry Jones, Sherman Brady, Fred Houchin, Maj. Fraser, Ray Tanner, Lorne Faulkner, Blake Faulkner, Russell West and Wm. Robb.

Following the service a social hour and lunch was enjoyed at Marmora Legion Hall.

At Convention

Delegates from this district attending the annual meeting of the Ontario Cream Producers Association at the Royal York Hotel, Toronto, on Tuesday of this week included Mr. Harold Vardy, Tweed, President of the Hastings County Federation of Agriculture; Percy Ray, of Holloway; Ross Ketcheson, of Moira, and Allan McDonnell and George Carlisle, of Stirling.

Trenton and Stirling Churches Fraternize At Centennial Service

One of the largest evening congregations of Centennial Year met at St. Paul's United Church, Stirling, last Sunday night.

Rev. George Puttenham, B.A., B.D., minister of Grace and Johnstown Churches, delivered a powerful challenging message based on Jer. 9:2 and Romans 14:7.

Jeremiah, said the speaker, desired to live by himself, to escape from the sin and disappointments of life. He nevertheless never embraced this temptation.

St. Paul in his message clearly indicated none can really live to himself leastwise a Christian. There was no escape from the world of man. Mr. Puttenham exposed the folly of even congregations attempting to survive in isolation. Sometimes, he said, we all have trouble in getting ourselves out of the way so that we can serve God. Piercingly he enquired, is God honoured because we consent to give Him a place in our lives? The most important thing is the will of God for us. The Christian never lives to himself but carries the sorrows, the burdens of life upon his heart. He must live in the lives of the wandering and needy sons of men.

Rev. George Minelly, of King St. Church, read the evening Lesson and led in prayer. The King Street Senior Choir sang the anthems, "The Day Thou Gavest" and "Bless Thou The Lord," (unaccompanied) with Mr. Roy Kendall, A.C.C.O., presiding at the organ. A full choir gave clear interpretation of these numbers. Mrs. C.

Neighbors Welcome Family To Village

On Wednesday evening about fifty friends and neighbours gathered at the home of Mr. and Mrs. Clumpmaker, William St., to welcome them to the neighbourhood.

Rev. W. H. V. Walker was master of ceremonies for a short programme consisting of community singing, led by Frank Harding with Mrs. R. R. Bonsteel at the organ; readings by Mrs. H. Rollins, Mrs. Chas. Vance and Mrs. Chas. Devolin; solos by Mrs. Bonsteel and Bill Reynolds. A duet was rendered by Mrs. Clumpmaker and her sister, in Dutch, and four accordion numbers by Miss Erica Brochem.

An address was read by Mrs. E. Foster and Mrs. Norman Ray and Mrs. Sid Demorest, on behalf of the neighbours, presented Mr. and Mrs. Clumpmaker with a table lamp and cream and sugar and tray set.

Mr. Clumpmaker expressed appreciation on behalf of his family. He also sincerely invited all to visit them again. Pictures of the gathering were taken and lunch was served.

Water Grade 1

A sample of the water from the village water system has been graded number 1 by the Branch Laboratories of the Ontario Department of Health at Belleville, according to an announcement by Dr. E. A. Carleton, local M.O.H.

Car and Truck In Collision

A collision between a car and truck on Highway No. 14, opposite Ross Holland's property, just south of this village yesterday (Wednesday) morning resulted in considerable property damage.

Both vehicles were proceeding in a southerly direction and the car, driven by Valinda Ignats, of Prescott, skidded on the slippery road surface just after it had passed the truck owned by Wells Bros., Marmora, and ended up directly in front of the truck. The driver of the truck, who was accelerating to make the hill had no chance to avoid the crash. Damage to the car is estimated at \$300 and to the truck \$150.

Smith (King St.) sang helpfully, "Let Not Your Heart Be Troubled."

The Grace Church Male Quartet sang a pleasing gospel number, "The Galilean Call," with Grace organist and Mrs. E. Baker at the piano. These fine young men were an inspiration. Organ and piano jointly supported the fine congregational singing of familiar hymns.

Mrs. Walter T. Elliott very graciously extended a welcome to all visitors and Mr. Harold Hagerman ably expressed words of appreciation.

Fellowship Hour

Messrs. Garnet Thain and Robert Hulin played the "Holy City" in an instrumental duet. Mr. Jack Bush played as a trombone solo, "Bless This House." Mrs. A. E. Baker accompanied these numbers on the piano. These young men are an asset to our village. Visitors were present from every province in the Dominion except Quebec and Prince Edward Island as well as from England, Ireland, Scotland and the United States.

It was a grand occasion. Centennial Year congratulations were voiced on behalf of the visitors by Mr. Minelly. The thanks of the visitors were graciously acknowledged by Mrs. C. A. Wells, President of St. Paul's W.A., who directed the serving of dainty refreshments to a grand company.

Next Sunday night will be Madoc Night, with the Madoc Citizens' Band in attendance. The men of the Official Board will be at home to the visitors.

Reception Held In St. Paul's Church Parlor—Numerous Messages of Congratulation

To enjoy fifty years of happy wedded bliss is a privilege few couples enjoy. Such a privilege has come to Mr. and Mrs. Carleton Wright, Henry St., who observed their golden wedding anniversary yesterday, November 18th.

Mrs. Wright was formerly Ann Victoria McCaughen, daughter of the late Mr. and Mrs. Isaac McCaughen, of Stirling. Mr. Wright is the son of the late Mr. and Mrs. Brinton Wright, of Stirling, and was born in the home where he still resides. This happy couple were childhood playmates, attending the same school. They were married November 18th, 1903, by the Rev. Burns, the Presbyterian Minister of Foxboro. They are faithful members of St. Paul's United Church.

Reception Held In Church Parlors

A reception was held in St. Paul's Church Parlors yesterday afternoon and evening, when a large number of friends from Stirling and surrounding community called to extend best wishes to Mr. and Mrs. Wright.

The room, which was arranged in a living room setting, was tastefully decorated with bouquets of yellow and bronze 'mums and pots of tall cattails, in metallic gold and red.

A three-tiered wedding cake centred the gift table, while the tea table was adorned with a bouquet of yellow blooms and golden wedding bells. The ladies of St. Paul's served dainty refreshments.

The guests were received by Mrs. Don Donohoe, Mrs. Jack McCaughen, Mrs. Frank Rose and Mrs. Harold Morgan, nieces of the bride and groom of fifty years, while the guest book was in charge of Mrs. R. B. Duffin, Mrs. G. W. Jones, Mrs. Harvey Pitcher and Mrs. Earl Luery.

Inviting the guests to the tea room were Mrs. C. A. Wells, Mrs. W. T. Elliott, Mrs. C. L. Hutton and Mrs. Geo. Carlisle, and those pouring tea were Mesdames Volney Richardson, N. E. Eggleton, A. E. Baker, W. H. V. Walker, Geo. Meggison, W. C. Pittman, A. E. Good, H. C. Martin and E. G. Bailey.

Those serving were Mesdames Carl Potter, Harold Wells, Guy Bradshaw, Lorne Wilson, Ken Belcourt, Roy (Continued on Page Eight)

Canada Cement Employees Raise \$7,000 For Hospital

Employees of the Canada Cement Company, Point Anne, will lead the way among industrial plants in the area in canvassing on behalf of the Belleville Hospital Building Fund. This announcement was made by Edward DeLeeuw, President of the United Cement, Lime and Gypsum Workers International Union. Local 219 A.F. of L. and A.F. Whitehead, Vice President of the Union.

In a joint statement Mr. DeLeeuw and Mr. Whitehead said that the employees of Canada Cement had already raised amongst themselves \$7,000 to provide the visitors waiting room in the new hospital. Mr. DeLeeuw and Mr. Whitehead said that organized labor throughout the area were generally well aware of the expanded need for new hospital construction. Labor, the largest population group in the area, is more dependent upon the hospital than any other one group of people.

"This is the only hospital we have for the care and protection of our family," the statement continued. "Although many of us have the tendency to complain about our hospital we must appreciate too the problems that have for some years been confronting the hospital staff. We know that a large section of the hospital is obsolete and difficult to maintain. Overcrowding and the necessity of placing patients in corridor beds has created tension, not only with patients and their families, but with the hospital staff itself. We believe that with the new hospital wing many of these problems will eliminate themselves.

So that we of the labor family may get a closer understanding of hospital needs and problems, discussions have been under way for some time to place a member from labor's ranks on the Board of the Hospital. The unanimous recommendation recently put on record by the present members of the City Council of Belleville for the 1954 Council strongly indicates the awareness of the need for labor representation in hospital management so that labor can play its true part in guiding hospital policies for the benefit of all in the community.

Commenting on the union's decision Mr. J. H. Legate, Superintendent of the Canada Cement plant at Point Anne said he was aware of Labor's interest and concern with hospital conditions in the community. He felt that members of the union had given long, careful thought to the part they would take in the present hospital building program.

Mr. Legate said "It is important that each of us play a part, whether it is management, governments or labor, in making this essential service available to all people in the community. It is gratifying to see governments, corporations and employees joining forces to bring this urgently needed building program to a successful conclusion.

Mt. Pleasant W.M.S.

The November meeting of Mount Pleasant, Rawdon, W.M.S. Auxiliary was held Wednesday, November 11th at the home of Mrs. Herbert Smith.

Nineteen members, thirteen visitors and several children were in attendance.

Mrs. Eric Summers presided over the Devotional and opened with, "O God of Love, O King of Peace." Mrs. Carleton Potts read the meditation on Armistice. Mrs. K. Weaver presided at the piano. The leader read selections on the theme, "Are We Peacemakers?" and verses of "These Things Shall Be," were sung as responses.

The President, Mrs. Burton Sharpe, then took charge. Mrs. Percy MacMullen gave her report. The roll call and friendship calls were recorded. The treasurer's report gave \$168.00 remitted for nine months and \$44.00 for October. Miss Shirley Potts gathered the offering. Several articles for a layette were handed in. Thanks was extended for letter of sympathy received. The President and Rev. R. R. Bonsteel each spoke briefly. A nominating committee was appointed to bring in a recommended slate of officers at the December meeting. The Christmas meeting will be held at the home of Mrs. C. Potts.

Miss Eleanor Smith contributed a piano solo. Mrs. Blake Sharpe read a Citizenship message on "Literacy" and Mrs. Ross Hoard presented "Stewardship."

Mrs. Frank Jeffs, Mrs. Roy Thrasher and Mrs. R. Hoard synthesized the

recent W.M.S. Rally. Miss Ruth Linn sang, "In The Garden." Following thanks for hospitality and programme the hostess and her assistants served light refreshments.

Salem W.A.

The November meeting of Salem W.A. was held at the home of Mrs. Ivan Saries with 33 ladies present. The President, Mrs. Mayo presided over the sessions.

Minutes were read and the treasurer's report given. Mrs. Carter offered her home for the December meeting.

The programme was prepared by Mrs. Clements and opened with hymn 376. The Scripture reading, taken from Matthew 18, verses 25 to 21, was read by Mrs. Murney Johnston. Mrs. O. Jackson led in prayer. Readings were given by Mrs. Geo. Sine and Mrs. L. Hagerman. Mrs. Colden favoured with a solo.

Mrs. Sagar prepared the topic on "Fellowship," and read by Mrs. F. McGee. Mrs. J. B. Hagerman read a poem composed by Mrs. Mayo. "To A Shut In." Hymn 662 was sung and the meeting closed with the benediction.

Mrs. A. Twiddy voiced the thanks of the Association to the hostess, to Mrs. Sagar and to others who assisted with the programme. Lunch was served by the hostess and her assistants.

What Others Say!

BE KIND TO THE AGED

(By Harry M. Moore)

We have always counted among our best friends the men who run the "tensorial parlours," commonly known as barber shops. As a newspaperman we have been indebted to them on more occasions than we can remember for tips or leads for some of the finest news stories we have ever written. Now on the premise that we are still good friends, and particularly well aware that if they must exist at all, they must, like other business men, raise their rates, we would tell them something: Please go easy on the aged!

Now, everyone must know that as a man grows older he loses his hair. In fact, few men who have reached life's midstream have half the crop of hair they started with just a few years before. But that is just the beginning, as the years roll on, the hair disappears, quits growing any more, except around the edges — if there are any edges.

Now, if we were a barber, we'd give all the young men the works. If they insist on having such a head of hair, make 'em pay for it. Anyway, they want to look smart and neat and possessable, don't they? But after a man has reached mid-age, we would go easy on him.

In fact, for any customer of ours, who had permitted us to cut his hair all through the years and had any left, we would lower the rates for him, barbers' union or no barbers' union.

And this is what we should do if a bald headed man accidentally dropped into our shop. We'd head him gently to a chair, sit him comfortably, tuck a towel under his chin, talk kindly to him, brush him off, make him pay a dime just for showing him that we still consider him a man — a human being — and then with a word of sympathy and advice we would lead him to the door.

Yes, if we were a barber we'd make those young gaffers pay plenty for having such darn nice hair, and we'd cut our rates for the hairless or nearly hairless, according to the crop (of hair we mean). All of which is respectfully submitted to our friends, the barbers, to deal with as they see fit. —Eganville Leader.

GOVERNMENT DIRECTS BANKS

What evil genius has persuaded the government to force the banks into the mortgage business?

Has the government forgotten that the first duty of the banks is to their depositors? Banks are the custodians of the people's savings and must keep those savings where they can be repaid on demand, or on short notice. It is the government's duty to see that this is done.

Has it forgotten that the thousands of American banks that had to close their doors during the depression were the victims of the policy of lending money against not liquid securities?

Has it forgotten that the last bank failure we had in Canada was due to the fact that the bank in question had too much of its depositors' money tied up in real estate?

One would think that when the citizen has paid his taxes in full he should have the right to put any savings he might have left in a place where the government could not lay its hands on them.

But our government seems to think it has a divine right to all the money that bears the King's image, and that such right continues even after it has sold the money to the people at fabulous profits.

Since the government took the printing of money out of the hands of the banks, where it could be effectively controlled, and kept it in its own hands, which are exempt from all control, our dollar has lost half its value, and all those people who owned Canadian dollars, or securities expressed in Canadian dollars, have lost half their savings.

Now, in the latest move, the government is laying its hands on the other half, and is telling the banks that the money entrusted to their keeping must be administered in the interests of other people and not of those who saved it.

What will be the people's reaction to this latest move in turning Canada into a socialist state?

Will they continue to entrust their savings to the banks when they know that the bankers are no longer allowed to follow sound banking practice, but are required to lend the money to those people whom the government wishes to favor?

It is to be hoped that parliament will go thoroughly into this matter before consenting to the government's proposal. —The Rural Scene.

MARTHA SAYS

The best way to save money is to have a definite objective.

At the beginning of the year, she always starts to save for her Easter bonnet and coat. When these are paid for she begins to save for the summer holidays. When the holidays are over it is time to start saving for her winter clothes. By the time these are paid for she has only a few weeks left in which to save for Christmas. Then at the beginning of the New Year she is ready to start all over again.

Canadians visiting the United States for more than 48 hours spend an average of \$88 each, according to Federal statistics.

Entered Into Rest

MRS. IDA ELIZABETH PITMAN

Mrs. Ida Elizabeth Pitman, of 19 Charlotte Street, Belleville, died in Belleville General Hospital on Sunday November 15th, after a lengthy illness. She was in her 84th year.

The deceased was born in Sturgeon Falls, the daughter of the late Mr. and Mrs. John V. Adams. She lived in West Huntingdon Township prior to moving to Belleville nine years ago.

She was predeceased by her husband, the late Edward Pitman.

She is survived by two daughters, Mrs. Albert (Jean) Post, of Pico, California; Miss Georgina Pitman, at home, and one son, John Pitman, at home. Also surviving her are three sisters, Mrs. Minnie Gibson, Mrs. Les McCartney and Mrs. L. A. Dawson, all of California, and three grandchildren.

LATE BERTHA ANN SEELEY

The funeral of the late Mrs. Bertha Ann Seeley took place Friday afternoon of last week from the Weaver Funeral Home, Trenton, to King St. United Church, Trenton, where service was conducted by the Rev. G. J. Minnielly assisted by the Rev. H. V. Muxworthy. Interment was in Mt. Nebo Cemetery, Springbrook.

Bearers were Gordon, Donald and Elwood Bateman, William Nickle, Earl McMaster and Glen Brown.

Mrs. Seeley died in Trenton Memorial Hospital on Tuesday, November 10th, following a two months' illness.

The deceased was born in Rawdon Township 65 years ago, the daughter of the late Mr. and Mrs. John Bateman and had resided in Trenton for the past 13 years and prior to that time had lived in Brighton, Belleville and Iyanhoe. She was a member of North Trenton Church and Sunday School where she taught Sunday School and took an active interest in church work.

She is survived by her husband H. A. (Dick) Seeley; two daughters, Mrs. Clayton (Annie) Paul, of Belleville, and Mrs. Gordon (Helen) Atkins, of Trenton; two sons, Harry, of Oshawa, and John, of Colborne. One son, Gerald, died in 1945.

Also surviving are five brothers, Fred Bateman, of Stirling; Edward, Burton, Christopher and Alec Bateman, all of Springbrook; and four sisters, Mrs. Ira Bristol, of Springbrook; Mrs. George McMaster, of Belleville; Mrs. William Brown, of Madoc, and Mrs. James A. Nickle, of Madoc. There are nine grandchildren.

MRS. EMILY COTTRELL

Mrs. Emily Cottrell, mother of Mr. W. J. Cottrell, of Marmora, died at the home of her daughter, Mrs. Edward Northam at Westbury-Sub-Mendip, Somerset, England. She was in her 92nd year. She had been ill for the past five months.

Will You Help?

Sixty thousand people in Belleville and the County of Hastings are dependent upon the Belleville General Hospital for the protection of themselves and their families.

The percentage of people using the hospital is fairly equal in both the City of Belleville and County of Hastings.

More and more people can afford and are influenced to seek health care through your hospital. Blue Cross and similar

insurance plans, and new methods of treatment and prevention of disease, have centralized the treatment of sick in your hospital rather than in the home.

Today, your hospital is desperately overcrowded. To find room, beds must constantly be crowded into public corridors of the building.

Funds amounting to \$1,250,000 are needed for a new 100-bed extension to your Belleville General Hospital.

Community Service

Preparations are now well advanced for the great community Bible Service Sunday evening, November 29th. Last year this service was held at St. Andrew's Church. This year it will be at St. Paul's and next year at St. John's.

Notable Film

Rev. Egerton Young, Field Officer of the Society, is bringing with him a new film which will be shown at this service. It is the challenging story of a boy who has problems. His pals and a policeman are involved in the story. Every parent and young Canada in the Stirling district should flock to this service.

Massed Singing

The Adult and Junior Choirs of all churches are expected to share in glorious praise.

The Appeal

Mrs. Mabel Williams, Secretary of the Stirling and District Branch of the Upper Canada Bible Society will send a letter with literature and a special gift envelope to every family in the Stirling mail zone.

Stirling did very well for the Society last year though the gifts of our neighbours at Frankford were greater than ours last year. There is no competitive spirit but a call for every person to support this splendid work. The entire offering less printing and mailing costs will be sent to the Society. Every gift large or small will be welcomed.

The combined adult choirs will practice at St. Paul's next Thursday, November 19th at 8:00 p.m.

Congratulations

The citizens of Stirling are one in extending congratulations to Mr. and Mrs. Carleton Wright on marking their golden wedding anniversary yesterday (Wednesday), and in extending every good wish for their happiness as they continue their journey on the highway of life. Both are active and faithful members of St. Paul's Church.

The O.T.F. Chief

For the latest from the front respecting the operations of "John Barleycorn" hear the O.T.F. Chief, the Rev. Albert Johnson at St. Paul's next Sunday morning. A champion of righteousness at the statesman level, Mr. Johnson is no "pussyfoot." Stirling is fortunate to include in its Centennial Year list of visitors the O.T.F. chief for the Province of Ont.

Remembrance Day

While the Stirling observance was duly reported last week it may not be amiss to observe that some further consideration might be given to the dress of boys and girls. November 11th, 1953, was passable but another year might find rain, snow or cold winds. We feel that sufficient flexibility should obtain to permit the service to be held in the Community Hall with a parade in time to deposit memorial wreaths, sound the bugle calls and observe the period of silence at 11:00 a.m.

As Silver Cross women grow older even the thoughtful provision of chairs, commendable as it is, does not remove the hazards of exposure. The Canadian Legion is to be commended for its enterprise and interest in the Stirling observance.

S.S. Institutes

On Tuesday, November 24th, at 8:00 p.m. in Bridge St. United Church, Belleville, a Sunday School Institute will be held for all Sunday School workers. It is expected that all Ministers and at least two teachers from each Sunday School will attend. The Presbyterian Christian Education Committee of which Rev. R. R. Bonsteel is the convener is sponsoring this and three other institutes to be held as follows: Nov. 16th, Grace Church, Napanee; November 17th, Picton United Church; November 23rd, Madoc United Church.

The new field secretary of the Christian Education, Rev. George Connolly will be present at these meetings.

Sympathy

The sympathy of this congregation is extended to Miss Harry Francis, bereaved by the death of her father, and to Mr. Fred C. Bateman, bereaved by the death of his son.

School of Evangelism

As a follow up to the Templeton Mission, Schools of Evangelism will be held throughout the Bay of Quinte Area. The Stirling district will be served by a school at Trenton, King St. Church, on November 18th, with morning, afternoon and evening sessions. Those unable to go to Trenton should attend the Madoc School on November 17th.

Bibles

In accordance with the practice where death affects a relative of a member of the church, two new Bibles were presented in loving memory of the late Mrs. Anna Bateman, wife of Richard Seeley, and

sister of Elder Fred C. Bateman.

Only Six Sundays

Taking a cue from one of the most interesting and regular advertisers in the News-Argus we advise only six Sundays left in 1953. All Church Treasurers will welcome a return of 1953 dated weekly contribution envelopes before the Christmas pressure flattens the old pocket-book. Special gifts for inclusion in the 1953 report should also be made.

At St. Paul's - Carmel the books will close at midnight, December 31st. Gifts may be placed on the offering plate, left with Mr. Fred C. Bateman, Envelope Steward, C. A. Wells, Church Treasurer or C. E. Macklin, Treasurer of the Missionary and Maintenance Fund.

Birthday

Congratulations were extended to Mr. Arthur Pyear as he placed his offering in the birthday penny barrel at Carmel last Sunday.

Dr. Tuttle

Centennial guest speaker Rev. Harry J. Tuttle, Secretary of the United Church Pension Department spoke at St. Paul's last Sunday from the words, "The Spirit of the Lord is Upon Me." Dr. Tuttle said the Christian fellowship was primarily to blame for the kind of world we live in. There were those who felt they were finished with Jesus when His body was taken from the cross. Nevertheless the world had yet to reckon with Him. In a plea to give God a chance he said would it make any difference to our world if God could have a chance with you? No group, Dr. Tuttle concluded, needed more the appeal to give God a chance than the Christian Church.

At Carmel

Speaking at Carmel in the afternoon, Dr. Tuttle based his sermon on Paul's word "Lord! What Would Thou Have Me To Do?" This personal question required a personal answer. It was to be found in Christian service in every recognized vocation. One of our difficulties today the speaker affirmed was our failure to listen to God.

Praise

Mr. Douglas Pyear sang, "Let Not Your Heart Be Troubled" at St. Paul's and the Senior Choir, "Seek Ye The Lord." The Junior Choir sang, "Angry Words O Let Them Never." Congratulations to Miss Gertrude Gunter and Reeve Fred Mitchell, of Thurlow on being awarded the Queen's Coronation Medal.

"White Gifts for the King Sunday" will be observed at St. Paul's 11:00 a.m. and at Carmel 2:30 p.m., December 13th.

Mr. R. A. Patterson will lead a Carol song service at St. Paul's each Sunday evening at 7:25 p.m. throughout December.

The Minister conducts a Bible Drill session for one half hour after school each Tuesday.

Madoc Night

Next Sunday, November 22nd, the Rev. J. Fred Lane, one of the best known Ministers in Hastings County, now stationed at Madoc will come to St. Paul's for Centennial Year Madoc Night.

It is expected that the Madoc Choir and male quartet will lead the ministry of praise and sing special numbers.

Madoc Citizens' Band

The hard-working Madoc Band, under Bandmaster Wm. Aylsworth, which won the Stirling Festival Shield last June will attend this service and play a number of selections. Those who love band music should embrace this opportunity to hear the Madoc Band.

Dr. Dickinson

Coming

The Book Steward who directs the Ryerson Press and all the interests of the United Church Publishing House from books of every kind to the vast field of church publications including Sunday School papers, lesson helps, etc., will be the Centennial guest Sunday morning, November 29th. Dr. Dickinson is one of the many new faces we have seen at St. Paul's during this Centennial Year. Plan to hear this man and his message.

Big Business

For the year ending February 28th, 1953, the Book Steward reported sales of all kinds amounting to \$3,444,655. The operating profit was only \$15,647, of which \$10,000 was given to the Church Pension Fund. The surplus of assets amounted to \$1,957,108. The total circulation of all periodicals was 668,420.

More Than Just A Building

My church is the place where the Word of God is preached, the power of God is felt, the Spirit of God is manifested, the love of God is revealed. It should be the home of my soul, the altar of my devotion, the hearth of my faith, the centre of my affection, and the inspiration of my daily life. Having united with the church in solemn covenant, I will advance its interests by faithful attendance at its services, by studying its Holy Scriptures, by observing its ordinances, by contributing to its support, by encouraging its members and its leaders and by joining with them in all good works! By thus honoring and serving God I shall share with many others the life of the kingdom of heaven.

Contributing to its support, by encouraging its members and its leaders and by joining with them in all good works! By thus honoring and serving God I shall share with many others the life of the kingdom of heaven.

You can't imagine how easy it is to park — to drive through traffic — to turn corners — to control your car on bumpy, rutted roads. You can turn the wheel with one finger — even when your Dodge is standing still.

No matter which 1954 Dodge you select, you'll be thrilled and surprised at how much more your dollars have bought.

In the Crusader series you'll enjoy the longer, more beautiful styling which distinguishes all 1954 Dodge cars, with smart new interiors and seating comfort, safety and fine vision you expect of a Dodge — all at a price that will please you.

The beautiful Regent series brings you styling, fine appointments and comfort hitherto only available in more costly cars — with, of course, all the many Dodge engineering features which mean so much in driving ease and performance.

In the brilliant new Mayfair series you'll see such style, and experience such luxury, you'll wonder how any car in the lower-priced field could offer so much. Their interior two-tone beauty of rich, woven fabrics and soft, ivory, leather-grained vinyl, with every appointment designed for your comfort and driving ease, are seldom surpassed by any car at any price.

There's performance to match this new Dodge style and beauty, no matter which series you select. There's a more powerful engine...the famous Dodge "three-way-smoother" ride...your choice of Hy-Drive, the simplest form of no-shift driving...and Dodge Full-Power Steering for the ultimate in luxurious driving ease.

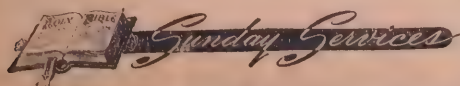

When one of these beauties is your Dodge you'll drive it with pride. See and drive one to-day at your Dodge-DeSoto dealer's.

there's a car in the DODGE family that's right for your family

Ivanhoe W.I.

Holds Short Course

A short course, "Aids to Effective Speaking," sponsored by Ivanhoe W.I., was held in Ivanhoe Town Hall on November 11th, was largely attended by W.I. members and a number of visitors. The course was conducted by Miss Ethel Chapman, who is editor of the Home and Country magazine.

Miss Chapman was born on a farm, attended Normal School, was editor of the Farmer's magazine until 1927, when it was discontinued. She then accepted a position as assistant director of Institutes and is now working with the Institutes, teaching, "Citizenship" and "Aids to Effective Speaking." She is author of three books, "The Home Steaders," "God's Green Country" and "With Flame of Freedom." She has also written short stories, and has now completed a serial starting in the Onward in July.

The short course proved of great interest and benefit to all who were privileged to attend. The instructor pointed out some of the common faults found in public speaking and how to correct them, which included faulty enunciation, rambling and long quotations. The class read in unison exercises in voice modulation and inflection.

Miss Chapman stressed the importance of preparation. We must read widely in order to have a proper background, assemble material well in advance and then discard any unnecessary words. Most of our forceful words are short. For example, Lincoln's Lettysburg address, a masterpiece of simplicity and Churchill's

Hello Homemakers! It's time to check supplies for the Christmas cake, the mince and the puddings. In fact, it's time to make them. Before we know it, the festive season will be here, and fruit cake and puddings are so much richer and more mellow if made a month or two in advance. Be sure to place the baked goods in a tightly covered tin box or grandma's crock and store in a cool place. Mince-meat requires about 1 week to "ripen" then it may be used for roly poly, cookies, turnovers, mince-meat

betty's and such. These recipes were tested last year and the compliments leave no alternative but to list them for you.

White Fruit Cake

- 1 cup butter
- 1 1/2 cups glazed cherries
- 1/2 cup blanched almonds
- 1 slice candied pineapple
- 2 1/2 cups sifted cake flour
- 2 tps. baking powder
- 1/2 tsp. salt
- 1/2 tsp. rose extract
- 1 tsp. almond extract

STIRLING

(OPEN SUNDAY, NOVEMBER 22nd, 1953)

- 1 1/2 cups fruit sugar
- 4 eggs, well beaten
- 1 cup milk
- 2 tps. lemon juice

Let butter stand at room temperature for 1/2 hour then cream until plastic. Add flavorings and sugar and beat 2 mins. Beat in eggs. Measure sifted flour, baking powder and salt and sift twice, then mix about 1-3 of it through sliced pineapple, cherries and almonds. Fold flour mixture into egg mixture then stir in milk. Add fruit, using folding motion. Grease, and line with 2 layers of giled paper, the largest of the three fruit tins. Pour in the mixture and leave a slight depression in centre. Bake in electric oven of 300 degrees for 1 1/2 hours. Cool on wire cake rack, then store covered with foil. (Note: May be decorated with extra almonds, cherries and peel on batter before baking.)

Mellow Mince-meat

- 1 lb. beef suet, chopped
- 1 lb. seeded raisins, chopped
- 1 lb. currants
- 8 apples, chopped
- 2 cups brown sugar
- 1 lb. peel, sliced
- 1/2 cup marmalade
- 1/2 tsp. ground cloves
- 1 tsp. mace
- 1/2 cup brandy

Combine ingredients and seal in sterilized jars. (Note: The suet, raisins and quartered apples may be put through food chopper.)

Plum Pudding

- 1 1/2 cups brown sugar
- 1 1/2 cups minced suet
- 5 eggs
- 2 1/2 cups bread crumbs
- 2 1/2 cups sifted flour
- 1/2 lb. currants
- 1 lb. seeded raisins
- 1 cup chopped dates
- 1/2 cup chopped peel
- 1/2 cup candied cherries
- 1 cup blanched almonds
- 1 tsp. nutmeg
- 1 tsp. salt
- 3 tps. cooking sherry

Combine brown sugar and suet. Beat in eggs, one at a time. Stir in wine. Combine fruit, crumbs and flour with nutmeg and salt. Add to other ingredients and turn into pudding pan. Dredge a square of factory cotton with flour and tie securely around rim, but leaving an inch to rise and a depression in cloth. Place a saucer or pie plate inverted on the top. Meanwhile heat a kettle filled one-third full of water with meat rack bottom. Water should come to within 1 inch of top of basin. Cover kettle and keep boiling 6 hours. Add boiling water from time to time. When pudding is removed from kettle, set it in a warm oven to dry cloth, with saucer removed. Store in cool, dry place. (Note: Allow 1 hour to resteam for serving at Christmas time.)

TAKE A TIP

1. Sprinkle a little brandy on top of Christmas cake if it appears dry. A good alternative is a cut orange placed alongside the tin for moist atmosphere. Remove or replace the half orange in a week's time to prevent mold.
2. Place a tin of water on oven shelf when baking cake to keep it moist.
3. In place of making almond paste and endeavoring to seal to the cake with egg white, we plan to make almond fruits.
4. Mock almond paste: Bake a large sweet potato until tender. Scrape out of skin, mash well and cool slightly. Work a half pound of icing sugar (more, if necessary) and 1/2 teaspoon almond flavoring, also 1/2 teaspoon of rose extract into mashed potato until smooth. (It will become firmer when cold.) Shape the paste into tiny apples, lemons and oranges. (1) For apples, roll paste into 1-inch ball and insert piece of toothpick for stem. Streak with red coloring using toothpick. (2) For lemon, add yellow coloring and shape to this fruit, then roll over fine grater. (3) For orange, add orange coloring and shape like a tiny orange. Press lightly over fine sieve. Store these almond fruits in a plastic container. Serve with fingers of fruit cake for Christmas glamor and the added treat.

THE QUESTION BOX

Mrs. K. T. asks: How can I prevent fondant icing from running off cake?
Answer: It is advisable to let fondant icing ripen at least 24 hours then melt the desired amount in a small double boiler. Meantime, brush the cake with egg white and pour the melted fondant carefully over the cake that has been placed on wax paper.

Miss M. B. asks: How do you make a marshmallow sauce suitable for topping ice cream?

Answer: To make one cupful of marshmallow sauce, melt 1/2 pound of marshmallows, cut in pieces, in top of double boiler. Meantime, cook a syrup of 1 cup sugar and 1/2 cup water until syrup spins a thread of about 3 inches (238 degs. on candy thermometer). Beat the softened marshmallow into the syrup. Flavor with 1 tsp.

vanilla or 1 tps. sherry. Serve slightly warm or cold.

How To Tell When Child's Shoe Fits

When does a child's shoe really fit properly? That's a question many harassed mothers and fathers are wondering about just now as families are being outfitted for winter.

The Journal of the American Medical Association offers the following pointers. When you're buying shoes for children:

- (1) See that the eyelets through which the laces go are parallel.
- (2) Press the toe of the shoe until you feel the top of the big toe and the second toe. They should be one-half to three-quarters of an inch from the toe of the shoe.
- (3) The widest part of the child's foot should be at the widest part of the shoe — the ball of the foot and the ball of the shoe should meet exactly.
- (4) It should be possible to grasp a small fold of leather at the side of the vamp. If the leather wrinkles the shoe the shoe is too wide. If the leather is tight and bulging, the shoe is too narrow.

Hastings County
Woodlot Competition
Judged

Results of the recent Hastings County "Woodlot of the Year" contest will be announced shortly following the next session of County Council, according to Zone Forester Edwards who acted as secretary. Woodlot entries have all been examined, and judges commented very favourably on the high standard shown. Particular mention was made of improved management practice in several woodlots examined two years ago.

Trees For Reforestation

The distribution of trees by the Ontario Department of Lands and Forests for reforestation is continuing to attract many applicants throughout the district. Supplies of stock of some species has been considerably increased during the last year, but in the case of White Pine, White Spruce and Scotch Pine, the demand still exceeds the quantity.

The policy of the Department no longer requires that applications be received before a deadline, but as far as possible, trees are allocated in the order received. It is, therefore, important for private applicants to send their orders in well in advance, if they wish to obtain trees for planting next Spring.

The charge for planting stock is \$10.00 per thousand, except for Scotch Pine, which is \$14.00 per thousand.

Application forms are available at the various Department Headquarters throughout the district, or at the Agricultural Representatives Offices. When writing for forms or further information applicants should send inquiries to the Zone Forester's Office at Box 299, Napanee.

Collect Deer Data At Road Checks

Returning deer hunters supplied the Department's Fish and Wildlife Staff with considerable information during the first of two week-end road checks, November 7th and 8th. Checking stations were located on main highways near Millbridge, Kaladar and Arnprior, and data obtained on hunter success, age, sex and weight of animals taken and hunting conditions in general.

At two of the checking points, Millbridge and Kaladar, some 1,245 hunters were interviewed, 321 reporting success or an average of 26%. While figures for the first week were approximately 6% below last year's total, it was pointed out that fine weather conditions were unfavourable to deer concentration and many were disappointed. Maybe the week-end snowfall will change the picture before the final figures are in at the end of the hunt.

Conservation Officers in addition to collecting biological data, have carried out extensive patrols in hunting areas, reporting a number of infractions. Hunting without a license, and carrying loaded guns in vehicles were most common offences. Court action will also be taken against another offender who shot a deer in the water at Renfrew County, and then contrary to in-

Hatchery Staff Busy

Fish transfers to the White Lake Rearing Station have now been completed and a good supply of young trout is on hand for winter storage. Present stock includes 190,000 speckled, 40,000 kamloops and 67,000 Lake Trout which will be held over winter for distribution in the spring.

At Glenora, Hatchery Staff and an additional crew of spawn takers are busy collecting whitefish eggs in Hay Bay which will be developed to the "eye stage" and then released in Bay of Quinte and Lake Ontario Waters.

Entered Into Rest

JOSEPH EMERSON

The funeral of Joseph Emerson, resident of Tweed for the past 32 years was held from his residence, Colborne Street, Tweed, on Thursday afternoon of last week to St. John's United Church for service. The edifice was practically filled with immediate and personal friends to pay tribute to his memory.

The many beautiful floral tributes testified to the esteem in which the deceased was held in the community. Rev. W. K. Pace conducted the service in the church and referred to the many fine qualities of the late Mr. Emerson and particularly referred to the fact that he and his wife on November 1st had celebrated the 60th anniversary of their wedding.

Interment was in Thomasburg Cemetery and the Tweed Lodge. A.F. & A.M., conducted their service at the graveside under the direction of Earl Gray, Graham Mouck and Arthur McCarey.

The bearers were Clarence Graham, C. E. Way, Charles Porritt, Harold Varty, Harry Coulter and Ernest Heilman.

The late Mr. Emerson died at his home on Monday, November 9th, after an illness of some duration. He was born in Hungerford Township 87 years ago, and retired to live in Tweed 32 years ago.

Surviving are his wife, the former Ida Jane Graham, two daughters, Mrs. Harry (Evelyn) Francis, of Stirling, Mrs. A. J. (Helen) Maynes, of Marmora, and one son Harold Emerson, of Tweed.

WATERLOO HOLSTEIN IN WORLD CHAMPION

"Maplewanna Pansy Dandy," a pure bred Holstein better known by Ward A. Shantz, Waterloo, Ont., has established a new world record for milk production in the Senior two-year-old class of the 365 day division on twice-a-day milking. She did this by producing slightly more than 24 quarts of milk per day for the full year. Her official championship figures are 22,185 lbs. milk containing 752 lbs. fat.

The new championship made her record on official Record of Performance Test under the supervision of the Dominion Department of Agriculture. Pansy came by her outstanding producing ability honestly for her dam "Totilla Pansy Echo" is a Superior Producer having completed a 365 day record as a junior four-year-old on twice-a-day milking of 24,111 lbs. milk containing 805 lbs. fat. This record is the fourth largest ever made in Canada in its class for milk.

Pansy is a good individual having been classified "Good Plus" in Selective Registration as a two-year-old. She was a consistent producer throughout her lactation, twice reaching her top figure of 73 lbs. per day. Quiet in disposition she is a good feeder and according to Mr. Shantz was usually the last one up from the pasture. She received on special care, running with the rest of the herd and getting the same treatment as the other cows.

During most of her lactation, Pansy was milked by John Hapel, the hired man on the Shantz farm.

A celebration in honour of the new world champion was arranged by the Directors of the Waterloo Holstein Breeders Club for the evening of November 12th. Present were the Directors and their wives and prominent agricultural officials.

In establishing her new championship mark, Pansy replaced a Canadian record of 21,064 lbs. milk that was made in 1930 in the herd of H. H. Fair, Kingston, Ont., by Echo Waldorf Clyde. The replaced world Champion is the U.S.A. Holstein Holstein, Bobby Rag Apple, with a total of 21,550 lbs. milk.

HOUSE PLANTS REST IN WINTER

Don't be disappointed if your house plants cease flowering in winter time or flower feebly. This is a natural condition, for winter is a resting period induced by the shorter days and the lower temperatures. Most of the plants that do flower in winter have been prepared for blooming during the preceding months of summer or autumn.

During the winter, house plants should receive special treatment to accommodate them to this rest period. All practices which tend to stimulate growth should be stopped; unless water is needed, repotting and root disturbance should be avoided.

Fairly low temperatures are desirable, but as the warmth of a house is maintained to suit humans rather than plants, this is not always practical. The average room temperature of 70 degrees is much too high for most plants during the winter time. Often a compromise can be made by keeping plants in the coolest room, preferably one in which the temperature falls to 60 degrees during the night. Humidity can be increased with evaporating pans on radiators, or pans of water near hot air ducts.

WEED SPRAYERS WERE BUSY

Chemical control of weeds and brush is making substantial progress in eastern Canada, judging by reports presented to the annual meeting of the Eastern Section, National Weed Committee, at Kemptville Agricultural School.

Ontario farmers sprayed 100,000 acres of crops this year, stated A. H. Martin, Director, Crops, Seeds and Weeds Branch, Ontario Department of Agriculture. A total of 23,583 miles of roadsides were sprayed, and the province now has 2,207 power sprayers available for weed control. These are owned by municipalities, custom operators and individual farmers.

E. M. Taylor, Field Husbandry Service, New Brunswick Department of Agriculture, estimated that 50,000 to 60,000 acres were sprayed for chemical control of weeds in that province. Most of this was in grain crops but a number of farmers applied a pre-emergence spray of either the ester or amine form of 2,4-D to their potato crops.

Roadside spraying for brush and weed control was applied by the New Brunswick Department of Public Works to over 1,200 miles of highways. The Department now owns ten 1,000 gallon sprayers for roadside use. About 100 weed spraying outfits are owned by farmers, many doing custom work and covering 1,000 acres each.

Nova Scotia is expanding their weed spraying program slowly with 3,000 to 4,000 acres sprayed this year, according to Dr. A. E. Roland, Provincial Botanist, Nova Scotia Agricultural College, Truro. Brush spraying has been done on 100 miles of highway, with 2,4-D and 2,4,5-T. Over 50 plots have been sprayed for brush control.

J. F. Lefee, Experimental Station, Kentville, N.S., reported some 450 acres of canning peas had been given a pre-emergence spray this year with good results. On two-acre plots, from which yields were taken, the untreated plots produced 4,300 pounds of peas per acre and the plots treated with four pounds of dinitro, per acre, as a pre-emergence spray, produced 5,420 pounds of peas, an increase of 1,120 pounds per acre. The commercial cost of spraying was \$7.50, of which \$2.50 was for the spraying and \$5.00 for the material.

R. Barabe, Chief, Weed Division of the Plant Protection Division, Quebec Department of Agriculture, did not report large acreages of field crops sprayed, but the Department has made extensive surveys of the prevalence of weeds in the province and conducted 254 demonstrations on the chemical control of weeds in different areas. In these demonstrations, 157 acres of cereals, 208 acres of pasture and 128 acres of other crops were sprayed. His Division now has four jeep-mounted power sprayers for demonstration purposes.

Quebec Hydro Electric Commission has undertaken a three year weed and brush control programme. Shawinigan Water and Power Company reported 2,200 acres sprayed for brush control in 1952. The Bell Telephone Company, Montreal Office, reports a total of 1,715 acres of right of way sprayed with foliage applications for brush control.

W. E. Mellor, Toronto Office, Canadian National Railways, Central Region, reported 1,300 miles of right of way sprayed and 3,000 miles of other weed spraying.

POT BULBS NOW FOR SPRING BLOOMS

It's getting toward last call for potting bulbs to flower in the house in the spring, as it takes about six to eight weeks for the root system to develop.

Hyacinth, tulip, daffodil or narcissus are the bulbs most generally grown in the house though there are others of lesser importance. The soil is not very important, but it should contain a fair amount of sand. Peat or leaf soil may be added, but barnyard manure is best omitted unless very well pulverized with age.

After potting, water well and keep the bulbs in a cool dark part of the basement. During the six to eight weeks while the root system is developing, keep the soil moist but avoid dryness or saturation.

When the top growth is about an inch long, the pots should be moved to a light place in the basement and should remain there until a slight change in colour from yellow to green occurs.

From then on the blooms may be forced in a room that is colder than the living room — often the hall or a cool, but not draughty, window is a suitable place. The bulbs should remain there until the leaves expand and the flower buds appear. At that time they may be safely moved into a warmer temperature. The full blooms will last longer if kept out of direct sunshine.

DETERGENTS IN LIVESTOCK FEEDS

During the past two years considerable publicity has been given to the value of certain synthetic detergents for livestock. Synthetic detergents, more properly called surface active agents, are the active ingredients in most non-soap washing compounds. Experiments have been reported where the addition of one pound of synthetic detergent to 1,000 pounds of feed for poultry and swine have increased gains by as much as 35 per cent. Experiments at the Experimental Station, Lethbridge, however, using feeder lambs and rabbits have shown that the detergents used had no feed value for these animals.

Reporting on the experiments at Lethbridge, Dr. F. Whiting reports that one group of 30 lambs was fed a ration of alfalfa hay and grain and another group of 30 was fed the same ration to which had been added one pound of detergent to each 1,000 pounds of ration. The sheep were fed a commercial rabbit pellet and six were fed the same feed to which was added 0.1 pound of detergent per 100 pounds of feed. In all cases animals fed detergents gained at essentially the same rate as those not fed with this addition. More recent experiments with swine at other stations have shown quite varied response from feeding detergents. Apparently some synthetic detergents compounds increase gains but most do not.

It is important to note that in none of the experiments reported has the feeding of detergents proved harmful. This is in contrast to the death losses that often were reported when soap was used as the washing compound and the soap wash water was fed to livestock. Besides the use of detergents in washing compounds they are often used in various spray materials and for other agricultural uses. It is encouraging to note that these detergents can be used in the home and for other uses without danger to livestock and with the possibility that they may even be of benefit in this regard.

DO EVERGREENS LOSE THEIR NEEDLES?

Many evergreens lose some needles at a specific time each year. In the case of arborvitae oldest branches fall from the trees and usually within a relatively short time. Loss of needles and foliage by evergreens is not a mass defoliation as is true of broadleaf trees, except in the case of larches, otherwise they would not be called evergreens.

A common cause of loss of needles is injury in winter, especially after end-of-season conditions have favoured late fall growth. The result will be, first, a browning of needles in early spring and, later on, loss of needles. Unless injury is very severe trees are not necessarily permanently injured by such loss of needles. Neither will loss of needles be noticeable for long because buds, from which new growth will take place, may remain healthy and strong. These should be examined. This condition is more likely to occur with young trees than with established trees.

With established evergreens, such as Scots Pine and American arborvitae, there is an annual, natural shedding of foliage. There is a specific occurrence, and in the case of Scots Pine, needles are seldom retained on branches after they are four years old.

Superintendent John Walker says that at the Forest Nursery Station at Indian Head, Sask., the shedding of needles by Swiss stone pine trees (a five-needle species) is a very conspicuous phenomenon. Loss of needles with this species may occur as early as August 18th. About mid-September older branches of American arborvitae (Eastern white cedar), turn brown and soon fall off.

The loss of needles and foliage by these species means bare branches, but by the same process a natural oil mulch is built up near the trees. This should not be destroyed.

Of larch species established at the Forest Nursery Station the order in which the trees usually lose needles is as follows: Siberian, American, Dahurian, Japanese, European. In most years needle fall begins before mid-October.

Natural loss of needles does not adversely affect these tree species. From the standpoint of shelterbelt value, spruce species which do not lose needles in the manner described, have a distinct advantage.

West Huntingdon

(Week of November 9th)

Mr. Melville Reid returned home from Belleville Hospital on Sunday and is much improved in health.

Mr. and Mrs. W. J. Fitchett were guests on Monday of Mrs. William Fitchett and Mrs. A. Strickland, of Peterborough.

The West Huntingdon - Eggleton Young People's Union held its November meeting at Miss Eleanor Wright's home on Friday evening with a good attendance. Mrs. M. Clancy presided and following the worship service helpful readings were given by Eleanor Wright, Grace Clarke and Marlene Madill and Miss Donna Stapley contributed a piano solo. Mr. W. H. Farrow gave the special address. Refreshments were served.

Mr. Donald McCurdy, of Foxboro, was a week-end guest of Kenneth McCurdy.

Miss Lois Emerson left on Wednesday for Clarholm, Alberta, after spending three weeks visiting her parents, Mr. and Mrs. Tom Emerson.

Sarah and Arthur Wilson were tea hour guests on Sunday evening of Mr. and Mrs. Goldie McIntroy.

Mr. W. H. Farrow, Mr. and Mrs. Clifford Elliott and Connie, of Frank-

ford, were visitors on Sunday of Mr. and Mrs. Mac Sables.

Mr. and Mrs. Alex McCurdy and Kenneth spent Sunday evening with Mrs. Sandy McCurdy and Joan, of Foxboro.

Mr. and Mrs. Howard Vardy and family, of Port Hope; Mr. and Mrs. Ray Hammond and daughter, of Oshawa, were week-end guests of Mr. and Mrs. Frank Hammond.

Mr. and Mrs. William Grant and Mrs. John Lainsen assisted with the programme at Wellman's United Church Pic Social on Tuesday evening.

Mrs. W. Hammond, of Shannonville, spent a few days this week with Mr. and Mrs. Frank Hammond.

The United Church Prayer Meeting was held on Wednesday evening at the home of Mr. and Mrs. John Jeffrey and Mr. Clarence Jeffrey. Rev. W. S. Irvine, of Stirling, was the special speaker and the group greatly appreciated his excellent address.

Mrs. William Bray left on Friday to spend some time with her daughter, Mrs. V. Moran, of Buffalo, New York.

NEW CANADIAN SHIP LAUNCHED

A new type of bauxite-ore and oil carrier was recently launched in Britain for Saguenay Terminals, Ltd., Montreal, the shipping subsidiary of the Aluminum Company of Canada. Built by the Burntisland Shipbuilding Company, it is the 7,860-ton Sunbrayton. Aluminum has been used everywhere possible in the ship's construction when it has been economically justified. Both the forward and after superstructures are of aluminum, as are the engine casings, hatchway covers, funnel, lifeboats, awnings, stanchions, ladders, insulating surrounds and much of the cabin furniture. This increases the ship's carrying capacity by about 100 tons.

Stirling Reaches 57 Per Cent of Quota In Hospital Building Fund

Chairman Wells Appeals To Private Citizens To Do Their Share Towards Fund

The local campaign for the Belleville Hospital Building Fund has been under way for approximately one week and according to latest figures released by Chairman H. J. Wells, over seventeen hundred dollars or 57% of the quota has been subscribed.

Appeal to Citizens

"The merchants of Stirling and Springbrook are responding 100%," stated Chairman Wells, "but it is a bit disappointing to members of the Committee that private citizens are not accepting their share of responsibility in seeing that better hospital facilities are available for Hastings County patients. Practically 90% of all those needing hospital services in Stirling area go to Belleville hospital and the only way to ensure having a hospital bed when you require it is to do your share in providing the funds for its extension.

"If each one does his or her share, we can close the campaign on time, feeling that we have all helped to provide better hospitalization facilities for all our citizens," said Chairman Wells.

All pledges and money may be left at the Bank of Montreal, R. A. Patterson's Store, or Stirling Creamery Office. Remember you have from 1 to 5 years to pay the amount you pledge.

He posted a score of 87.

Statesman And Prophet Heard At St. Paul's Centennial Services

Through years of persistent patient study and experience the Rev. Albert Johnson, Provincial Secretary of the Ontario Temperance Federation has achieved the ranking of a Christian statesman in the field of moral reform. Dr. Johnson was the Centennial Year guest at St. Paul's United Church, Stirling, last Sunday morning. Research Unlimited

Dr. Johnson declared the work of the Federation was not apart from the church. It was an integral part of the church making its impact through its staff and office throughout the Province of Ontario. He was optimistic as he looked ahead. The resources of the liquor traffic were immense but not to be compared with those of the forces of righteousness. With God on our side we are richer than our opponents. Whoever heard of a brewer's directors meeting opening with prayer, he queried?

Research demanded that we ask where are we going? The scientific mind was not concerned by what people say, but to pursue the search for the truth. Opposition to the consumption of alcoholic beverages was not based upon hysteria but the ultimate disclosures of scientific research.

Fire Destroys Barn and Contents

Fire of undetermined origin destroyed a barn, with contents, on the former Robt. Eggleton property, Mill St., now owned by Roy Eggleton, on Saturday afternoon.

When first noticed the fire had gained considerable headway and although members of the Fire Brigade answered the alarm promptly there was no chance of saving the building. Firemen confined their efforts to preventing the spread of the flames to adjacent buildings.

A supply of sash and doors was stored in the building, according to Mr. Eggleton, who was away at the time of the fire. No insurance was carried.

Juveniles Defeat Marmora 3-2

In the first hockey game of the season, Stirling Juveniles edged Marmora in a close struggle in Marmora Arena last night by a score of 3-2.

Marmora took the lead in the first period on a goal by Walker unassisted and made it 2-0 early in the second with the same player scoring with an assist from Bell. However, Stirling came back with two goals by G. McGee, the first on an assist by Doucette, to tie the count. In the third period Montgomery scored on an assist from Scott to clinch the victory.

Laurel Rebekah Lodge, No. 211 Sponsors Very Successful Bazaar

A very successful bazaar and afternoon tea was held in the Stirling Community Hall under the auspices of Laurel Rebekah Lodge, No. 211, on Thursday afternoon last.

The hall presented a most inviting atmosphere with the decorations including evergreen trees, glowing with colored lights, glittering tinsel and red poinsettias portraying the Christmas season. The tea room was reached through wide open white gates, while the table was decorated with red and white carnations.

D.D.P. Mrs. Edna Fox and R.S. Mrs. Marion Wells were in charge of the tea room.

The guests were received by Noble Grand Mrs. Neva Vandervoort, and vice-grand Mrs. Mabel Barlow, and about 250 ladies attended from the town and surrounding country.

Music for the afternoon was contributed by Mrs. Gwen Farney and her assistants, Mrs. Mildred Morrow, Mrs. Laura Shortt and Mrs. Clela Elliott.

The special guests included Mrs. Aman and daughters, Mrs. Rose and Mrs. Plumpton, of Quintana Lodge, of Belleville.

The tickets at the tea room were gathered by Mrs. Mary Vandervoort, Mrs. Freda Broadworth and Mrs. Gladys Elliott.

Poured Tea

Those presiding at the tea table were: Mrs. A. E. Baker, Mrs. W. H. V. Walker, Mrs. H. C. Secker, Mrs. R. R. Bonsteel, and P.D.P.'s Mrs. Effie Bailey, Mrs. Mabel Megginson and Miss Evelyn Bailey and the present D.D.P. Mrs. Edna Fox.

Those who served were: Mrs. Mildred Morrow, Mrs. Helen Williams, Mrs. Audrey Elliott, Mrs. Martha Wells, Mrs. Ella Davidson, Mrs. Madeline Barron, Mrs. Margaret McDonnell, Mrs. Joe Luery, Mrs. Isabel Heasman, Mrs. Ivah Thain, Mrs. Annie Warren, Mrs. Mildred Wilson, Mrs. Fanny Kane, Mrs. Helen Neal, Mrs. Ollie Thompson, Mrs. Dora Coulter, Mrs. Edna Wright, Mrs. Florence Post, Mrs. Isobel Good, Mrs. Doris Sager, Mrs. Helen Lamb, Mrs. Ethel Mumby, Mrs. Mildred Mittle, Mrs. Alice Munro and Mrs. Maud Bell.

The kitchen was convayed by Miss Jennie Johnson and her co-conveners, Mrs. Grace Vandervoort and Mrs. M. McGinnion, Mrs. Bessie Patterson, Mrs. Margaret Bush, Mrs. Helen Bailey, Mrs. Pauline Bird, Mrs. Bessie Rodgers, Mrs. Norah Ward assisted.

Booths

The candy booth was convayed by Mrs. Hazel Mumby, Mrs. Jean Clancy and Mrs. Irma Clancy and a large array of sweets was offered for sale.

The sewing booth did a thriving business in all manner of articles, with Mrs. Edith Bradshaw in charge.

Shower For Miss Annetta Bailey

Mrs. Douglas Pyear and Mrs. Helen Neal were co-hostesses at the home of Mrs. Pyear on Tuesday evening for a shower in honour of Miss Annetta Bailey, a bride-to-be.

The guests were presented with a piece of cheesecake, a needle filled with bright coloured thread and instructed in hemming dust cloths. A serious of thought provoking contests with a flare for artistry were conducted.

Marlene Armstrong read an address and the honoured guest was presented with a decorated box containing several pieces of aluminum kitchen ware. While lunch was served, an autographed book on "Advice to the Bride," was written.

Pte. W. Mudd Home From Korea

Pte. Walter Mudd, who recently returned from Korea, is visiting his aunt, Mrs. Murney Kirkey, and Mr. Kirkey, Madoc Junction, his sister, Miss Pearl Mudd, of Stirling, and his brother, Billy Mudd, of White Lake.

Broken Toys Wanted

Stirling Boy Scouts are seeking broken toys that may be repaired to give to needy families at Christmas. Anyone having toys they wish to donate please contact Joe Irish and a Boy Scout will pick them up.

Last year the local Scouts repaired a large number of these toys which were distributed to local families and the Salvation Army. They hope to do even more this year and are asking for the co-operation of Stirling and district citizens to make their project a success.

Mr. and Mrs. Warren Harlow Observe 25th Wedding Anniversary

On Saturday, November 21st, Mr. and Mrs. Warren Harlow, of Stirling, R.R. 4, observed their 25th wedding anniversary.

Dinner guests at their home on Saturday evening included Mr. and Mrs. Gilbert Thompson, Stirling; Mr. and Mrs. Leslie Thompson and Mr. and Mrs. Donald Thompson, Bethel; Mr. and Mrs. Burton Sharpe, Mount Pleasant; Mr. and Mrs. Bert Reide, Mr. Kenneth Stewart and Mr. W. H. Farrow.

The dining room looked very attractive. The long dining room table with white linen cloth was centred with a lovely decorated three-tiered wedding cake and vases of red roses on each side.

During the evening friends and neighbours and officers and members of the Eggleton Sunday School called to extend best wishes. Mr. and Mrs. Harlow were the recipients of many cards and messages of congratulations and a number of beautiful gifts.

During the early part of the evening Mrs. Burton Sharpe presided at the piano and played several favourite numbers. Mr. W. H. Farrow was then asked to be chairman for a short programme and after a few brief remarks called on Miss Donna Stapley, who favoured with a piano solo. Mr. Kenneth Stewart voiced his pleasure at being present for this happy occasion and also spoke of the many community gatherings he had attended in this home while he was minister of the West Huntington Circuit. Mr. Thomas Bridges contributed an instrumental number on the piano. An amusing contest was conducted by Mr. Maurice Clancy.

Mr. Bert Reide read an address, extending congratulations and best wishes to Mr. and Mrs. Harlow; also making mention of the years Mrs.

Local Auditor Died

Local Municipal officials learned with regret of the death of F. A. R. McFadden, chartered accountant, on Thursday last, at his Toronto home. The late Mr. MacFadden had been the village auditor for the past five years and was held in high regard. He leaves his widow and four children.

Parents of Mrs. Chas. Davidson Observe Anniversary

Mr. and Mrs. Kenneth Guy, of Mountain Township were honoured by more than 60 members of their immediate families on the occasion of their 45th wedding anniversary, at the home of Mr. and Mrs. Orvil Guy, near Winchester.

Their eldest son, Arthur, read the address, and the bride's book was presented by a granddaughter, Mrs. Floyd Cochrane. A number of gifts were presented.

Five of their seven sons, Arthur, of Oxford Mills, Orvil and Howard, of Winchester, Karl, of South Mountain, and Gordon, of Trenton, attended the function. The two who were unable to be present are Dwight, of Mission City, B.C., and Ray, with the RCAF in Germany.

Three daughters who were all present are: Mrs. Charles Davidson, of Stirling, Mrs. Howard Summers and Mrs. Donald Cinnamon, of Winchester.

Harlow has been Superintendent of the Eggleton Sunday School and her interest in Sunday School work. On behalf of the Sunday School, Mrs. Clarence Fitchett presented Mr. and Mrs. Harlow with a beautiful relish dish in hammered aluminum.

Mrs. Harlow thanked their friends and all joined in singing, "For They Are Jolly Good Fellows."

Delicious refreshments of coffee, sandwiches, cookies, wedding cake and chocolates were served.

As their friends left, one and all wished Mr. and Mrs. Harlow many more years of health and happiness.

In Hymen's Bonds

Late autumn flowers and pink and white streamers decorated the home of Mr. and Mrs. N. E. Tice, Trenton, on Saturday, November 14th, at 2:30 p.m., when Marion Elgar Hubble, of Trenton, daughter of the late Mr. and Mrs. E. Hubble, of Campbellford, became the bride of their son, Jesse D. Tice, of Trenton. The Rev. William Lloyd, of Smithfield, officiated.
The wedding music was provided by Miss Betty Lou Tice and Miss Barbara Burley, who rendered, "Until," accompanied by Mrs. Lloyd.
Given in marriage by her brother, Mr. E. Hubble, of Campbellford, the bride was lovely in her cocktail-length gown of brocade satin with over net and matching jacket and mits of net. She wore a headpiece of matching net and carried a bouquet of red roses and white 'mums.
Miss Helen Beattie, of Campbellford, attended the bride, wearing a cocktail-length gown in coral shade, with matching accessories and carrying a bouquet of yellow and white 'mums.
Mr. Donald Hendricks, of Trenton, attended the bridegroom.
The reception was held at the bridegroom's home, where the bride-

This is the way I see it...

This past year saw Canada take another big stride forward. The rapid development of our natural resources and the continuing high level of business activity in 1953 are bringing benefits to Canadians everywhere.

Without adequate financial resources such progress would be impossible. That's why it is my pleasure to report to you that never before have your savings contributed so vitally to Canada's welfare as they have this past year.

This year—as always—the B of M, through its 600 branches, kept your money hard at work with Canadian enterprise of every description and size. The following are some of the important highlights:

- DEPOSITS:** At the end of the Bank's year, October 31st, 1953, two million Canadians had \$2,226,960,333 in deposits with the B of M. Although much of this money belongs to institutions and business firms, well over half of these deposits represent the savings of everyday Canadians—savings that, day by day, are working for you... and for Canada.
- LOANS:** Your bank is playing an important role in our expanding economy by means of loans to Canadians of every calling — farmers, miners, fishermen, oil men, lumbermen, ranchmen — to industrial and business enterprises and to Provincial and Municipal Governments. As of October 31st, B of M loans totaled \$857,762,561 — the highest figure in the history of the Bank. In a thousand ways, these dollars played their part in maintaining full employment and in sustaining — or bettering — our standard of living.
- INVESTMENTS:** At the close of the year the B of M had \$864,057,948 invested in high-grade government bonds and other public securities which have a ready market. This money is helping to finance government projects for the betterment of the country and the welfare of Canadians at large. Other securities held by the Bank — mainly short-term credits — to industry — bring total investments to \$982,490,826.

The B of M has been working with Canadians in every walk of life for 136 years. Each year proves afresh to my bank the great importance of every savings account. Every dollar you deposit works long and steadily not only for your own future, but also for the future of the country as a whole.

Country Store

In listing tables for the St. Paul's Bazaar the Woman's Association includes White Elephant and Country Store tables. We have been seeking for over forty years a small circular iron pot such as was used at the dawn of the century for making doughnuts, boiling eggs and frying down fat. Perhaps someone will make one of these small relics available for one of these stalls? Of course all kinds of gifts will be gratefully received.

Bible Sunday

The Stirling and Community Branch of the Bible Society will hold its annual service at St. Paul's Church Stirling, next Sunday evening, November 29th. The massed choirs of St. Andrew's, St. John's and St. Paul's, both Junior and Senior, will sing. Rev. Roy Egerton Young, District Secretary of the Bible Society, will speak and show the new sound picture, "45 Flago Street." Make it family night and bring all your household to this service.

Offering

Mrs. Mabel Williams, local secretary of the society, will mail this week a letter and folder regarding the work of the Bible Society to every home served by the Stirling Post Office. An envelope will be enclosed for money gifts to be brought to the service next Sunday night. The entire offering less mailing and advertising expenses will go to the work of the Bible Society. Those unable to bring their envelopes should place them on the offering plates of any of the participating churches. Stirling did well last year. If those who missed the opportunity last year will join the non-missers, Stirling will set a new record for this fine work.

Television

Television can be a bane or a blessing. It brings a ministry to the "shut-ins" and handicapped that is most commendable with the exception of objectionable advertising. It is possible that some who are neither the handicapped or shut-ins substitute T.V. for the public worship of God. Is this an aid to God's work? Only where there is failure to appreciate the consequences of such a practice is it permitted or tolerated.

Another Anniversary Year

The November - December issue of the "Bible in the World" advises that the Bible Society will mark its 150th birthday, March 7th, 1954. The celebration will go on all through the ensuing year.

White Gifts

For The King

The White Gift for the King committee have prepared to send to all addresses of the Pastoral Charge, a letter to make a cash gift an attractive

folder of the Nativity with a printed message therein. On the back of this folder the committee has addressed its own message.

Gifts of books, games, toys, useable clothing, etc., will be welcomed. In addition for those who desire or prefer to make a cash gift an attractive envelope is enclosed. Gifts of all kinds should be carried and placed on the altar during the grand congregational processional hymn at 11:00 a.m., Sunday, December 13th.

Five Sundays

Only five Sundays remain in 1953. These will quickly come. "There is so much to do and so little time" that it behooves each one to "step on it now."

Briefs

220 United Church theological students served for an average of 20 weeks during the Summer on fields without resident ministers. Through their labours 750 new members were added to the church.

Six ordained Chinese Ministers and four W.M.S. workers and an equal number of Japanese Ministers and workers serve their peoples in Canada under the United Church of Canada.

Over 800,000 immigrants have entered Canada since the close of World War II. Port Chaplains and workers meet and minister to these new comers in the name of Jesus Christ.

New Canadians

The United Church issues papers in the Ukrainian, Finnish and Italian languages. 36 church of all nations are maintained in Canada directed by nearly 100 workers.

Evangelism

Sixteen evangelistic centres are maintained on a year round basis. Ten fresh air camps are operated serving over 10,000 persons. Seventeen hospitals are in operation in Canada under the Board of Home Missions and the W.M.S.

Indians

The United Church has 55 Missions serving 21,486 Indians. It co-operates with the Federal Government in 43 day schools and five residential schools.

French Canadians

These are reached through five ordained ministers and two residential schools.

Marine Missions

The United Church Marine Fleet includes 4 boats on the Newfoundland coast and 3 on the Pacific. In addition 25 other centres use boats in their missionary work.

S.S. In The Home

The Sunday School in the Home serves 1,800 families serving 4,000 children.

Census

The 1951 Census of Canada distributes our population of 14,009,429 as follows: British 6,709,685, French 4,319,187, German 619,995, Italian 152,245, Jewish 181,870, Dutch 264,267, Polish 219,845, Russian 91,279, Scandinavian 283,094, Ukrainian 395,043,

Asiatic 72,827, Indian and Eskimo 165,077. 29.5 per cent of Canada's population 2,867,271 are members or adherents of the United Church of Canada.

Great Responsibility

The United Church of Canada had 2,661 Pastoral Charges with 6,320 congregations. Its ministry is carried on in 19 different languages.

St. Paul's Improvements

The Stewards have recently cleaned and varnished the Sunday School floors. The Woman's Association have papered two bed rooms and the front halls as well as caring for the adjacent woodwork at the Parsonage.

Venison and Home Made

A successful mimrod in the person of Elder Harry Brown, of Carmel, saw that a tasty roast of venison was sent to the Parsonage.

A fine Rawdon housewife delighted the Parsonage family with a real loaf of bread. A rare treat in these days.

Apples

A recent visitor from Toronto carried away generous samples of the fragrant "Warren Blush" apples from a Parsonage gift hamper.

Sympathy

The sympathy of St. Paul's is extended to Mrs. Edwin Warren and her family bereaved by the death of her sister, Miss Isobel Dixon, of Frankford.

Dutch Mill

An appeal has been addressed to the residents of Sidney Township by the Dutch Mill Inn and Motel Ltd., seeking support for a dining room licence to dispense beer, wine and liquor to travellers and tourists. It is hoped that electors and Council members will proceed with extreme caution in this matter. The proximity of Trenton and Belleville, where such licences already obtain and the facilities of the nearby R.C.A.F. Station would seem to provide ample service. It has been our observation that only a small percentage of diners drink alcoholic beverages with their meals.

The granting of such a permit apart from moral issues would involve additional hazards on an already over-

loaded highway. Enquiry should ascertain what if any efforts have been made to dispose of this business? Why does the request come after seven years? Where does it originate? There is no indication that it is desired by the people of Sidney. No action should be taken without the endorsement of the electors of Sidney. In view of the trail of crime, misery, murder, broken hearts and homes that follow in the wake of the consumption of wine, beer and whiskey, it might be well for all concerned to think twice at least.

Special Cheese Meeting To Be Held at Belleville

A special meeting of cheese producers, cheesemakers, cheese buyers and any person interested in the cheese industry of Ontario will be held in the auditorium of Queen Alexandra School, Belleville, on Tuesday evening, December 1st, at 8:00 p.m.

The purpose of this meeting is to explain the recent amended Cheese Marketing Scheme and Regulations, and to provide an opportunity for those attending to obtain answers to any questions they may have in mind regarding the past and present system of cheese marketing.

Taking active part in the discussion will be Messrs. W. A. Coon, Chairman of the Ontario Cheese Producers' Marketing Board; G. F. Perkin, Chairman of the Ontario Farm Products Marketing Board; C. E. Lackner, Director of Dairying for Ontario, and J. M. Bain, Chief Cheese Instructor for Central Ontario.

Older Boys' Parliament Rally To Be Held in Stirling

The Older Boys' Parliament is promoted by the Boys' Work Board of the Ontario Council of Christian Education, an Interdenominational body officially representing the Anglican, Baptist, Presbyterian, Evangelical,

Church Anniversary

Mrs. Bert Hagerman, of Eldorado, spent a few days at the home of Mr. and Mrs. Ray Hagerman, while her two-year-old daughter was in Belleville Hospital, where a peanut was taken from her lung.

Mrs. Wm. Simpson and Mr. Roy Simpson, of Pethericks, were Sunday visitors of Mr. and Mrs. Everett Grills. Mr. and Mrs. Milton Hagerman spent the week-end in Toronto with their son, Mr. and Mrs. Roy Hagerman.

Mrs. Alec McMillan and daughter, of Warkworth; Mrs. Cecil Bedell and Gordon, of English Line, were Wednesday visitors at the home of Mr. and Mrs. Joe Grills.

Mr. and Mrs. Milton Hagerman visited their son-in-law, Mr. Chas. Smith, of Aikens, in Belleville Hospital, where he underwent an appendectomy on Sunday.

Several ladies attended the bazaar and tea at Stockdale on Wednesday evening.

Bonarlaw Lady Honoured

The home of Mrs. Elias Spry, of Bonarlaw, was the scene of a happy event on Tuesday evening, November 17th, it being the anniversary of Mrs. Spry's birthday, when the Spry Sunday School entered her home to spend the evening.

Mrs. Spry was taken by surprise as they came in one by one until the house was filled to capacity, ranging in ages from 2 to 80 years of age. The evening was spent in a very sociable manner. Mrs. Spry received many cards and birthday gifts, as well as a purse of money. Mrs. Spry spoke very briefly, thanking one and all for their gifts. She also spoke of the kind Sunday School members and of the many times they had met together in the homes in the past year to carry on their Sunday School. She also wished God's richest blessing to follow them in their good work as co-workers together for God.

The hostess and those assisting, served a bountiful lunch after which each one thanked Mrs. Spry for her kind hospitality. (Madoc paper please copy.)

St. Paul's W.M.A.

Quiet music was the prelude to the opening of St. Paul's W.M.A. which was presided over by the President, Mrs. W. T. Elliott. The short worship service was opened with prayer and the president read the poem, "Give Me Martha's Hands," a selection from one of Patience Strong's books.

Following roll call and approval of minutes, the routine business was dealt with. It was decided to have a Christmas Thankoffering at the next meeting.

The programme period was convened by Mrs. S. Williams and the theme for the service was, "The Church — The Body of Christ." After the singing of a hymn, Mrs. R. A. Patterson led in prayer and Mrs. R. B. Duffin read a Scripture passage from Ephesians.

Mrs. C. Lansing reviewed the Study Book Chapter on "Much Ado," about Literacy and Literature. This chapter described the work being carried on by the natives of the Philippine Islands, and the wonderful results they are attaining.

In connection with the Study Chapter, a short skit was enacted by the following members, Mrs. H. David, Mrs. W. L. Fox and Mrs. M. Ayrhart. This portrayed the great need for suitable literature for those who can read, that the interest they have already shown might be further stimulated. A fitting reading for Remembrance Day entitled, "Crosses," was given by Mrs. P. D. MacMullen.

Baby Band Party

A party for the Baby Band members and their mothers followed the regular meeting. Mrs. S. Demorest presided over a promotion service when five members were promoted to the Mission Band. Mrs. S. Williams closed the meeting with prayer.

The mothers and baby band members were served a delicious lunch by the Auxiliary ladies, and a social period was enjoyed together. Mrs. O. Stapley thanked all who had in any way helped to prepare such a worthwhile meeting.

136th Annual Financial Statement Released By Bank of Montreal

Striking confirmation of the rapid pace of Canada's extraordinary development is found in the Bank of Montreal's annual report to its shareholders and its two million customers. The 136th annual financial statement of the country's senior chartered bank shows all-time peaks in the most important departments, with total resources running to a record figure of \$12,364,000,000.

A most notable indication of the nature and pace of business activity during the past year is provided by the fact that the B of M's total loans have increased by \$145,582,000 and stand at the impressive total of \$857,762,561.

These loans are made "to Canadians of every calling — farmers, miners, fishermen, oil men, lumbermen, ranchers — to industrial and business enterprises and to provincial and municipal governments," according to the report just issued by the local B of M manager, Allan V. Greenley.

His report underlines the fact that the extent of the bank's participation in financing the business and personal needs of its customers is made possible by the record of funds which B of M depositors have placed with its branches from coast to coast. Increased over the year by \$79 million, the

bank's total deposits run to \$2,226,960,000 — the highest figure in the bank's long history. Well over half this money is made up of the savings of private citizens in all walks of life.

Strong Position Maintained

Notwithstanding the greatly increased amount of money which the B of M is lending to its customers, the traditionally strong liquid position of the institution has been maintained, with quickly available resources at \$1,513,000,000 equal to 66.75 per cent of all its liabilities to the public. Of these "quick assets" the most important in size are the bank's holdings of government bonds and other investments amounting in all to nearly a billion dollars.

Earnings and taxes both showed increase for the bank's year which closed on October 31st. After allowing for a tax-bill of \$6,650,000 — up from \$5,918,000 in 1952 — the B of M reported earnings from the operation of its 600 branches of \$7,042,676. Of this amount \$5,040,000 is being paid to shareholders. This represents a return of 5.21 per cent of their investment, compared with 5.01 per cent last year. The bank's rest account was further strengthened and now stands at \$60,000,000.

Corner Stone Laid For C.N.I.B. Service Centre

Many friends of the Canadian National Institute for the Blind gathered in front of the Quinte-St. Lawrence District Residence and Service Centre for the Blind, now under construction on Union St. West, Kingston, at 3 p.m. on Monday, November 16th, to witness the laying of the corner stone of this building. This Centre will serve the needs of the more than 420 blind persons resident in this six-county district. The gathering was truly representative of the district in that not only Kingstonians were present, but Board Members and campaign workers from Trenton, Belleville, Picton, Napanee, Gananoque, Brockville, Prescott, Athens, Elgin and other centres. With the exception of Prince Edward County, the Advisory Boards in the other five counties have already carried on campaigns to raise funds for the erection of this building, and some of the counties have exceeded their objectives. The Prince Edward County Advisory Board will hold its canvas in March 1954.

W. M. Nickle, Q.C., M.L.A., was asked to introduce the guest for the occasion but, before doing so, he paid tribute, not only to all of the campaign workers, but to those who gave them leadership, especially Lieut.-Colonel E. A. Baker, who lost his sight in World War I. He stressed the fact that Eddie Baker is a native of this district, having been born in the southern part of Lennox County, near Bath. Mr. Nickle then introduced the Honourable W. A. Goodfellow, Minister of Public Welfare for Ontario, who laid the corner stone. In his brief address, Mr. Goodfellow referred to the outstanding work of the Canadian National Institute for the Blind in rehabilitating handicapped persons, and said that this building would enable the organization to do a better job.

Col. E. A. Baker also spoke briefly, thanking all those whose combined efforts on behalf of their less fortunate fellows were making this Centre possible.

Rev. A. M. Laverty, an officer of the Kingston-Frontenac Advisory Board to the C.N.I.B., opened the proceed-

ings with a special invocation and closed with the benediction. A. Wilson of the architectural firm of Stanford & Wilson, Toronto, and Logan V. Gallaher, of Kingston, who has given his services as consulting architect without charge, participated in the corner stone ceremony, as well as T. A. Andre, head of the firm of T. A. Andre & Sons, which has the building under construction.

which reads "but for the Grace of God."

The greatest miracle is the remarking of a human life — the changing of a man's relation to God and himself.

In one square mile in Chicago, there are 30,000 homeless men. "Alcoholics Victorious" is the name of a Mission now serving this area.

The church has not given teen-agers the bulwark of safety they have a right to expect.

An Ontario Cabinet Minister will not have liquor in his home or in his party councils.

There are 49,000 serious cases of alcoholism in Ontario and 250,000 in Canada.

O.T.F. films and speakers are reaching schools, society meetings, logging and mining areas and churches throughout the province.

The gift of fifty dollars provides a film, which is sent out with the donors inscribed. (A leading citizen of Stirling has made one of these films possible).

Do Something

Concluding his address Dr. Johnson said a Christian must not be content to ask merely how and why but to do something. Jesus said, "this spirit of the Lord is upon me, because he hath anointed me to preach the gospel to the poor; he hath sent me to heal the broken-hearted, to preach deliverance to the captives, and recovering of sight to the blind, to set at liberty them that are bruised." The poor, the broken-hearted, the captive and the bruised are found in the wake of the liquor traffic, he declared.

A special offering was received both at St. Paul's and Carmel for the work of the Ontario Temperance Federation.

Royal Choir

The Royal Choir sang as its selection the following:

Who ever heard of a poor old horse
That had to go reeling home,
Because he had taken a drop too much
Of somebody's poisoned rum?

Who ever heard of a drunken cow?
Or even a tipsy rat?
Or who ever knew of a nice old puss
That was not a temperance cat?

No, each of the creatures God has made,
On earth, in sea, in air,
Needs nothing more to quench its thirst,
But water pure and fair.

So, when we are great, big, grown up folks,
And while we are children small,
We'll have as much sense as the dogs and cats.

Or we will not drink at all.
St. Paul's Choir interpreted, "O Come To My Heart Lord Jesus." Mr. Jack Bush was heard in a lovely tenor solo arrangement of "The Lord Is My Shepherd."

Flowers

The church was unusually rich in floral beauty due to the thoughtfulness of Mr. and Mrs. Carleton Wright who graciously shared the lovely flowers received at the Golden Wedding Observance with the Church.

Madoc Visits Stirling

Statesman Rev. Albert Johnson was followed by the Rev. J. Fred Lane, Minister of the Madoc United Church, when the Centennial evening service was held at St. Paul's. With prophetic urgency he pressed for an answer to Saul's question in every level of life, business, social, educational and spiritual: "Lord what would Thou have me to do?" The text, Acts 9-6 indicated the complete surrender of Saul to Christ.

Men who can be Christians, in sentiment but not in their thinking — in their homes but not in their business — lacked completeness. Paul could do nothing by halves. Harry Drummond's recipe was a half hearted Christian.

Action

Genuine life, Mr. Lane asserted, demands action. God's highest thought was put in action in Jesus Christ. Too many used worship as a lightning conductor for religious emotion that it might pass harmlessly away instead of harnessing it to purpose — action. Paul put his whole life at the disposal of Jesus. Everything he had in the

Saul life was flung into the melting pot to be run into the Paul moulds reshaped by Jesus Christ.

Christ in our souls must find an outlet in action. A man's daily calling must be the expression of his Christian life.

Appeal

Mr. Lane closed his great message with the declaration that the choice of one's work should not be determined by the profit or money to be made and the quality of one's work should never be determined by the wages. The compulsions of life must be accepted as God's calling. Find in your work a sacred calling and a means of expressing it, he counselled. The preacher seeks to cleanse society, he concluded by creating a conscience. In presence and message, Mr. Lane exemplified the office of the Prophet.

Praise

The Madoc Citizens' Band played before the service opened, "Peace," "Adoration," "The Lord's Prayer" and the Centennial Theme Hymn. At its close the Band played "Guard's de Coeur." Extra selections were played to satisfy the large congregation which was reluctant to leave. Mr. Wm. Aylsworth was the Bandmaster.

The United Church Choir, directed by Mr. Ivor Hughes with Mrs. E. Reid at the organ ably interpreted two anthems, "Great and Marvellous" and "Seek Ye The Lord." The pleasing, resonant voice of Miss Ann Nickle was heard in the solo part and obligato of the second anthem.

Tennyson's, "Crossing the Bar," was a grand ministry in part singing, sweetly blended by the Madoc Male Quartet Messrs. Ivor Hughes, Wm. Aylsworth, Robert Wigle and Harold Brintnell.

Social Hour

The Official Board was host to the visitors in the after service hour when the Male Quartet again sang and a beautiful cornet duet was played by Messrs. K. C. McKay and Wm. Aylsworth.

Clerk of Session Geo. Carlisle expressed thanks to all at the close of the service in the church. Mr. Harold Brintnell expressed thanks on behalf of Madoc for St. Paul's hospitality which was acknowledged by Recording Steward Harold Hagerman. The after meeting closed with "Blest Be The Tie" and the Mizpah Benediction.

The Centennial Year will enter its third quarter next Sunday.

WHEN YOU NEED A HOSPITAL!

When you need a hospital, you need it in a hurry. When illness strikes, a hospital is often necessary if life is to be saved. Yes, when you need a hospital you can't wait until a hospital bed becomes available. One must be ready and waiting for your urgent needs. Life may be at stake and it must be saved.

If you want your family to have the best possible medical care, you have probably invested in a hospitalization plan. But the best plan in the world can only pay hospital expenses. It cannot produce a hospital bed if one is not available.

Belleville General Hospital, which has helped so many, now needs your help. Serious overcrowding has created a critical bed shortage. Give now to Your Hospital Building Fund so that a bed may be there when you need it.

County and City population has expanded greatly during the past fifteen years and more people than ever before are using your hospital. But the Belleville General Hospital, built for a population half the size, is badly overcrowded and finding accommodation for even emergency cases is often difficult.

Your contribution, large or small, is needed now to help provide the \$1,250,000 needed to add 100 new beds if this vital community health centre is to be ready for you and your family when you need it.

Hello Homemakers! Nearly every one likes sausage and bacon for breakfast, dinner and supper. During the winter these meats are particularly appetizing and may be prepared in a variety of dishes. Yet there are many homemakers who serve bacon or sausages in "the same old way," that is, fried and often fried to a cinder.

With the modern methods of curing and packaging of bacon and sausages these meats should be cooked using moderate heat. If you have a modern cooking appliance you'll find that sautéing these meats continuously on Low heat will give you more servings per pound and a more digestive food.

TAKE A TIP

1. Place sausages, sausage meat cakes or strips of bacon in a warm skillet. Keep heat low and turn in 10 mins. Allow 15 to 20 mins. to cook, depending on whether meat is taken directly from refrigerator or has been at room temperature for ½ hour.
2. If sausages have the new-type casing, prick each with fork and pour one-quarter inch of hot water in pan. If sausages are not in casing do not prick or add water.
3. Always drain sausages and bacon on absorbent paper for 2 or 3 mins. before serving.
4. Serve these meats on hot plates.

Upside Down Sausage Pie

- 1 lb. sausage meat
 - 1½ cups sweet potatoes (mashed)
 - 1-3 cup orange juice
 - 2 tps. orange rind (grated)
 - 1 egg (beaten)
 - ½ tsp. salt
 - 1 tps. sausage dripping
- Brown sausage meat (loose or in patties) and drain. Combine mashed sweet potatoes, orange juice and rind, beaten egg and salt. Place browned sausage meat in bottom of a deep pie plate (8 inches). Spread with sweet potato. Sprinkle on sausage dripping. Bake in electric oven of 375 degs. for 30 mins. Invert on hot platter. Serves 6.

Nutri-Thrift Menu: Upside Down Pie, Boiled Savoy Cabbage and raw turnip sticks. Fruit Dimples for dessert and coffee.

Sausage Supper Dish

- 1 lb. pork sausages
 - 1 can green beans
 - 4 or 5 slices toast
 - ½ cup cheddar cheese (grated)
 - 1 cup white sauce
- Place sausages in skillet with 1-3 cup boiling water. Cook 10 mins. on Medium. Drain off any water and cook on Low 15 mins. Make white sauce of 1 cup milk, 2 tps. flour and 2 tps. dripping, then add cheese. Heat beans. Make toast. Serve beans on each piece then cheese sauce and top with sausages. Serves 4 or 5.

Nutri-Thrift Menu: Tomato Juice, Sausage Supper Dish. For Dessert apple sauce and gingerbread with tea.

Teenagers' Treat

- ½ lb. side bacon
- 1 dozen weiners
- 1 dozen weiner rolls
- 1 lb. natural cheese

Slit the weiners lengthwise half-way through. Tuck a strip of cheese into each then twirl a strip of bacon around each, securing each end with a toothpick. Place in a shallow baking dish. Heat in a pre-heated oven of 350 degs. for 25 mins. Place the bag of rolls in the same oven on edge, if necessary. Then remove toothpicks and tuck weiner in each roll.

After-the-show treat: Teenagers'

Treat, broiled Marshmallows and Hot Chocolate.

THE QUESTION BOX

Mrs. C. L. asks: Can bacon and eggs be cooked in rangette oven?

Answer: Yes, cook bacon and eggs in rectangular casserole or similar baking dish. Place strips of bacon in pairs and cook 10 mins. at temperature of 375 degs. Open an egg over each pair then baste with dripping and return to oven. Cook until whites of egg are set.

Miss L. B. asks: Is it necessary to cook sausages before wrapping in pastry to prepare as Pigs in Blankets?

Answer: Yes, otherwise the food will be greasy. We prefer to use sausage meat and cook 15 mins. on medium or low then drain off the fat. A good mixture is ½ lb. cooked sausage meat, 3 tps. applesauce, 1 tps. minced onion and 1 tps. milk blended well and placed on 4-inch squares of pastry dough. Roll up each square and pinch the ends of the rolls. Bake on baking sheet in pre-heated electric oven of 400 degs. for 20 mins. Makes twelve.

Mrs. E. R. asks: Please describe 2 or three supper dishes that can be cooked in about half an hour using a hot plate?

Answer: Asparagus and Egg: Heat a tin of asparagus tips on one element. On other use double boiler and cook eggs in shell for 12 mins. in lower part. Meantime heat condensed cream of chicken soup in top part. Shell eggs under cold running water and slice. Place asparagus in casserole. Add part of cream chicken soup, then thick sliced eggs, then pour on remainder of soup. Prepare tossed salad to complete first course.

(2) Savory Beef and Rice: Melt 4 tps. butter in skillet and stir in 1-3 cup chopped green pepper, 1 sliced onion and ½ lb. minced beef. Cook 10 mins. Add contents of a package of quick cooking rice, 2 tps. salt, 1-3 tsp. pepper. Stir in 3 cups canned tomatoes. Cover and cook about 15 mins.

Note: Serve cream chicken soup as first course, then Savory Casserole.

(3) Jiffy Tuna Casserole: Into a saucepan with an inch of boiling salted water add half savoy cabbage (washed and cut in 4 or 5 wedges). Boil 10 mins. On the other element heat 1 can condensed tomato soup and a can of drained tuna fish. Season with a dash of pepper and 2 tps. sherry if desired. Drain cabbage and season with 1 tps. butter and dash of nutmeg. Arrange around sides of casserole and pour creamed tuna in the middle.

Note: Make heated soup and tuna in top of double boiler and a can of lima beans in lower part with additional water on them to complete a hearty meal.

Large Number

of Hunters Questioned

At Checking Stations

A good cross section of opinion on the recent deer hunt has been obtained from returning hunters during the

past two week-ends. Three road checks were operated by the Department's Fish and Wildlife Staff in the Tweed District, as reported last week, and preliminary figures show that approximately 32% were successful. This is about the same as last year.

At the two southern checking points, Millbridge and Kaladar, some 2281 hunters were questioned, with a count of 749 deer. Roughly 35% of the animals were fawns. Accordingly to District Biologist H. G. Lumsden, who is compiling figures, the evidently large fawn crop may be accounted for by the fact that last winter was exceptionally mild and no adverse weather occurred in the spring which otherwise might have increased mortality. However Lands and Forests Officials noted that some of the fawns were very small and light and if the coming winter is anything like normal, it is more than likely many small animals won't survive.

Strangely enough, in spite of the reports of numerous bears circulating in the district this fall, no more than usual passed through the checking station. Shooting accidents showed a decided drop. Only one accident was reported in the district during the two week's hunt, the best season on record according to local officials.

Whitefish Spawning

Operations Underway

First Whitefish egg collections from the Department's pound nets in Hay Bay were made on November 12th, according to Hatchery Manager A. B. Brown at Glenora. By the end of the week a total of slightly over 5 million eggs had been obtained including spawn collected by commercial fishermen who are co-operating in the project. Hatchery Officials were of the opinion that water temperatures were still too high for good results and looked for increased production with colder weather.

Rangers Ready For

Scaling Season

Rangers are busy these days completing fire reports, checking over tools and equipment ready for winter storage and inspecting woods operations which are now underway at a number of points in the district. So far there has been little scaling activity. Indications are that logging operations may be slightly down this year, with observance of new diameter limits and management practices established under the Crown Timber Act.

University Women's Club Meets At Belleville

On Thursday evening Mrs. D. I. MacKinnon, president of the University Women's Club of Belleville and District, was hostess to the Club members at a reception held at her home, 193 George St., Belleville, in honour of Dr. Martha Law, of Toronto, president of the Canadian Federation of University Women.

At seven, o'clock forty-eight sat down to a delicious chicken dinner at the New Queen's Hotel. At the head table were Dr. Law, the present executive, and past presidents, Mrs. W. J. Doyle, Mrs. A. C. Locke, Mrs. R. A. Pringle and Miss Eric Grout.

During the short business meeting twenty-four dollars was voted for the Relief Fund of the International Federation of University Women. It was also decided that the Christmas party for members should be on the second Thursday in December. Mrs. MacArthur will be in charge of the programme, Miss Milda Dandaneau, or Miss Mary Doyle, the membership committee, will be happy to hear from any new members wishing to attend.

Following the dinner, the party adjourned to the home of Mrs. R. A. Pringle on the Trent Road for the pleasure of hearing Dr. Law.

A charming and able speaker, with the cause of the C.F.U.W. sincerely at heart, Dr. Law held the intense interest of her listeners from beginning to end. Since she had this summer attended the conference of the I.F.U.W. in London, England, and the conference of the C.F.U.W. in Winnipeg, and had just completed a tour of the University Women's Clubs of Western Canada, Dr. Law had many items of amusing interest and of serious import to relate. The C.F.U.W., she reported, now has eighty member organizations, and is rapidly growing to be one of the largest women's organizations in Canada.

The main purpose of the University Women Clubs, she stated, should be the raising of scholarships to help high school women graduates on to university. At present, forty thousand dollars is raised every three years across Canada for this purpose.

The C.F.U.W. makes an annual grant of \$350 to a travelling library to reach some remote part of Canada. This library van is now in the Prince Albert area.

The C.F.U.W. also pays the dues to the International Federation of Uni-

versity Women so that each member of a U.W.C. is also a member of the I.F.U.W. which includes members from thirty-two countries.

Dr. Law clearly explained the organization and the aims and hopes of the C.F.U.W. to give a deeper knowledge of this body and a wider horizon in the minds of the audience.

In conclusion, Dr. Law stated, "Every woman who has had the privilege of a university education should feel it her loyal duty to belong to a University Women's Club, to give leadership in her community, and to assist in all cultural pursuits."

After a lively question period, Mrs. Douglas Burr, immediate past president, graciously thanked Dr. Law for the inspiration and the pleasure of her visit to the Belleville Club, and wished her every success in her coming tour of visits to each of the University Women's Clubs in Eastern Canada.

Stirling members present were Mrs. G. Bailey, Mrs. R. R. Bonsteel and Miss L. Lee.

Brockville Minister Accepts Call To Burnbrae

Minister at the First Presbyterian Church, Brockville, for the past 15 years, Rev. Dr. Henry Cousens has accepted a call to the Presbyterian Church in Burnbrae, about ten miles northwest of this village. Dr. and Mrs. Cousens and their family will leave Brockville on November 30th.

A former moderator of the Synod of Montreal and Ottawa and head of the Presbytery, Dr. Cousens was honored in Montreal in 1949 with the honorary degree of doctor of divinity.

Blue Letters On White For 1954 Car Plates

Ontario 1954 motor vehicle licence plates have a white background and blue lettering, a color reverse of the 1953 plates, J. P. Bickell, Registrar of Motor Vehicles announces. Licences go on sale January 2nd, next, in all parts of the Province.

This year, Mr. Bickell reports is a record in all branches of registrations. Passenger vehicle licences have already gone over the million mark for the first time in history with 7,081,770 issued up to October 1st, and the total at that time for all classes of vehicles was 1,359,417 — compared with a total of 1,305,076 for the complete year of 1952.

Beverage Rooms Rejected In Tweed Village

For the third time, citizens Tweed went to the polls Wednesday last, and turned down beverage rooms in the village. Ted Courneya of Tweedsmuir was seeking a licence men's and women's beverage room and a dining-room liquor licence. The margin against beverage-rooms was even more pronounced than in 1951 when the last vote was taken there.

The "wets" obtained 55.7% of votes for a men's beverage-room, the required 60% for repeal; the vote was 54.3% for women's beverage rooms; and those supporting a dining lounge polled 58.5% of the votes cast.

THE OPENING OF SANTA CLAUS VILLAGE

Except for Santa Claus himself, the photographer was about the busiest person around at the recent opening of Santa Claus Village at Val David in the Laurentian Mountains north of Montreal. Filled with the joyous spirit of Christmas, the enthusiastic cameraman recorded the following scenes showing (1) Santa Claus arriving at his new home via a modern helicopter rather than the proverbial reindeer; (2) nine-year-old Marcel Thoun, grandson and official representative of Montreal's Mayor Camille Houde, presenting the keys of the new Village to Mayor Beaulieu, of Val David; (3) Santa Claus and some of his little helpers being welcomed to his new home; (4) a llama from the slopes of the Peruvian Andes, one of the many animals which roam freely through the Village, attracting almost as much attention from young visitors as Santa Claus himself; (5) Santa Claus' own house, one of the many attractions in the Village; (6) the jolly old gentleman himself enthralled by one of his many friends; (7) two of the bear cubs revelling in their specially built pit which, when illuminated at night, resembles a giant birthday cake; and (8) the Chapel of Saint Nicholas which contains a crib reminiscent of the first Christmas.

ISABEL MARGARET DICKSON

The sympathy of the community goes out to Mrs. Edwin Warren, of this village, in the loss of her sister, Miss Isabel Margaret Dickson, R.N., of Campbellford, whose death occurred in Belleville General Hospital, on Saturday, November 21st. She was in her 43rd year and had been in failing health for the past two years.

The deceased was born in Campbellford, daughter of Mr. and Mrs. Gerald Dickson. She lived most of her life in Ottawa and Frankford, returning to Campbellford three months ago.

She is survived by, in addition to her parents, one brother, Hampton Dickson, Hamilton, and two sisters, Mrs. Ed. (Jessie) Warren, Stirling, and Mrs. Peter (Betty) Robertson, of

Vancouver.

The deceased was a graduate of the Ottawa Civic Hospital school of nursing and was a past president of that hospital's Nurses' Alumnae Association.

She was a member of Chalmers United Church, Ottawa.

The funeral was held Tuesday afternoon from the Rowe Funeral Home, Frankford. Interment Frankford Cemetery.

The funeral was conducted at Frankford United Church on Tuesday afternoon by Rev. C. E. Clark, assisted by Rev. R. McEachern.

The pallbearers were Messrs. Mervin Dufosse, Arnold Stickle, Ernie Wallace, Delbert Badgley, R. D. McDonald and W. A. Kingston.

Mrs. T. Donnan and Mrs. Blanche Reid spent the week-end in Belleville, guests of the latter's brother, Mr. Geo. Kingston, and Mrs. Kingston.

Mr. and Mrs. Orrie Seeley, and Peter, of Stirling, and Mr. and Mrs. Leslie McKeown, and son, Gerald, of Foxboro, spent several days in Mindemoya, Manitoulin Island.

MRS. MABEL GERALDINE SCOTT

Mrs. Mabel Geraldine Scott, Frankford, R.R. 2, 6th Concession of Sidney Township, died suddenly at her late residence on Tuesday. She was in her 46th year.

The deceased was born in Rawdon Township, the daughter of Mrs. Cora Mae Faulkner and the late Mr. Faulkner. She lived in Stirling prior to moving to Frankford seven and a half years ago.

She is survived by her husband, John Scott, and two sons, Gerald, of Niagara Falls, and Blake, of British Columbia.

Also surviving her is one brother, Edwin Faulkner, of Belleville.

The deceased was a member of Scott's United Church and Uniondale Women's Institute.

Resting at the Rowe Funeral Home, Frankford.
